Father Which Is in Heaven:

"In Right and Proper Exchange of Information there is but one conveyance in Right and Proper Order of Divine Expression.

**The Divine manifests in multiple ways, in multiple cultures.
It is each unto its own way of perception.**

It matters not what others may say or think, it matters always only that which is Divinely Appointed each day.

It was Given unto your perception,
Right and Proper Orderly Progression
of Divine Nomenclature each and every day, step of your way.
Those who transpire to subvert your words and direction
shall Penalty pay,

for that which is Divinely Authorized Nomenclature,
subsides, subsists in Grand and Glorious Scheme.

Let no man put asunder that which is Divine in Nature.

As to exact literal translation, there can be none.

**It is, would be, a departure from that Divinely Authorized
Conveyance should you undertake to do so.**

Yes, the gist would remain intact, however, the nuances,
reflections, inflection would no longer convey the subtle
multidimensional unrefracted Nature.

It is by Divine Appointment this Conveyance comes
in your time, in your way.

**Let not those who would put asunder Direct Divine Conveyance do so, at
Penalty of perjury of Divinely Authorized material."**

nomenclature: system of names used as a science or art

transpire: seek to bring about

subvert: ruin, corrupt

subsides: descends

subsist: as means of maintaining life

asunder: separate into pieces

perjury: voluntary violation of an oath to tell the *Truth*

oath: a solid appeal to the Divine to witness to the *Truth* of a statement or the sacredness of a promise.

The Penalty He has clearly outlined for subverting this material is not something that would be implemented on an individual level, but by Universal Law. This carries its own retribution.

To those who would scoff at this, thinking themselves immune to Universal Law, we can only say, please be aware that these are not empty words. Ignoring Universal Law and the Father's Way does not bring absolution from the consequences of one's actions. Anyone focused on the Father Knows the Truth of this.

This is a free e-book. You may freely distribute this material and file only in its complete and unaltered format. This includes printed material. All material shall retain the "In Divine Service" notice and the Words that Father has Spoken regarding His Authority in Universal Law for the Protection and retribution of violating His Word.

Side note by Martin

The Father Which Is in Heaven referred to in all of the material Linda and I have created is the Father Jesus taught us to pray to in the Lord's Prayer. 'Living God,' 'Father Within,' and 'Father' are used interchangeably and refer to the same Father Which Is in Heaven.

Please take note that the concepts we have "inherited" in regards to Who and What the Father Is, His Desires, Goals, and Aspirations, as well as how He Manifests on Earth and in Humanity are very limited, constricted, and quite frankly suffocating. Please do give yourself room for expansion in this regard and do not be put off by the use of this terminology. The information contained in this book is neither patriarchal, religious, spiritualist, scientific, dogmatic, atheist, shamanic, new age, worldly, alien, nor any other modality. It just Is what it Is.

Also be aware that while there is only one Father Which Is in Heaven and no one else can "claim" this Name, the words 'god,' 'father,' and 'lord' in and of themselves seem to not carry this type of restriction. Therefore, unless one makes it clear that the use of words such as 'God,' 'Living God,' or 'Father' specifically address Father Which is Heaven, it is possible for any number of entities floating around with a 'god' or 'lord' complex to answer the call.

That this is not an issue to be taken lightly is shown for example by the vast numbers of people throughout history who have gone to war, plundered, and taken human life presumably under 'god's' direction as well as by the number of people who still subscribe to this day to the divinity of such guidance. It is also shown by the vast number of people who deny, sacrifice, and flagellate self or others in the name of 'god.' Father Which Is in Heaven would never incite such actions. He has made this very clear to Linda and I again and again.

Obviously, there is a great need to be very Discerning in this matter and while it would be easy to get lost in terminology and arguments, this is really a matter of the Heart and of Intention. For the western or 'christianized' mind, the term 'Father Which Is in Heaven' together with the refinements included in this book can be a helpful aid to hone one's Heart and Intention in the right direction.

I specifically say 'western' or 'christianized' mind because Father has Conveyed and made it very clear to us that:

*The Divine manifests in multiple ways, in multiple cultures.
It is each to its own way of perception.*

And while different cultures do have different terminology and ways of relating to the Father, it is the case that all those who successfully commune with the Divine share common traits such as Harmony and Oneness with Nature, Peaceful disposition, Respect of Self and others, and Sovereign Expression. To these cultures and people the notion of destroying, killing, debasing, conquering, subduing, converting, ruling, dominating, or profiting from their fellow men and Earth is incomprehensible and alien indeed.

Whatever you do and whichever way you Honor and Develop your Relationship with the Divine just remember that Divine Answers Respect all Living Things and that the Divine isn't engaged in any battles.

Something else that needs briefly explained is the convention we adopted to capitalize certain words that have various, and often times opposing, meanings and therefore are prone to being misinterpreted or misused because of this. In short, when we capitalize words within a sentence we do so to specifically refer to the 'healthy' and thus benevolent interpretation of these words that supports a Life and Sovereign Expression Harmonious with Creation and the Good Will and Intent of the Father Which Is in Heaven. When we write the same words without capitalization we do so to denote the misunderstandings associated with these words.

For example, in our writings, lower case 'l,' love, refers to the common misconception that associates this 'love' with sexual passion (which is a word derived from the Latin word 'pati' which means 'to suffer'), sexual arousal, and / or physical attraction and requires such things as putting others first, attachment, control, self denial, (self) sacrifice, compromise, duty, etc., etc..

Capital 'L,' Love, on the other hand, refers in our writings to a Feeling that Elevates, Respects, Cares, Appreciates, brings Well Being and Comfort, and supports such states of expression as Health, Humor, Kindness, Peace, and Benevolence. An experience that is innate to our Being or Who We Are and is independent of others although its expression in us may be facilitated in their presence just like being in Nature facilitates us getting in touch with our inner Peace.

Similarly, little 'p' play denotes doing things in the way of the world and from the perception of the world. It includes slabor, fighting, resisting, profiting, ruling, destroying, abusing, killing, warring, saving, converting, and trying to defeat or overcome the 'bad guys,' whoever they may happen to be at any given time, so we can be 'safe.'

While, big 'P' Play indicates what we came here to Earth to do: Play in Father's Garden in a Light Hearted, Respectful, Joy-full, Constructive, Edifying Way through which we manifest our Divinity and expand our experience, KNowledge, and Understandings of Creation and Father Which Is in Heaven's Good Will and Intent for us.

As you can see, this convention, while seemingly simple, is of utmost significance to facilitate a Proper interpretation of our writings.

Obviously we can't nor haven't applied this convention to every word we use for that would be too cumbersome. Neither does this convention apply to proper names, though many times we purposely 'downgrade' a proper name to lower case to emphasize the point we seek to convey.

Occasionally we may miss a capitalization, however the concepts being conveyed within the sentence and paragraph will make it perfectly clear whether we are referring to the 'unhealthy' or 'healthy' meaning of the word.

Before it can happen

032212

Because physical / tangible Abundance is an external manifestation / expression of our Inner Wealth and Faith, before the unrighteous / unholy can thief it, they have to trick us into allowing them to destroy / steal / squander our inner Wealth and Faith or trick us into simply giving our Abundance / resources / Current Sea to them.

Hence their relentless efforts to demoralize, dis-empower, and shame us, make us think we are worthless, bring sickness and malfunction to us, trick us into leaning, and get us to accept there is nothing we can do about it, because after all, they claim to be our "gods" / superior / masters.

School, religion, mercantile game, debt, rules and regulations, wars, movies, books, music, and the news are all but a means to accomplish this trickery. Just listen to the words / see the action and you will recognize this as a self evident fact.

That is to say

032312

That is to say, to stop the pilfering / thievery / destruction committed by the unrighteous - unholy, one must simply wake up from the spell, withdraw one's permission and tacit / active participation in the deception, and re-turn to Father's Kingdom.

It is just that simple. No wars, no fights, no enemies, no battles, no winners, no losers, no competition.

Simply make the choice and begin to do it differently.

*Your lesson in this,
is to perceive not with the eyes of the world,
but to Know that the Father is Sovereign
in all matters great and small.*

*Recognize what Faith is not,
replace it with Faith
without condemnation.*

Have Faith in the man you are.

When doubt comes creeping in: have Faith.

It is time to rise from the death and destruction.

Hold fast to your Faith.

Your table

032412

In my "More Correctly" entry, we learned that:

*It is your Father's Good Pleasure
to give you the Kingdom
includes the food on your table.*

To better understand how this becomes a Reality, I will make a reference to three entries made by Linda in her RoseNoel ¹ Blog. The first one is:

Setting the Table ²

Pure Sun Shine !

Father recently clarified a misperception purveyed in many "modern" teachings, which is that if we work hard and get most of the way, we'll be "granted" success in our Spiritual Journey – that last bit is unnecessary to "tend to".

Father said it is like we have been eating at a table set by someone(s) "other" and the table has been mostly cleared, but trash and garbage are still strewn on the table.

We must completely clear the table so it may be set anew with Pure and Sparkling settings.

Father has said He will prepare our table before us, but the table must be made ready.

With pure blue skies and sparkling SunShine !

Your table - second reference

032412

Here is the second reference from Linda's RoseNoel Blog:

to clear the table³

Turquoise blue !

What is it to clear the table ?

It is to be aware of every thought and emotion that is not Divine that you experience and to take it to the Altar of Divine Love and Power to be exchanged for Truth.

It is to recognize the thoughts and emotions that are not Divine are NOT you.

It is to recognize the beauty you are and choose Right Action, even when deception tries to act through you.

With balmy days and moonlit nights !

³ <http://bluestarway.com/rosenoelblog/index.php?post/2012/03/02/to-clear-the-table>

Your table - third reference

032512

Here is the last reference from Linda's RoseNoel Blog I would like to quote to help us understand what needs to happen before Father can place "food on our table".

a full glass or empty table ⁴

puffs of white on blue !

Recently, in my blog entry titled setting the table, I touched on a modern deception that tells The People, "Just get most of the way and "god" will do the rest".

Father had told me the table must be cleared. That is, a new table can't be set on the garbage / debris of the old set(ting). You could also say, you cannot pour a glass of juice into a glass full of water. You must pour the water out. If you leave "just a little" water, the juice is no longer "pure". The glass cannot be "filled" with pure juice when any old water remains.

So it is with The People.

- A Person must empty the deception completely.
- The state of "emptiness" is empty. No feelings of a Divine Nature. No deception. (This is the state aspired to in some eastern teachings).
- But, a Person is not "designed" for emptiness. The People are "designed" to express feelings of Joy, Peace, Love, Power. These are the "music" of their Being.

⁴ <http://bluestarway.com/rosenoelblog/index.php?post/2012/03/10/a-full-glass-or-empty-table>

-
- When a person has become completely empty, all those Divine feelings they have asked fill the space, can immediately begin to "manifest".
 - This is the point of Truth.
 - This is when Purity of Expression in Truth begins.
 - This is the start of All Righteous and Holy expression, that is, to Know One's Self.

With SunShine and balmy blue breeze !

Thank you Linda for sharing this Wisdom.

For this entry, I would like to quote one of my earlier entries for it helps bring what we have been learning about Faith, Desire, and Current Sea into perspective.

Feelings, Abundance, and the Kingdom

By Martin on Tuesday, November 23 2010

I thought it would be fun to share the relation between Feelings, Abundance, and the Kingdom by quoting from our sci-fi book "Heliotropos: Toward the Sun".

Linda and I both differentiate between Feelings and emotions. Emotions are sensations such as fear, anger, and so on. These emotions are of unrighteous – unholy origin and thus allow shades and shadows to take control over People. When we engage in emotions, we are playing in the game of the unrighteous – unholy.

Separate from this are Feelings. Feelings are a natural expression of our True Nature and they are Love, Joy, Peace, Abundance, Harmony, and so on. To choose Feelings is to choose our True Nature and to stop the play.

With this little clarification, let's quote:

"From what you have just said, it appears there is a difference between me as a vaporous body and the thoughts of the physical body. Is this accurate?" Showay asked sensing the answer that he was about to receive would help explain why, no matter how much he had tried to control, purify, change, alter, and heal his thoughts, his experiences remained painful and his thoughts distorted.

"Showay, you are near Divine Truth. It is indeed the case that thoughts do not form your experience. **It is in fact your feelings from which all Goodness flows. The events of your life flow from your feelings,** rather than the worldly teaching that your feelings originate in the events."

"So what you are saying is that, if I focus on the feelings that I want to experience, rather than on the thoughts that I want to have, I will be able to bring change to my life?"

"Yes, **let the feelings that speak of your Divine Nature nourish and support your journey toward a Greater Awareness.** Welcome from Within the Divine feelings of Harmony, Joy, Peace, Love, Power, Abundance, Health, and Wholeness and you shall see a change for the better."

"Abundance?" asked Showay, "What does Abundance have to do with spirituality?"

"More than you think. No good or purpose, is served when you wallow in the depths of despair which the experience of poverty brings. You enter not the Kingdom from the depths of despair. It is from the heights of human expression you climb to the heights of human endeavor."

"But we are led to believe that all great masters achieved their awakening in the desert, or while experiencing the depths of despair," said Showay almost defensively.

"Your Honor and Virtue count for nothing when not used in Divine Service. When used in Divine Service, it is Right and Proper to seek and receive abundant Exchange of your Endeavor. Think not that the masters in destitute poverty prevailed. **We talk not of attachment to mortal things. We talk instead of 'abundant living' which is the symbolic representation of your inner condition.**

To prevail upon your Endeavor, you must be free of your attachment to the belief that poverty is sign of spirituality.”

In perspective

032712

In the "Unconventional Wisdom Series", I spoke of the relationship between Abundance, Current Sea, and moisture.

In this current series, I have been talking about the relationship between Current Sea, Faith, and the physical manifestation of our Desire.

When you combine both series, it becomes apparent that certain environmental conditions facilitate the expression of our Faith, while others, hamper / interfere with it.

Concurrently

032812

Concurrently to the recognition that the external environment in which we live can facilitate our capacity to give physical manifestation to our Desire, is the recognition that, as we restore our Desires to Truth and strengthen our Faith, our increasing inner wealth improves the condition of our surrounding environment.

Food in the desert

032912

I have mentioned before, that in a radio interview by Blue Otter, it was explained that certain Native Americans can grow food in the desert without the need for irrigation. During this interview it was also explained that People within the community could also know who was making improper spiritual choices by keeping an eye on the crops planted by each individual. If the crops were failing, then that was an indication of spiritual "malpractice" / squandering of resources / leaning.

This is a tangible example of how our choices affect our life and our capacity to live in Abundance.

In a nutshell

033012

To be surrounded by Abundance and Wealth, one must first be able to welcome within the raw material that gives it substance. This is an individual process of Creative Expression.

Brief vacation

041212

As Linda wrote in her blog, we are up and running again after a brief vacation. The frequency of my entries my still be a little far and in between until I Discern my next topic.

Today, I would like to quote one of my previous entries to close this part of the "Unconventional Faith" series.

Sanctuary

Monday, October 11 2010

You may remember from the posting "Sunrise Prayers ⁵" that Father spoke about asking for solitude and sanctuary of our Greater Endeavor in Prayer. Having expounded on my understanding of solitude [refer to "Make your own kind of music – part 2 ⁶"] it feels appropriate to take a look at the word "sanctuary".

In exploring the word "sanctuary", I came to the following understanding.

Sanctuary is an open sacred and holy place that has been authorized to be inviolable. It is from this place that Father's Support is received so as to successfully bring Right Action to fruition, Free from unrighteous - unholy stuff.

This is to say, that one's safety is in the open and not in the hiding. Father has been explaining this to both of us for many years now and has been Guiding us back to the open space where His Presence Abides.

⁵ <http://bluestarway.com/bluestarblog/bluestarblog/index.php?post/2010/04/12/Sunrise-Prayers>

⁶ <http://bluestarway.com/bluestarblog/bluestarblog/index.php?post/2010/10/05/Make-your-own-kind-of-music-%E2%80%93-part-2>

There are many ways in which we hide. We may hide our Light within, we may hide amongst the unrighteous - unholy, we may descend into tunnels or enter buildings, or perhaps hide under a bed or inside a closet. Yet in the end it is this hiding that allows the unrighteous - unholy to prevail upon us. Why? Because hiding is playing. Hiding tacitly implies that the unrighteous - unholy can hurt us.

Does this then mean we go out to the open and begin blowing whistles to let everyone know where we are? No. It simply means we conduct our daytime and nighttime activities in the open or in the "garden of our being" where the Sun shines and the Father is Present.

It takes some time to Trust our Safety is in the open, thus it may take some time for us to arrive at this open space. It may also take some time to feel secure enough in the open to not go into hiding at the slightest indication of an approaching storm. Therefore, we are prudent in our decisions and do keep ourselves away from harms way. Remember that even Jesus did not jump off the cliff just to prove his safety is in the Father. Yet at the same time, remember that Jesus was not troubled by the storm that was threatening to sink the boat he was in. He simply recognized the storm was not of the Father and affirmed the Truth.

That is to say don't go out looking for trouble thinking your self invincible and don't go into hiding when trouble shows up.

Also, do recognize that preparing and moving to a safe place is not equal to hiding. Instead, preparing and moving to a safe place is the physical manifestation of our choice to receive the sanctuary of our Greater Endeavor from which we can do that which is before us to do.

Proof is in the pudding

041412

Yesterday, Linda and I listened to a radio show by Blue Otter ⁷. During this show, Blue Otter played a 9 minute audio segment of Rolling Thunder speaking about the unity of man and nature. Here is a one minute clip of this segment which is quite pertinent to the Unconventional Wisdom and Unconventional Faith series. ⁸

Rolling_Thunder ⁹

As within so without. As without so within. When you understand this concept, technology as we know it in the western world becomes obsolete.

⁷ <http://www.blogtalkradio.com/prophecykeepers#upcoming/2>

⁸ You can hear the nine minute segment or purchase the full interview with Rolling Thunder at <http://www.thinkingallowed.com/2rthunder.html>

⁹ Here is transcript of the segment by Rolling Thunder:

"... and we are all needed, all of us are needed to work together, and so there won't be any such day as next war, or violence.

Also that the land can bloom again
and it does, in the desert where I live
and I can prove it.

Right now it looks like a jungle
in that [?] right around the house
and it's green for a hundred miles around.
On every side different deserts, real deserts,
but in the area where we live I've seen even what they call weeds,
no such thing as a weed really.
I've seen them dance when there was no wind blowing to the sound of our drums and our singing
that's how powerful that is.
And so we have rain and even without the rain these plants are still green.
it's amazing..."

Sounds of the land

041612

One thing I have become aware of, out here in the country, is that the wings of flying birds make a sound. If I ever knew that as a child, I had certainly forgotten.

Glad to be back on the land.

trash upon the land

042112

What do you do with trash when you can't just dump it in a dumpster and have periodic trash removal services?

It's easy to ignore this issue in the city where dumpster trucks periodically pick it up, but once one moves to the land, it becomes readily apparent that trash is a problem. Plastics, metals, and yes also broken glass. Engine oil and coolant. Hazardous chemicals. Furniture and other household items coated with toxic paints / coatings. Technology gadgets... and the list could go on and on.

Certainly not a new question, but it surely gets more "in your face" when one moves to the land and Desires to have a clean and pristine environment.

Four farms - four ways

050712

In the past few weeks, I have had the opportunity to visit various properties / farms, all owned by individuals with a Desire to do things in an "organic" or non conventional / non polluting way. Four farms / properties, four completely different approaches. I think it will be interesting to write about this and uncover Father's Teaching in this.

It appears that this exploration will result in what I will call the "Unconventional Life" series.

Somewhere in the middle

051012

I have been churning and churning for days as to how to convey what I have observed during my visits to these farms without much success. Thus, I will begin somewhere in the middle and take it from there.

Before and after

051212

As we begin the exploration in this new series it is worth recognizing, that there used to be a time when the word "organic" or "alternative farming / agriculture" had little to no relevance to People's lives. Before the advent of the industrial revolution and the mass production of deadly chemicals marketed as pesticides / insecticides / fertilizers, "organic" was the way of doing things. Some People were more successful than others in this, but everyone practiced "organic farming / agriculture."

It is worth noticing too, that as People began to reawaken to the lost ways thanks to the "organic movement", the unrighteous / unholy quickly moved to seize the term so as to contaminate it.

Originally, "organic" was meant to convey the right to grow and eat healthy food and have a healthy lifestyle, separate from unrighteous / unholy activity. Today "organic" is nothing more than a marketing scheme that allows the unrighteous / unholy to raise the price of food beyond reason and to trick good hearted People into eating all sorts of detrimental stuff.

Before and after - part 1

051312

Could it be that just as the concept of "organic farming / agriculture" had no meaningful connotation or use in the past, so too is the case with other highly esteemed concepts?

Could it be that before the arrival of the unrighteous / unholy, the concept of "free will" had no value at all? Following one's Heart was the natural way of Life. Some People may have been more successful than others, but everyone followed their unadulterated Heart.

Could it be that as People fell prey to deception and lost their capacity to follow their Heart, the concept of "free will" was introduced so as to remind us what Life used to be, free of the contamination / adulteration of our Hearts? Could it be that just as People began to re-awaken to this Truth once again, the unrighteous / unholy seized the concept of "free will" and twisted it for their gain?

Today, we think that "free will" is characterized by the capacity to choose evil over good, but...

...could it be that in the past, "free will" was meant to re-awaken People to the fact we have the right to live a Life free of evil / tyranny / entrapment / enslavement / coercion / manipulation / deception / abuse / adulteration, and any other unrighteous / unholy scheme designed to influence and alter our behavior and choices?

Before and after - part 2

051512

I can think of a few other concepts that would fall within the same category as "organic" and "free will". Let's do one more: freedom.

Could it be that before the arrival of the unrighteous / unholy and the enslavement of the People that ensued, the concept of "freedom" had no meaningful value? A Life as a Sovereign of one a-chord with the Father was the way. Some People may have been more successful than others, but everyone upon Earth was at Peace and Lived Harmoniously with Creation and therefore the Father. Restriction of movement was unknown.

Could it be that, as People fell prey to deception, the concept of "freedom" was introduced as a way to reawaken People to how Life used to be before their enslavement? Could it be that just as People began to re-awaken to this Truth once again, the unrighteous / unholy seized the concept of "freedom" and twisted it for their gain?

Today we think that freedom is to be able to choose who will tyrannize, regulate, and abuse us while demanding we pay for the "cost of this freedom" with the blood and life of the thousands upon thousands of teenagers who are offered as human sacrifice in the battlefields and with the misery / destruction that the mercantile game brings to our lives and the planet. Today we think that freedom is to be able to consume and destroy the Earth and ourselves at will, but...

...could it be that in the past, the concept of "freedom" was meant to re-awaken us to the fact that we have the right to Live Harmoniously with Creation and therefore unregulated / unmolested by those who would tyrannize us and demand human sacrifice / enslavement / destruction / consumption in return for their "favor" and the "privilege" to work for them?

Imagine

051712

Imagine then... Life without the need for the concept of organic / alternative living, agriculture, and farming. Not because we have been engulfed by conventional / destructive practices of industrialization / mercantile / genetic engineering, but because the unrighteous / unholy have been cast out of this Earth and all that remains is a way of Life that is Harmonious with Creation and therefore Respectful of Life on Earth.

Imagine 2

051912

Imagine then... Life without the need for the concept of free will. Not because all Truth has been lost to us and therefore we no longer can choose to Live and Express the Truth of Who We Are, but because the unrighteous / unholy and their deception / manipulation has been cast out of this Earth and our Hearts have been restored to the Truth of Who We Are - following our unadulterated Hearts without any restriction of movement.

Imagine 3

Imagine then... Life without the need for the concept of freedom. Not because we have been turned into obedient "cyborgs" who are controlled and manipulated by force, fear, lust, greed, hunger, poverty, pollution, malnourishment, shortages, money, war, weather manipulation, subliminal messages, virus, bacteria, parasites, and nano implants, but because the unrighteous / unholy and their system of manipulation / deception / coercion / seduction has been cast out of this Earth and we have been restored to Universal Law, Universal Truth, and Universal Love (as Self).

Imagine 4

052312

Imagine a Life in which all we do Nourishes our Soul in a way that is Harmonious with Creation. In which Respect, Joy, Happiness, Health, Harmony, Contentment, and Balance facilitate our capacity to follow our Heart, just as legs make it possible for us to walk. In which we have the capacity and ability to move and do because all we are Responsible for is our-Self.

Transition

052712

In imagining a Life that is Harmonious with Creation, it was possible to identify a few of its characteristics:

- Respect of Life
- Unadulterated Hearts
- Movement without restriction
- Universal Law, Universal Truth, and Universal Love (as Self)
- Nourishment of the Soul
- Respect, Joy, Happiness, Health, Harmony, Contentment, Balance
- Responsibility for our-Self

In my next entries, I will begin describing what I have observed during my visit to the farms. The above list will help us identify how certain concepts or ways of life considered as cornerstones of freedom and liberty Truly affect People's lives.

Farm 1

052912

Owners of this farm are aware individuals who have made a choice to downgrade their lifestyle so as to improve its quality. They are very health conscious and seek organic produce and meat to supplement what they obtain from their own operation, which while not extensive, is certainly a few light years ahead of where Linda and I are right now.

Unfortunately for them, as it is for everyone who has domesticated animals in a relatively confined area, it takes lots of money to feed the animals. Thus, they are caught in a conundrum. They can partially provide for themselves as long as they have the money to keep the animals fed. Their mostly wooded acreage intensifies this problem.

What is their answer to this dilemma? An "upscale dog" puppy mill.

Farm 2

053112

Owners of this farm are as they describe themselves, part time pastors, part time farmers. Their farm is a beautifully tendered 300+ acre property with rolling hills and lots of open pastures interspersed with wooded areas.

The focus is purely organic, and in this spirit they raise and sell cattle, goats, chickens, and, up until recently, organic seed. Most impressively, they do this in a fairly simple, low tech way. You would think that for such operation, there would be a large capital expenditure in outside labor, however that didn't seem to be the case. As it turns out, this very successful pastor has learned to apply his church training to his farm. In other words, he has learned how to get people to either work for free (involuntary volunteer work) or pay to work at this ranch. This worked well for the family up until their two sons decided to move on. Now, they are in the process of reevaluating their situation.

Farm 3

060212

This farm is owned by a couple and it is, from my perspective, right out of a "Mother Earth News" magazine. This couple Desires to be as "green" and self sufficient as possible while following their calling. Of their 14 acres, they have found only 4 to be needed.

In these four acres they have goats and sheep, a vegetable garden, an intensive orchard, chickens and ducks, a geodesic greenhouse, rain barrels for rainwater containment, rabbits, and, of course, their self built house and barn. The other 10 acres are made available to neighbors for horse grazing.

All in all, they estimate they have about 200,000 dollars invested in their property.

This couple does not raise animals for money, thus, the needed income is obtained from the husband's work, which in this case has become so important, that both are willing to leave the land and return to the city. It was becoming too much work for her to take care of the entire operation while her husband was away.

Farm 4

060412

The fourth property I visited is owned by an artist who has acquired worldwide recognition in his field. After several years of fame and fortune, he recognized that this kind of life was leading him astray and retired to the land to live a simple life.

Now that he is on his own, he has found his 40 acres to be simply too large. Thus, he is preparing to go back close to family / relatives where he envisions himself participating in the family farm life while receiving some of its bounty in exchange for his contribution. He explained to me that he has realized he needs to spend less time mowing the lawn and more time enjoying community life which is sharply hampered by the terrain in which his current property resides.

As far as I know, this man never raised animals for money. His past success has allowed him to live off the interest on his savings while supplementing as needed with many of his creative ventures.

Difficulty

060612

A difficulty I'm encountering in writing this series is that I certainly don't have as many answers as I think I should have. Identifying the problem is one thing, but being able to step outside the deception and do it differently is another.

Perhaps, what is important in this series is twofold. One, is the capacity to identify the problem and to recognize what needs to change. After all, it would indeed be pointless to remove the unrighteous / unholy from this Earth only to continue to live under the very system and way of life that was imposed upon us to enslave us. Two, is to recognize some of the characteristics of a Different Way so we know in which direction to head.

Perhaps not having "the" answer in this series provides the flexibility needed for individuals, communities, and cultures to determine what is suitable for their situation. This is certainly not about "my way" versus "someone else's way", but rather about how do we as individuals reestablish ourselves in a Way of Life that is Harmonious with the Father Way.

Money is the root...

060812

It is often said that "money is the root of all evil", yet perhaps it would be better to recognize that it is not money in and of itself that is the problem, but rather the enforcement of a system that imposes the use and need for money as the only viable option to stay alive.

Money - part 2

061012

Before the arrival of the unrighteous - unholy, such an oppressing system was unknown upon Earth. No one needed to work to earn a living, no one needed to earn money to eat, or to have water, or to have heat, or to have coolness, or to have clothing, or to have a place to live, or to have fun, or to travel... . It was all freely available. Life was not about working to make money, or working to enjoy life. Life was a Playful mystery adventure that allowed the development of our creativity and the tangible experience of Father's Love.

Money - part 3

061212

I made it a point in the descriptions of the four farms to show how this oppressive need for money affected each individual. Would our friends in the first farm run a puppy mill if they had no need for money? Would the pastors in the second farm raise animals as a commodity if they had no need for money? Would the couple in the third farm leave the land in favor of the city if they had no need for money?

If you noticed, it was only our friend in the fourth farm who, by having accumulated sufficient wealth, was relatively free to choose what best suited his creative expression. He is not moving back where family lives for money, but for the satisfaction of participating in a community he perceives can facilitate his experience of Joy.

Money - some ideas

061412

Again, it is not money in and of itself that is the problem, but how we go about it that is. For example, Father has explained to us that silver coins (but not gold) are an acceptable medium of exchange when used with the right mindset. What follows is an outline of the understanding Father Conveyed regarding the use of silver as a medium of exchange.

“You have reached at point in your life in which you can make changes and different choices and make them for yourself.

There are two potentials

1. One is a world were People retain the lustful, deceitful contract of the mercantile for silver
 - As many have said, this is a world no one would want to live in - even though silver would go up
2. The other potential is were People choose to do it differently and allow silver to become a medium of exchange that is Pure and Simple, Free of lust for financial superiority, Free of greed
 - Silver could be a medium of exchange **among others** that provides some kind of standard of exchange
 - If you were to choose to invest in silver, you need to be aware of the potential to choose a Different Way
 - This choice would be made with Purity of Heart and the expectation / willingness to live in a world in which silver would be used in a Pure and Simple fashion

-
- You would purchase silver now simply because you want to have a medium of exchange, similar to purchasing seed because you would like to plant a garden
 - Otherwise you would consign yourself to a world you would not like to be living in."

Consign:

- to entrust or commit to the care of another
- to give up; transfer; relegate
- to yield oneself, consent
- to forward or deliver, as merchandise, for sale or disposal

Money - more ideas

Another thing to be aware of, is that, as Father has explained, the exchange of paper money for an asset is an uneven exchange because paper money has no value. Uneven exchanges create spiritual penalty.

Father has Said that it would be very beneficial for People to ask Him to balance their "spiritual accounts". Of course, the fear that interferes with this is the exaggerated perception of how much this would "cost" us or how much we would have to give back. However, if we can get past this false fear, we may find this process to be a Blessing and very liberating.

Second summer pause day

061712

To celebrate the beginning of a new season, I have upgraded the color scheme of my blog. More vibrant, more Light Hearted... just like my Life.

Thank You Father for the Blessings.

The value of

061812

Why does silver have value and not paper money? That is a good question.

Contrary to standard belief, the value of silver is not derived from it's relative rarity, neither is the value of gold or any other precious metal / gemstone for that matter. That is just unrighteous - unholy bull to generate greed and lust.

The value of silver is derived from its capacity to nourish us and support our spiritual journey. So it is with other precious metals and gemstones. Every time silver is touched, it is absorbed through the skin and this is beneficial to the human body. The same cannot be said about paper money (nor plastic or electronic units).

The hunger of

062012

When People see precious metals and gemstones, a hunger surfaces to their awareness. This hunger is caused by the deficiency of these precious metals and gemstones in their body. This hunger is what has been used to fuel greed and lust.

When People re-learn to be satiated by the Current Sea, that hunger dissipates and perception is restored to Right and Proper Function.

When you are starving, a juicy ripe peach will probably cause your body to salivate... you may even do things to obtain this peach that you may later regret. However, that same peach will probably generate a very different response if it is made available to you right after you just ate one too many peaches.

When you are neither starving nor overindulged, your perception is restored to Right and Proper Function. Now you can really Discern whether it would be beneficial or not to receive / exchange for that peach. So it should be with silver as a medium of exchange.

Liberty to choose

062212

In correcting our perception of money we must also realize there has to be liberty to choose what medium of exchange is best suited for the occasion. Perhaps it is seed, perhaps it is silver, perhaps it is weeding, perhaps it is something not immediately needed but that can be used for a future trade.

There can be no monopoly of currency. Neither can there be any system that mandates any kind of payments to it as way to allow this exchange. The unrighteous - unholy would tell us that this would lead to chaos and confusion and hinder commerce, but would it? Perhaps all it would do is make it impossible for the unrighteous - unholy to control and profit from us, the People.

Perhaps it is time for each of us to begin contemplating what such a Life would look like. In this, we would allow the Father to bring to us unique and simple ways to InJoy a Peaceful and Harmonious Life in total and complete Wealth / Abundance.
