Father Which Is in Heaven:

"In Right and Proper Exchange of Information there is but one conveyance in Right and Proper Order of Divine Expression.

**The Divine manifests in multiple ways, in multiple cultures.
It is each unto its own way of perception.**

It matters not what others may say or think, it matters always only that which is Divinely Appointed each day.

It was Given unto your perception,
Right and Proper Orderly Progression
of Divine Nomenclature each and every day, step of your way.
Those who transpire to subvert your words and direction
shall Penalty pay,

for that which is Divinely Authorized Nomenclature,
subsides, subsists in Grand and Glorious Scheme.

Let no man put asunder that which is Divine in Nature.

**As to exact literal translation, there can be none.
It is, would be, a departure from that Divinely Authorized
Conveyance should you undertake to do so.**

Yes, the gist would remain intact, however, the nuances,
reflections, inflection would no longer convey the subtle
multidimensional unrefracted Nature.

It is by Divine Appointment this Conveyance comes
in your time, in your way.

**Let not those who would put asunder Direct Divine Conveyance do so, at
Penalty of perjury of Divinely Authorized material."**

nomenclature: system of names used as a science or art

transpire: seek to bring about

subvert: ruin, corrupt

subsides: descends

subsist: as means of maintaining life

asunder: separate into pieces

perjury: voluntary violation of an oath to tell the *Truth*

oath: a solid appeal to the Divine to witness to the *Truth* of a statement or the
sacredness of a promise.

In Our Words

We want to make it perfectly clear, especially to the young who have not been raised in the way of Respect, that we have posted the requirement Father has placed for the material presented to be and remain accurate, unaltered, and fully True to the context of His Teachings.

The Penalty He has clearly outlined for subverting this material is not something that would be implemented on an individual level, but by Universal Law. This carries its own retribution.

To those who would scoff at this, thinking themselves immune to Universal Law, we can only say, please be aware that these are not empty words. Ignoring Universal Law and the Father's Way does not bring absolution from the consequences of one's actions. Anyone focused on the Father Knows the Truth of this.

This is a free e-book. You may freely distribute this material and file only in its complete and unaltered format. This includes printed material. All material shall retain the "In Divine Service" notice and the Words that Father has Spoken regarding His Authority in Universal Law for the Protection and retribution of violating His Word.

Side note by Martin

The Father Which Is in Heaven referred to in all of the material Linda and I have created is the Father Jesus taught us to pray to in the Lord's Prayer. 'Living God,' 'Father Within,' and 'Father' are used interchangeably and refer to the same Father Which Is in Heaven.

Please take note that the concepts we have "inherited" in regards to Who and What the Father Is, His Desires, Goals, and Aspirations, as well as how He Manifests on Earth and in Humanity are very limited, constricted, and quite frankly suffocating. Please do give yourself room for expansion in this regard and do not be put off by the use of this terminology. The information contained in this book is neither patriarchal, religious, spiritualist, scientific, dogmatic, atheist, shamanic, new age, worldly, alien, nor any other modality. It just Is what it Is.

Also be aware that while there is only one Father Which Is in Heaven and no one else can "claim" this Name, the words 'god,' 'father,' and 'lord' in and of themselves seem to not carry this type of restriction. Therefore, unless one makes it clear that the use of words such as 'God', 'Living God,' or 'Father' specifically address Father Which is Heaven, it is possible for any number of entities floating around with a 'god' or 'lord' complex to answer the call.

That this is not an issue to be taken lightly is shown for example by the vast numbers of people throughout history who have gone to war, plundered, and taken human life presumably under 'god's' direction as well as by the number of people who still subscribe to this day to the divinity of such guidance. It is also shown by the vast number of people who deny, sacrifice, and flagellate self or others in the name of 'god.' Father Which Is in Heaven would never incite such actions. He has made this very clear to Linda and I again and again.

Obviously, there is a great need to be very Discerning in this matter and while it would be easy to get lost in terminology and arguments, this is really a matter of the Heart and of Intention. For the western or 'christianized' mind, the term 'Father Which Is in Heaven' together with the refinements included in this book can be a helpful aid to hone one's Heart and Intention in the right direction.

I specifically say 'western' or 'christianized' mind because Father has Conveyed and made it very clear to us that:

*The Divine manifests in multiple ways, in multiple cultures.
It is each to its own way of perception.*

And while different cultures do have different terminology and ways of relating to the Father, it is the case that all those who successfully commune with the Divine share common traits such as Harmony and Oneness with Nature, Peaceful disposition, Respect of Self and others, and Sovereign Expression. To these cultures and people the notion of destroying, killing, debasing, conquering, subduing, converting, ruling, dominating, or profiting from their fellow men and Earth is incomprehensible and alien indeed.

Whatever you do and whichever way you Honor and Develop your Relationship with the Divine just remember that Divine Answers Respect all Living Things and that the Divine isn't engaged in any battles.

Something else that needs briefly explained is the convention we adopted to capitalize certain words that have various, and often times opposing, meanings and therefore are prone to being misinterpreted or misused because of this. In short, when we capitalize words within a sentence we do so to specifically refer to the 'healthy' and thus benevolent interpretation of these words that supports a Life and Sovereign Expression Harmonious with Creation and the Good Will and Intent of the Father Which Is in Heaven. When we write the same words without capitalization we do so to denote the misunderstandings associated with these words.

For example, in our writings, lower case 'l,' love, refers to the common misconception that associates this 'love' with sexual passion (which is a word derived from the Latin word 'pati' which means 'to suffer'), sexual arousal, and / or physical attraction and requires such things as putting others first, attachment, control, self denial, (self) sacrifice, compromise, duty, etc., etc..

Capital 'L,' Love, on the other hand, refers in our writings to a Feeling that Elevates, Respects, Cares, Appreciates, brings Well Being and Comfort, and supports such states of expression as Health, Humor, Kindness, Peace, and Benevolence. An experience that is innate to our Being or Who We Are and is independent of others although its expression in us may be facilitated in their presence just like being in Nature facilitates us getting in touch with our inner Peace.

Similarly, little 'p' play denotes doing things in the way of the world and from the perception of the world. It includes slabor, fighting, resisting, profiting, ruling, destroying, abusing, killing, warring, saving, converting, and trying to defeat or overcome the 'bad guys,' whoever they may happen to be at any given time, so we can be 'safe.'

While, big 'P' Play indicates what we came here to Earth to do: Play in Father's Garden in a Light Hearted, Respectful, Joy-full, Constructive, Edifying Way through which we manifest our Divinity and expand our experience, KNowledge, and Understandings of Creation and Father Which Is in Heaven's Good Will and Intent for us.

As you can see, this convention, while seemingly simple, is of utmost significance to facilitate a Proper interpretation of our writings.

Obviously we can't nor haven't applied this convention to every word we use for that would be too cumbersome. Neither does this convention apply to proper names, though many times we purposely 'downgrade' a proper name to lower case to emphasize the point we seek to convey.

Occasionally we may miss a capitalization, however the concepts being conveyed within the sentence and paragraph will make it perfectly clear whether we are referring to the 'unhealthy' or 'healthy' meaning of the word.

bop...Brings Clarity and PurPose - 3

December 22 2016

As you can see, just as successful parenting requires men to return to their Virtue, so does it require women to return to their "Graces". In a way, it can be said that successful parenting requires both men and women to re-learn how to show genuine affection toward Self, spouse, and child(ren).

bop... Brings Clarity and PurPose - 4

December 23 2016

As Linda noted several years ago regarding affection and women:

There is genuine affection and false affection.

Genuine feelings of appreciation, respect, and recognition of the beauty and intelligence.

A woman of graces and style would be a woman who would talk gently and respectfully. Who would walk in a smooth straightforward manner, not in an undulating lustful manner. A woman who would dwell in elegant simplicity, who would contemplate, and express all the qualities of Honor and Respect we have been defining.

Her expression toward another person would be Respectful, appreciative, gentle, supportive, free of any enticement, lust, sexuality, [and manipulation].

A lady of grace, style, and refinement has always been considered a precious "commodity", but that is exactly it, she is not a commodity.

Whereas a lustful woman is one who is a commodity and engages in commerce. Her affection is given at a price [and is always artificial and calculating]. There is a cost to the affection of a woman of commerce. She is a woman who would be a fury, vengeful, lustful, spiteful, and who utilizes spells, curses, charms, [and prayers] to seduce others.

We are basically talking about the difference between the AdamAic woman and the woman of darkness or feminine energy of the [fallen] angels.

bop... Brings Clarity and PurPose - 5

December 26 2016

A woman (or man) of darkness is, as Linda identified, a woman of commerce. Not of the open, transparent, Honorable, Respectful kind, but of the manipulative, competitive, profitable, and psychopathic type.

She may do all the "right things" but always for the wrong reasons and to further her own self interests fueled by greed and self glory. Despite appearances to the contrary, she does bring out the worse in others, especially husband and children. Many times under the false pretense of "light", she trains them in the ways of darkness and cultivates in them among others things, all that is dense, jealous, competitive, opulent, violent, deceptive, cold, calculating, manipulative, greedy, and lustful. In all that is in-human or non-human.

Even in the midst of Nature, she separates people from that which is Natural and therefore of the Father Within and in so doing solicits the worship of false gods - herself being one of them.

No one really likes being around these kind of women (or men) and therefore they depend on lust, seduction, enticement, spells, charms, coercion, force, dark majik to steal people's hearts, attention, and energy.

They are of course, the least likely to succeed in creating the Proper 'inner' and 'outer' conditions required by parenting. Not because they couldn't, but because they choose not to. To them, the way of the Father is weak and worthless.

They are best avoided.

bop... Brings Clarity and PurPose - 6

December 27 2016

In contradistinction to this, a woman of Graces, or AdamAic woman (a term Linda used to identify those women who remain True to their Divine Gentle Nature or if given a chance would gladly return to it) is a woman who brings out the best in herself, husband, and children. She brings out all that is Loving, Gentle, Respectful, Abundant, Creative, Joyful, Simple, Real, and Light-Hearted. One who brings those in her care closer to the Father Within and therefore Nature and does so in a Loving, Caring Way that warms and softens the Heart.

She is indeed a Blessing upon the Earth and thus, given a chance, immensely suitable to succeed in creating the 'inner' and 'outer' conditions required for parenting.

bop... And perhaps a realization...

December 28 2016

Can you recognize how a woman's task of creating sacred inner and outer environments would actually be greatly facilitated by living in Peaceful and natural settings?

bop... And perhaps a realization... -1

December 29 2016

Can you recognize in this the harm that so called "civilized and industrial" societies cause to women of Graces by lulling and trapping them in concrete jungles that alienate us from nature and surround us with toxic air, toxic food, toxic water, toxic furnishings, toxic clothing, toxic technology, toxic entertainment, and so on ?

bop... And perhaps a realization... - 2

January 3 2017

Can you see how womanhood is actually degraded by being exposed to such unnatural environments ?

Can you recognize how woman's degradation is also man's and child's ?

bop... And perhaps a realization... - 3

January 4 2017

Could it be perhaps that so called "primitive" cultures and intentional communities that have chose to remain close to the land and nature actually provide women with a better opportunity to live a more Joy-Full and Full-Filled Life ?

bop... and an invitation

January 5 2017

This is indeed a gentle invitation to women of all ages and walks to stop participating and supporting that which degrades, demoralizes, and ensures their failure.

It is a gentle invitation for women to begin the process of making choices that support their Health, Integrity, Womanhood, and Femininity in ways that are Respectful and Gentle. In ways that are of one a-chord with the benevolent Nature and Good Will of the Father Which Is in Heaven.

It is indeed a gentle invitation to women to re-awaken to and choose a way of Life that enhances their Creativity, Joy, Well-Being, and Femininity in ways that transcend societal and religious conditioning.

Neither thru religious suppression nor thru lustful expression, but through the strength and beauty of their Graces.

bop... and an invitation - 1

January 6 2017

This is also an invitation for men of all ages and walks to wake up from the 'spell of darkness, death, decay, and destruction' and stop soliciting and participating in the degradation and destruction of women, children, and men.

It is an invitation and call to all men to actively support and participate in the creation of Sacred Environments in which children can nurture and express their Love for the Father Within. Environments which are True to the Good Will and Intent of Father Which Is in Heaven for His Creation and therefore are an expression of Beauty, Love, Safety, Purity, and therefore, all that is Sublime, Natural, and Harmonious with this Earth.

It is an invitation for men to re-discover how being Father's Representative on Earth translates beyond parenting into every aspect of their lives, including commerce, industry, government, and religion.

bop... and an invitation - 2

January 7 2017

*It is time for us to choose
a Different Way*

bop... and an invitation - 3

January 8 2017

Not in the ways we falsely call 'progress' and which have and are causing us humans so much harm...

... but in the Gentle Ways of the Father Which Is in Heaven Who would have every single human being, including you, Live in Abundance, Joy, Health, Respect, and Well-Being upon a vibrant and beautiful Earth free of suffering, sacrifice, and exploitation.

bop... and an invitation - 4

January 9 2017

Not in the ways of a technology and way of life that is harmful and destructive in every aspect and sense to Life on Earth...

... but in the ways of a new technology and way of Life that is Natural and Harmonious with Life on Earth...

... and is therefore free from the 'biblical curse' that demands a life of pain, struggle, hardship, sacrifice, and blood shedding.

bop... and an invitation - 5

January 10 2017

Not by forcing, making, suppressing, improving, or even overcoming...

... but by simply allowing...

... allowing that which is already Divine in you and your children to freely manifest in your lives.

May you hear the "Cal of the Wild" that re-turns you in a new and fresh Way to the Majesty of who you Are.

Majesty:

- exalted dignity: honor your sublime, noble, excellent, serene, graceful, and worthy nature
- grandeur: greatness or nobility of character
- sovereign authority: right to direct, act, decide in ways that are of one a-chord with the Father Within and who you Truly Are

bop - Questions and Answers

January 11 2017

As indicated earlier, the following answers to the following questions are nothing more nor less than suggestions that may facilitate your success in the noble task of parenting. These suggestions are based on what I have found to be helpful in my own life thanks to Linda and Father.

Receive them lightly.

Remember, the real Gift is not in the content of this book but in the Gifts, Visions, and Guidance Father Which Is in Heaven offers you through it.

bop - First Question

January 12 2017

Q. I have no means to implement such life change. What can I do?

A. I understand. Linda and I experienced a bout of utmost poverty during our journey together that made it very difficult to make changes. Nevertheless, Father always found ways to make it possible. One small step at a time.

Of course it begins with you. Then, one day you may notice a clothes pantry where you can obtain clothing made of natural fibers. Perhaps another time you may see a thrift store or a yard sale where you can acquire glass cooking ware. As you progress in your ability to see things differently, you may notice that your favorite grocery store sells packages of vegetable seeds and before you know it you are growing your very own tomatoes. Now you are ready to throw away the sugar...

When you Pray with / to the Father Within it is just a matter of time before He begins surprising you in the most amazing ways.

Allow this process to be as In-Joyable as possible.

bop - Second Question

January 13 2017

Q. Help ! I was snatched by one of darkness who is, notwithstanding appearances to the contrary, unwilling to change for the better. Any suggestions ?

A. We asked this question of Father some time ago and He clearly indicated that He does not Wish nor Desire anyone such experience. He also explained that there is no "Divine Penalty" for leaving such a person and choosing a Respectful relationship with some one else. Having children certainly complicates this. Thus seek His Guidance and Direction in this matter.

You may also find of interest that as Father Answered our question He also explained that the above doesn't apply to someone who has chosen darkness. There is "Divine Penalty" for someone who leaves his / her spouse out of greed / lust for someone else.

bop - Third Question

January 14 2017

Q. My child was the result of rape / abuse / artificial insemination or plain and simple unwanted / unexpected. Can anything be done to correct this so he / she doesn't carry this 'weight'?

A. Yes of course. Because each case is particular in its needs, the best suggestion is to Pray to the Father Within for Guidance and Direction. Once action is taken in this matter, it's done and over. This means you must get over it as well. Carrying guilt, anger, and / or sorrow for yourself or child will worsen things.

Let Father turn things into a Blessing and prepare to be amazed.

bop - Fourth Question

January 15 2017

Q. My child is already born or I was born of malnourished parents. Can changing nutrition make any difference at this point?

A. Yes ! Nutrition is key ! It will not only change your and your child's behavior for the better, but it will also ensure that any future children you have will be healthy beyond belief.

This was amply recorded and documented by Weston A. Price. Mr. Price is a dentist who traveled all over the world seeking isolated and primitive people to study their dental health. His book 'Nutrition and Physical Degeneration' contains numerous photos showing what nutrition and the lack thereof can do to the human body and mind. Reading this book will change your entire outlook on health, beauty, and nutrition. In my opinion, it is a must read for parents or young couples thinking about having children.

bop - A Summary

January 16 2017

The message in this book is very clear and simple:

- Parenting is a Sacred Endeavor through which Father / God entrusts His Children to the care of earthly parents.
- Each parent has a distinct and yet very complementary role in this task.
- Great care should be given to ensure children have the needed support and experiences that strengthen their Love for the Father Within and the Knowing of His Benevolent Nature / Good Will and Intent for them.

bop - A Summary - 1

January 17 2017

For parenting to be successful, men need to re-awaken to their Virtues and women to their Graces. This re-awakening requires of a necessity that both men and women evaluate their relationship with their respective parents and determine how it affected their relationship with the Father Within as well as their perception of His Creation.

It is in the Healing or correction of these false testimonies that both men and women make it possible for things to be Different.

It is Truly Time for this Change

bop - A Summary - 2

January 18 2017

Again, not through wars, laws, coercion, manipulation, competition, darkness, death, decay, and destruction...

... but through the Good Will and Intent of the Father Which Is in Heaven for you and your children.

May the Father walk with you my friend.

Martin

bop... and an Epilogue

January 19 2017

While finishing up some of my last thoughts for this book, the idea came to me, that perhaps it was time for us to consider whether it is truly the Good Will and Intent of the Father / Living God for humanity to reproduce willy nilly upon the Earth.

bop... and an Epilogue - 1

January 20 2017

Wait ! I think I hear something ! Yes... someone is speaking or is it many who speak ? I see, they are actually shouting:

Are you out of your mind ?

How dare you pose such a question and even consider transgressing God's command to man and woman? It is clearly written that He told them to "multiply and replenish the Earth".

Don't you know what happened when Adam and Eve broke another of his commandments ? You know... the one about the fruit ? All hell broke loose.

Not only were they cast out of Eden and cursed to a life of misery, struggle, pain, hardship, and suffering, but then God had to torture and kill His only begotten son at the cross. And if this weren't enough to pacify God for their mistake, we still have to go through the carnage and bloodshed of armageddon only to have to go through all of this again 1,000 years later when God will release all the demons upon the earth once again.

All of this for just eating a fruit !

Don't you dare considering questioning the validity of that first commandment to multiply. There is no telling how much worse it could get...

bop... and an Epilogue - 2

January 21 2017

Well... maybe you do have a point...

... perhaps we should just ignore this question and avoid such additional misery in our lives...

... or should we?

bop... and an Epilogue - 3

January 22 2017

Now, when you think about it for just a little bit, it really would take an unimaginable cruel God to come up with worse penalty than what he has already imposed upon Adam and Even and their descendants for that one mistake...

... which begs the question...

... would a Benevolent, Loving Father / Living God who Wishes nothing but Peace, Harmony, and Abundance for His children come up with such cruel and unusual punishment ?

And if not... who is this false god so many waste their time worshiping and sustaining with alms and prayers?

But I digress... or do I ?

bop... and an Epilogue - 4

January 23 2017

Linda and I carefully posed these questions and concluded that it would be safe indeed, and perhaps even wise, to ask Father Which Is in Heaven about this particular command to 'multiply and replenish the earth'.

And Father Which Is in Heaven Lovingly explained to us that indeed such instruction had been issued...

bop... and an Epilogue - 5

January 24 2017

... but not to man and woman as was recorded...

... but to the Plant Kingdom !

bop... and an Epilogue - 6

January 25 2017

We were never meant to mindlessly multiply like rabbits...

Wow ! Can you feel the spell break ? The burden lift ?

The breeze of fresh air refreshing your perception of reality ? Freedom knocking at your door ?

Just let go of the disbelief and anger... and move on to a Bright New Day.

bop... and an Epilogue - 7

January 26 2017

As it turns out, parenting is not, as we have been led to believe, about multiplying to subdue / conquer the Earth.

Neither is it about making money to buy toys and clothing. Nor about vacationing or schooling / education. Nor about sports, video gaming, or movie watching. Nor about Sunday church or bible thumbing classes.

bop... and an Epilogue - 8

January 27 2017

Parenting has always been and will always be about Love. About fulfilling one's Vision with the Father Within / Living God. About living Harmoniously with Creation. About preserving and supporting the Good Will and Intent of the Father for His Creation. About sharing a legacy of Truth, Peace, Joy, Health, and Abundance with future generations.

bop... and an Epilogue - 9

January 28 2017

As Linda and I continued to explore the concept of family and parenting with Father, it became clear to us that the vast majority of people would be immensely happier if they would embark upon a Light Hearted Journey of re-discovery before jumping into marriage and raising children. This Journey could take anywhere from months to decades... or perhaps even a lifetime or two.

bop... and an Epilogue - 10

January 29 2017

To quote a Stargate episode:

"It takes as long as it takes"

And this is ok.

As it turns out, we could all greatly benefit from giving ourselves permission to take care of our selves first before entering into relationships and conceiving children.

For... how can someone become a lifeguard without first learning how to swim?

How can someone who is hurt have a healthy relationship without healing the hurt?

How can someone be a good parent without first experiencing the Good Will and Intent of the Father and His Love for humanity?

How can anyone impart to a child an experience of the Father while being alienated from Nature?

bop... and an Epilogue - 11

January 30 2017

That there is a great need for this time of re-discovery is clearly and amply shown by the so called "selfish" attitude of "current" generations.

This "selfishness" needs to be addressed in healthy ways. Especially in societies that have made artificial environments that separate children from Nature and thus the Father Within and their Visions / Purpose in Life.

Not by condemning it, not by suppressing it, and neither by ignoring it and jumping into deep waters without knowing how to swim.

But simply by giving ourselves permission to do so free of guilt.

Then, when two people who have first figured themselves out come together... well, magic happens and the Opportunity presents itself for things to be Truly Different.

January 31 2017

If marriage came for you before this Journey of re-discovery, then be great-full. After all, it was your Desire to be a good parent that brought this book to you.

Now the task at hand is to determine whether you could benefit from allowing yourself, your spouse, and perhaps even your children time for this personal journey.

bop... and an Epilogue - 13

February 1 2017

Besides the suggestions already made, this Light-Hearted Journey of re-discovery could probably include the following steps:

- learn to Love yourself as the man of Virtue or woman of Graces that you are meant to be
- re-awaken to your innate Love for the Father Within by re-connecting with Nature
- remember your personal Vision with the Father Within and begin to turn it into a reality in your Life
- create a Sacred Space wherever you are

February 2 2017

It is Truly never too late to make a change for the Better and welcome greater Happiness and Joy into your Life.

May the Father Within / Living God be with you.

Peace my friend.

bop... A Possibility

February 3 2017

Here are some ideas of how parents could go about... well... parenting. Again, take them lightly, they are just possibilities. Which ideas and how you turn them into reality is up to your creativity. Have fun and delight in the process.

1.

Out of Love for the Father Within and a great Desire to Love and take care of their children, parents could first consult with the Father on an individual basis:

"Is it Truly Your Good Will and Intent Father for us to have a child a this time?"

"Are my motives for having a child Pure ?"

If both parents receive similar confirmation then they could begin preparation for conception, assured of Father's Blessings and Grace.

If answers differ, then out of Love, parents could postpone conception and Joyfully embark in a journey to discover what needs changed or corrected to receive Father's Blessings and Grace.

- Do we know enough about nutrition to prepare ourselves and support our child with healthy meals including healthy breast milk ?
- How is our Sacred Environment ? Is mind and body clean and Pure ? Is the house and garden an expression of Father's Love and our Love of Self, future child, and Creation ?
- Are we ready to change our lifestyles and adjust our way of Life ?

- How will we raise our child ? Will he / she simply be raised to become another slave in the system (whether in the upper or lower echelons of it) ? Constricted and distorted by mindless dogma and "family" values ? Or will the child be raised to be Free and True to his / her Divine Nature and Inheritance ? Free to Know and Follow the dictates of his / her unhampered / unmolested True Heart and Soul ? One with Nature ?
- What do we need to change, as Janet Conner says, to "create the conditions" that allow Father's Good Will and Intent for our family to become a reality ?

bop... A Possibility - 1

February 4 2017

2.

When both parents receive clear confirmation from the Father Within to conceive a child, they could embark on a Journey of preparation... a journey of great Joy, anticipation, and Creativity.

- following the Wisdom of 'primitive' societies, parents could enhance their nutrition for about 6 months prior to conception. This would be done to ensure utmost health of both parents.
- parents could also take this time of preparation to seek further Guidance from Father:
 - are there any inner changes to be made that could enhance our capacity to Love this child and create the environment he / she will need to flourish in Truth?
 - are there any outer changes needed ? Do we need extra seeds for our garden ? Should we plant extra fruit trees ? Should we plant a new tree to celebrate this new being ? Perhaps more herbs and flowers are needed ?
 - what needs done to prepare siblings for this change ? Could they help for example in the garden to prepare the way for their coming brother / sister ?
- parents could wonder about how this new life will change their lives and begin the process of mentally adapting for these changes.
- parents could also begin the process of discovering Father's Vision for this coming child so they could take necessary action to support it.
- parents could even begin to plan the time of conception in such a way that delivery would occur at a time Nature is awake and producing an abundance of fresh foods

bop... A Possibility - 2

February 5 2017

3.

When the day of conception arrives, care could be given to assure the coming together is motivated by Love and a Desire for a child. Whether 'planned' or 'spontaneous', this coming together would convey these feelings of Love to the child, giving him / her a most beautiful gift.

- this day, would not be a day to wear sexy or enticing clothing, nor to have champagne and chocolate, much less to go out to 'party and dine'.
- instead, it would be a day of Joy and Intimacy, motivated by mutual Love and Love for the child. A day to stay in the safety and comfort of the Sacred Environment both parents have created.
- perhaps, this day could also be a day in which the Father Within is invited to Bless and Purify the Union with His Grace and Love. A Blessing that would allow parents to access a Greater Experience which would be more Enduring, Pleasing, and Lasting in its capacity to convey a feeling of well being and Joy.

bop... A Possibility - 3

February 8 2017

4.

Gestation could be a time of Joy and anticipation during which both parents could "talk" to the developing child and assure him / her of their Love and Father's Good Will and Intent.

Gestation could also be a time during which parents continue to seek further Guidance and Direction from the Father Within / Living God regarding the child.

The expecting mother could take care of focusing only on Joyful activities that bring happy and Peaceful feelings to her and thus the baby. Perhaps she might delight in further development of the Sacred Environment that will support the growing family. Perhaps she might pursue creative activities that facilitate her being aware of all that is Loving, Gentle, Light Hearted, and Joyful.

To the extent possible, she could avoid harmful environments, entertainment, "friendships", "relatives", and activities that would generate unpleasant feelings and experiences. And, when such cannot be avoided, she could gently explain what is happening to the developing child and assure him / her of the Father's Good Will and Intent and the Loving Nature of His Creation.

- This is what happened child, this is how one could deal with it Peacefully and make choices that keep one in Father's Grace, Care, and Love.
- Don't take this personally. It isn't about you. This is how I deal with this now until I learn to do it differently.

The expecting father could also mind his actions and choices to support his wife in this.

bop... A Possibility - 4

February 9 2017

5.

The health of the expecting mother could be monitored right within her Sacred Environment by choosing the services of a midwife. This would then allow delivery to occur within this natural environment and in the presence of caring people.

Perhaps delivery could even occur outdoors... amidst nature itself... in a 'secret garden area' that is secluded ?

bop... A Possibility - 5

February 10 2017

6.

The mother could then continue to support her nutritional needs through specialized food items that are rich and nourishing to both herself and child.

This would certainly not be a time for fat free, reduced calorie, poison loaded, and starving dieting. Much less a time to worry about "one's figure".

Instead, this would be a time to ensure and support the development of nutrient dense breast milk. Not only through nutrition but through a conscious choice to engage only in activities that continue to support all that is Joyful, Gentle, and Loving. It is these Joyful feelings and experiences that help turn a mother's breast milk into Life giving, Life enhancing sweet nectar for her child.

bop... A Possibility - 6

February 11 2017

7.

Mother, father, and child could InJoy most of their time outdoors within their Sacred Environment. Perhaps baby could be allowed to roam free within the safety of this garden in such a way that he / she can learn from Nature, through Nature, and of Nature free of mindless, noise making, distracting toys.

Can you imagine your newborn child sleeping outdoors, in the beauty of his / her own 'secret garden' ? Caressed by the wind, illuminated by the stars and moon ? Not too far fetched when conception is timed right for delivery sometime in the Spring...

This would certainly be way more beneficial than imprisoning a child within the confines of a house, room, or even worse, a crib... where he / she is forced to remain disconnected and alienated from nature and exposed to an artificial environment while being distracted by useless toys or even worse radio or TV.

bop... A Possibility - 7

February 12 2017

8.

Parents could realize that the so called 'formative years' of their child should be experienced in the safety of their Sacred Environment rather than in early education institutions. No matter how 'advanced' or 'natural' they may claim to be.

Parents could also ensure the family lives in the Sacred Environment they have created at least through the child's formative years. This would ensure the child's Soul establishes a strong connection with its body.

If for whatever reason the need arises to move, then parents would take care to call forth the child's Soul to accompany them in the move.

bop... A Possibility - 8

February 13 2017

9.

The baby / child could be treated by parents as an equal. As Father would say, "mano a mano" or "hand to hand".

He / she would be allowed to make as many decisions as possible and parents would Respect such choices. If such choices were to lead to real danger, then parents could of course intervene gently and facilitate the child making different choices.

That is to say, rather than impose their 'dogmas' and 'way of life' upon this newborn child, parents could be mindful and Respectful. In this, perhaps they could allow themselves to learn a thing or two from this new child...

Tiny ? Yes.

Seemingly clumsy and perhaps even helpless at first ? Yes.

Nevertheless a child of the Divine worthy of Respect and the freedom to find his / her own way with the Father from the very beginning.

bop... A Possibility - 9

February 14 2017

10.

And lastly, but not finally, and perhaps I should even say initially... parents could consult with the Father Within about such things as:

- vaccination
- registration of the child into the system
- type of education needed by the child
- extent to which immediate family and friends would or would not be allowed to interact with this child
- rules those who interact with this child would have to follow
- any other issues you may think of...

bop... A Possibility - 10

February 15 2017

11.

Then, as parents raise this child, or perhaps... as parents simply learn to support this child raising herself / himself, parents could change their standards by which successful parenting is measured and come to realize that...

... successful parenting is not established by the type of schools and institutional / dogmatic education a child has access to, neither by GPA or whether he / she ends up making a 'career' and earning lots of money, or having cars and big houses, or being able to vacation in expensive places...

... but rather by (as Weston A. Price himself concluded after visiting primitive people all around the world) :

- the child's level of health and physical strength / robustness
- structural bone development as indicated by such things as a wide face that allows all teeth, including the wisdom teeth, to grown unimpeded, and wide nostrils that allow unimpeded breathing
- minimal to no tooth decay
- gentle and peaceful disposition
- innate high moral and ethical standards that favor Respect for all Life and compassion and care for others and Earth
- capacity to Injoy Life in a healthy way

and, as Linda and I would say, by:

- the chid's capacity to live his / her Vision with the Father Within / Living God (which of a necessity, is Respectful of all Life)
- Simplicity of Life and Desires

bop... A Possibility - 11

February 16 2017

12.

The beauty of successful parenting is in simply 'creating the conditions' that allow Nature and Creation to do what each is Designed to do to develop and nurture Beautiful, Creative, Peaceful, Joyous, and Respectful Beings who fulfill their Vision on Earth with the Father Within.

German - a brief study

April 14 2017

A few days ago, I opened up a binder and found a study I made some time ago about the word "German".

Quite interesting if you ask me... but then again, I find my own writing entertaining and interesting so what can I say? Today I started re-reading some of my entries and next thing I knew I ended following one entry after another in Joyful Thank Giving for the information I was getting... several hours went by and I had to remind myself that my goal for today was not to read my blog for hours on end, but to make this entry ;)...

For this study I have used the tried and true method developed by Linda as described in "Dreams and Days - Diamonds of your Design"... a method I have used extensively on this blog.

So here we go:

Germane: [var. of german 1: cf to humane and human]

- German
- fig. closely related; relevant

German 1:

- sprung from the same father and mother
- genuine or true

German 2: [L. Germanus; prob. from Celtic] (note the connection to the Celts which used to live on what is now Germany)

- of or pertaining to Germany, its inhabitants, or their language

humane: [var. of human: cf. germane and german 1]

- having or showing the feelings befitting a man, esp. with respect to other human beings or to the lower animals

human:

- of, pertaining to, or characteristic of man
- natural to man

German - a brief study - 1

April 15 2017

So, now, putting all the definitions presented in the prior entry together we get this:

A German is a human who is genuine and true. It is someone who has the feelings befitting to a man. These feelings are characterized by Respect for Life.

This is what it means to be a German. This is what it means to be a man. This is what it means to be human.

All those who share these natural characteristics of Respect for Life, share a common father and mother or Father / Source. We are all children of All That Is.

Any behavior unlike this is in-human.

German - a brief study - 2

April 16 2017

Let's now find out what it means to be in-human.

inhuman:

- not human
- not having the qualities natural to a human being
- esp. destitute of natural human feelings or sympathy for others
- unfeeling, brutal, or barbarously cruel

That is to say:

If being unfeeling, brutal, or barbarously cruel is to be destitute of natural human feelings... this then means that natural human feelings are of a good nature and are therefore benevolent. Otherwise, the definition of 'inhuman' would have said something in the likes of 'characterized by the lower aspects of natural human feelings for others such as brutality or cruelty'.

Since the definition does not say this, it is clear then that what is natural to humanity is to be good natured or benevolent. Any behavior other than what is good natured and benevolent toward self and others is a behavior that is unnatural and therefore inhuman.

Get it ?

German - a brief study - 3

April 17 2017

That is to say:

What is in-human doesn't come from the same Father / Source as that which is human.
Therefore, it is not a child of All That Is.

This is to say:

What is in-human is UNnatural.

German - a brief study - 4

April 18 2017

Let's refresh our minds on the meaning of Respect.

Respect:

- heed
- regard
- consider

Heed:

- attentive: observant
- mindful: mind-full: full of sanity, sound mental condition

Consider: [L. con-, with, + sidus, constellation, star. Perhaps originally "observe the stars" ?]

- to contemplate
- think carefully
- to recompense
-

Regard:

- be mindful
- have or show consideration, respect, concern

Recompense:

- to make compensation to
- to give in return

German - a brief study - 5

April 19 2017

Putting it all together we get:

A German, or Respectful man, or natural human being is someone who is sane and has a sound mental condition. This allows him (her) to determine right action and right thinking through observation and contemplation.

This right action takes into consideration how his (her) choices affects his (her) Life and Life in general, but more specifically, as explained by Father, it also takes into consideration how these choices affect future generations within his (her) lineage.

In determining right action, a German or human being can 'observe the stars' which is to say, seeks the Higher Guidance available from Father / Source.

German - a brief study - 6

April 20 2017

This capacity to commune with Father / Source is what makes a German or human being genuine and true.

Where 'genuine' is understood as that which is 'Native or natural rather than foreign or acquired'. It is what 'belongs to or proceeds from the original stock (as genuine Celtic people ?).

And where 'true' is understood as being 'honest, honorable, or upright'. 'Free from deceit' and in 'accordance with the actual state of things.' Loyal and faithful to that which is Truth-full.

Being a German, or human being, is indeed a most wonderful thing.

May Germans re-awaken to this long forgotten Truth and find themselves once again proud of who their are.

German - a brief study - 7

April 21 2017

By the way, the study I made on the word "german" is just one more way in which things point out to the Truth that all humans are 'germans' and therefore 'germane' and 'humane'. Or should I say 'that all humans are 'humane' and therefore 'germane' and 'germans' ?

Don't get caught in the play of words.

The point is simple: all humans are humane and therefore NATURALLY benevolent. Just because some have forgotten this, doesn't mean its false. It just means that, that they have forgotten it or have fallen asleep... or maybe fallen ill...perhaps too much mercury or lead in their blood..

Boulangier

April 22 2017

I found the following little gemstone of information in the wrapping of an artisan bread I bought many years ago.

Boulangier: French noun meaning "baker"

[...] In France today, bread is seen as a symbol of hope, equality, and stability. The role of the baker, or boulangier, is highly revered. By definition, true boulangiers must have an open heart, skilled hands... and their own oven.

Until next time.

The big misunderstanding

July 7 2017

Hi there,

Some time ago, I had some children stop by and ask me to read one of the children's books Linda and I have written. With great Joy, I complied and went inside my house to pick the last story we wrote together before her passing.

After a few short minutes, I came out again with a printout of our book in hand (there is no bound copy of it yet). With great anticipation, the children sat around me and awaited my first words. Not wanting to disappoint them, I quickly scanned the text of the first page so I could get in the "flow" of the story and read it aloud with lots of intonation. The image that came to mind while I was preparing for this was one from the movie "You've got mail" with Tom Hanks and Meg Ryan (one of Linda's favorite movies). The scene I'm referring to is the one in which Tom and Meg meet in person for the first time at her mother's bookstore and where Tom watches as Meg does a great job reading a story to all the children gathered around her for "story time".

Well, to my surprise, as soon as I scanned the first page, I quickly realized that while the story was good, it was not written to be read aloud to young children. Not wanting to disappoint them, I decided to improvise on the go and so I did. Fortunately, they truly enjoyed the story. I could see it in their eyes and faces as they followed the adventure.

Happy with my success, I went ahead and rewrote the entire story. What follows is this new version of the story "The Big Misunderstanding".

The big misunderstanding - 1

July 9 2017

THE BIG MISUNDERSTANDING

Once upon a time, but not so long ago, lived a farmer upon the land. This farmer had a valiant dog called Mister.

Mister was a great guardian dog and he was very good at protecting farmer's land.

Now, even though Mister was a valiant dog, this didn't mean he could understand "silly" jokes.

"Do you think it would be funny to tell Mister the chickens should peck all the fleas and ticks from his body ?"

"Nooooo waaaaay !" Says Mister. "That would not be funny at all. What if the chickens hurt me when they peck me ?"

But farmer didn't know any better about "silly" jokes. No one taught him any different. And so it was that one day, he went ahead and told such a joke to Mister.

Would you like to know what happened ?

Let's find out !

The big misunderstanding - 2

July 11 2017

Mister had a favorite spot upon the land from where he could watch and guard the chickens.

When Mister would go inside farmer's house to cool down on hot sunny days, the chickens would come to Mister's place and do some house cleaning.

They would scratch and peck the dirt and grass pecking away any fleas and ticks they could find. Mister was really happy with this. He didn't like having fleas or tick nibbling at him at all.

All was good. Mister kept the chickens safe and the chickens kept Mister's favorite spot nice and clean. Everyone was happy and there was Peace upon the land.

The big misunderstanding - 3

July 13 2017

Then, one day, farmer noticed that Mister was scratching and scratching himself crazy. Wondering what happened to his friend, he came to Mister and began looking through his thick, soft, fluffy white coat.

"Mister !" Farmer said. "You have ticks and fleas all over you ! What did you do ? What shall we do ?"

Remembering that his chickens liked to eat fleas and ticks, farmer joked to Mister. "Mister, what about getting the chickens to peck away all the fleas and ticks from you ?"

Mister, who had been laying on his side to let farmer look around his fur, raised his ears and looked toward farmer with a serious look. He didn't understand farmer was making a "silly" joke and didn't really mean what he said. Mister only Knows how to speak in Truth and when Mister says something he means it !

The big misunderstanding - 4

July 21 2017

So Mister thought farmer was going to let the chickens loose on him.

"Oh no !" thought Mister. "It's ok to have chickens clean my space when I'm away... but them pecking at me ? Noooooo waaaay ! That may hurt. I have to make sure they stay away from me now.

So things got really, really, really noisy on farmers land. Not only was Mister barking to keep the chickens safe, but now he was also barking all the time to make sure they stayed away from him too.

The big misunderstanding - 5

July 23 2017

Farmer noticed the change in Mister but didn't know what caused the problem... and to make things worse, he didn't know what to do to restore the Peace upon the land.

"What shall I do ?" pondered farmer.

And so it was that one day, after making sure everything was safe and the chickens were far, far away from him, Mister laid down on his favorite spot and took a nap. He was soooo tired from all the barking and barking and barking he had been doing these past few days that he just had to rest.

When rooster Ernst noticed Mister snoozing the day away, he came up with a great idea. "This would be a great time to teach my babies what to do in case of danger," he thought. Without delay he gathered his entire family and took them all toward Mister. Everyone followed right behind him.

The big misunderstanding - 6

July 28 2017

Suddenly, Mister woke up. His ears on high alert. He was sure he heard the noise of chickens approaching. Without delay, he raised his head, looked around and saw them.

All the chickens were marching toward him. All of them at once !

In but an instant, Mister jumped up and began barking with all his might. "Bark, bark ! Bark, bark! Stay away chickens, stay away ! Bark, bark ! Bark, bark ! Don't you dare peck at me this day !"

Rooster Ernst and his lady responded with equal strength. "Bawk, bawk ! Bawk, bawk ! Let's hide, rush ! Bawk, bawk ! Bawk, Bawk ! Let's run to the brush !" And every single one of them rushed toward the brush.

The big misunderstanding - 7

July 30 2017

Farmer heard the huge racket and went outside in a hurry. "What's going on ? Are the chickens ok ?" he worried.

He looked and looked around but the chickens were nowhere to be found. They were hugging the ground and they were really, really, really quiet. "Shhhhh"

Finally, Mister calmed down and stopped his barking. He was sure the chickens got the message to stay away from him this day.

Farmer stood in silence, still wondering what happened. He looked and looked around, but nothing moved about.

Then, after a long while, he noticed a stirring upon the grass and saw his chickens come out. One by one they all came out and hurried back to their coop.

That's when farmer finally knew what was wrong ! Mister had become afraid of the chickens and he was barking at them for his very own safety.

The big misunderstanding - 8

August 1 2017

"All this noise and racket, " thought farmer, "just because I made a silly joke about chickens pecking at Mister. Now I know ! No more silly jokes !"

Turning toward his dog, farmer said, "Mister, I'm sorry. No need to worry anymore. I won't have the chickens peck at you at all."

"Thank you," thought Mister with great relief. "I won't have to bark at them anymore. How nice !"

And so it was that Peace was restored upon farmer's land.

Everyone at the farm would remember and talk about this day for years to come. About how silly jokes can cause big misunderstandings and can cause friends to become afraid of each other. About how much better it is to always speak in Truth.

The big misunderstanding - 9

August 3 2017

And so it is you now Know what happened upon the land the day farmer choose to tell a silly joke to Mister.

Yet, it would be a different day when Rooster Ernst would teach his children how to be free of the false belief that says 'anyone can hurt them'.

It would indeed be a different day when all would learn a Different Way.

Merry go round - 1

October 26 2017

The refrain of a song I wrote some time ago comes to mind:

"I wonder, I ponder oh my good friend (repeat three times)
how things could be different this day my friend ?"

How could things be different... when we have been repeating the same patterns of glorified self-destruction for so many thousands of years?

Yes, the names are different, the tribes and countries changed their names, and people dressed and spoke differently in each age, but the insanity... well, it has never been overcome.

Be born, be abused, be deceived and coerced, be brain washed for your own good and your salvation, labor or slabor, sweat and pain, agony, apathy, educated ignorance, kill or be killed, marry and have children and then... well... lets do it all over again.

Merry go round - 2

October 28 2017

Merry go round, merry go round... how is it we always end up experiencing the same?

Merry go round, merry go round... are you riding the horse this time?

Merry go round, merry go round... did that make any difference this time? Will it ever do, you think?

Merry go round, merry go round...when will you step out of the round and welcome Non Circular Reality, my friend?

Merry go round - 3

October 30 2017

Non Circular Reality ?

Yes my friend !

A Reality where a generation learns from its mistakes and children are set free from having to re-do it all over again.

A Reality where we actually progress from happy to happier and then unto elation and bliss.

A Reality that doesn't mesmerize us with trinkets and plastic beads, much less with plastic flashy lights and glitter of false hope.

A Reality where the Joy of Life is so great that glorious self-destruction vanishes into thin air forever more.

Insane ? You think ?

Perhaps then, that means I must be sane.

Would you care to join us or would you rather go round about one more time ?

Merry go round - 4

November 2 2017

Oh ! I see !

Perhaps life turns out differently when you ride the elephant !

Wait, what if it turns different when you ride the airplane ? It can take you far off places, you know ?

What !? You've tried that before and it didn't help ? You couldn't escape the demons that chase you in your head ? Mmm, have you tried the giraffe ?

But of course ! It has to be the car... it has two seats so you can pretend you are not alone !

Merry go round, merry go round... did this bring you Joy this time ?

Merry go round, merry go round... when will you break the illusion and step out of the round ?

Merry go round, merry go round... when will you step out and become Earth bound ?

Merry go round - 5

November 4 2017

Earth bound ?

Yes, Earth bound !

But... but... there is no glitter when Earth bound ! You know ... the reflections and sparkles of glass and mirrors, the shiny surfaces of polished metal, the noise we confuse for music, the garbage we take for entertainment and food, the colors and shapes, the ups and downs... all that adrenaline rush. Non of that exists Earth bound !

Oh ! I see... Merry go round, merry go round, please enjoy the glitter this round.

Merry go round, merry go round... did it make any difference this time ?

Oh ! I see ! It's the darkness you want. The black majik and spells, the demons and terrors, the pain and suffering, the fear and perversion, and all those bodies to lust... That makes the difference you say !

Merry go round, merry go round... did this really bring you Peace this time ?

Merry go round, merry go round... can't you see it's all still a distraction ?

Merry go round - 6

November 6 2017

Oh ! I see ! The cruises and beaches, the booze and the bitches, the world to save, dominate, or conquer, the slaves or maids at your command... that's what makes it worth the round !

Merry go round, merry go round... did that bring you Fulfillment or Love this time ?

Merry go round, merry go round... can't you see that round was also a trap ? For... you know... as long as you're doped nothing will change.

But who cares anyway, you ponder !?

The Father does !

The children do !

I and many others all over the Earth do !

All of Creation does !

Can't you see ?

Of course not ! You closed your eyes a long time ago...

Perhaps if you were to open them again... you might begin to see again ?

Merry go round - 7

November 8 2017

Merry go round, merry go round... would you please break free from the spell ?

Merry go round, merry go round... would you please step out of the round !

Straight ahead, straight ahead... we can now awaken and welcome "A Simple Answer" in our lives.

Merry go round - 8
