## Father Which Is in Heaven:

"In Right and Proper Exchange of Information there is but one conveyance in Right and Proper Order of Divine Expression.

**The Divine manifests in multiple ways, in multiple cultures.  
It is each unto its own way of perception.**

It matters not what others may say or think, it matters always only that which is Divinely Appointed each day.

It was Given unto your perception,  
Right and Proper Orderly Progression  
of Divine Nomenclature each and every day, step of your way.  
Those who transpire to subvert your words and direction  
shall Penalty pay,  
for that which is Divinely Authorized Nomenclature,  
subsides, subsists in Grand and Glorious Scheme.

Let no man put asunder that which is Divine in Nature.

**As to exact literal translation, there can be none.  
It is, would be, a departure from that Divinely Authorized  
Conveyance should you undertake to do so.**

Yes, the gist would remain intact, however, the nuances,  
reflections, inflection would no longer convey the subtle  
multidimensional unrefracted Nature.

It is by Divine Appointment this Conveyance comes  
in your time, in your way.

**Let not those who would put asunder Direct Divine Conveyance do so, at  
Penalty of perjury of Divinely Authorized material."**

nomenclature: system of names used as a science or art

transpire: seek to bring about

subvert: ruin, corrupt

subsides: descends

subsist: as means of maintaining life

asunder: separate into pieces

perjury: voluntary violation of an oath to tell the *Truth*

oath: a solid appeal to the Divine to witness to the *Truth* of a statement or the  
sacredness of a promise.

## NOTICE TO READER

This book provides a means by which we can share what we have experienced and come to *Know* in this journey toward awakening. It was created based on "where we were" at the time of its conception.

**Future material will show Spiritual Progression in Awakening.**

This material is for individual use only.

It is intended to spark creative contemplation and consideration of 'if... then...'.

It is intended to provide a means by which you can enhance your experience of that which is Divine (rather than to provide a means by which you are told or taught what to believe, how to behave, and what is right or wrong).

Because this material brings *Light*, you may find some of it very unsettling.

It is ultimately you who, through your Spiritual Awareness and Prayer for *Discernment* and Guidance, must establish the Divine *Truth* of what IS.

As you do so, *Know* that Divine *Truth* is a Progression of ever expanding refinement.

**Divine Answers *Respect* all living things.**

Should you choose to do so, any incorporation of this material into your life is at your discretion and your sole responsibility.

Know that the Divine / Father Which Is in Heaven is available to provide additional support in understanding, learning, or applying this material in your own life.

## In Our Words

We want to make it perfectly clear, especially to the young who have not been raised in the way of Respect, that we have posted the requirement Father has placed for the material presented to be and remain accurate, unaltered, and fully True to the context of His Teachings.

The Penalty He has clearly outlined for subverting this material is not something that would be implemented on an individual level, but by Universal Law. This carries its own retribution.

To those who would scoff at this, thinking themselves immune to Universal Law, we can only say, please be aware that these are not empty words. Ignoring Universal Law and the Father's Way does not bring absolution from the consequences of one's actions. Anyone focused on the Father Knows the Truth of this.

**This is a free e-book. You may freely distribute this material and file only in its complete and unaltered format.** This includes printed material. All material shall retain the "In Divine Service" notice and the Words that Father has Spoken regarding His Authority in Universal Law for the Protection and retribution of violating His Word.

**You may freely reference this material only if you correctly "cite your source".** That is to say, to make reference to information from Father's material you will appropriately credit BlueStarWay and the name of the material from which the reference was made. **References and quotes may not be taken out of context. Sentences in italics shall remain in italics to indicate direct Conveyance from Father Which Is in Heaven.** No referenced or quoted commentary by Martin, Mister, or Linda is to be given or presented as direct information from the Father, but rather as having been shared by their understanding at the time the material was written.

## ***Side note by Martin***

The Father Which Is in Heaven referred to in all of the material Linda and I have created is the Father Jesus taught us to pray to in the Lord's Prayer. 'Living God,' 'Father Within,' and 'Father' are used interchangeably and refer to the same Father Which Is in Heaven.

Please take note that the concepts we have "inherited" in regards to Who and What the Father Is, His Desires, Goals, and Aspirations, as well as how He Manifests on Earth and in Humanity are very limited, constricted, and quite frankly suffocating. Please do give yourself room for expansion in this regard and do not be put off by the use of this terminology. The information contained in this book is neither patriarchal, religious, spiritualist, scientific, dogmatic, atheist, shamanic, new age, worldly, alien, nor any other modality. It just Is what it Is.

Also be aware that while there is only one Father Which Is in Heaven and no one else can "claim" this Name, the words 'god,' 'father,' and 'lord' in and of themselves seem to not carry this type of restriction. Therefore, unless one makes it clear that the use of words such as 'God', 'Living God,' or 'Father' specifically address Father Which is Heaven, it is possible for any number of entities floating around with a 'god' or 'lord' complex to answer the call.

That this is not an issue to be taken lightly is shown for example by the vast numbers of people throughout history who have gone to war, plundered, and taken human life presumably under 'god's' direction as well as by the number of people who still subscribe to this day to the divinity of such guidance. It is also shown by the vast number of people who deny, sacrifice, and flagellate self or others in the name of 'god.' Father Which Is in Heaven would never incite such actions. He has made this very clear to Linda and I again and again.

Obviously, there is a great need to be very Discerning in this matter and while it would be easy to get lost in terminology and arguments, this is really a matter of the Heart and of Intention. For the western or 'christianized' mind, the term 'Father Which Is in Heaven' together with the refinements included in this book can be a helpful aid to hone one's Heart and Intention in the right direction.

I specifically say 'western' or 'christianized' mind because Father has Conveyed and made it very clear to us that:

*The Divine manifests in multiple ways, in multiple cultures.  
It is each to its own way of perception.*

And while different cultures do have different terminology and ways of relating to the Father, it is the case that all those who successfully commune with the Divine share common traits such as Harmony and Oneness with Nature, Peaceful disposition, Respect of Self and others, and Sovereign Expression. To these cultures and people the notion of destroying, killing, debasing, conquering, subduing, converting, ruling, dominating, or profiting from their fellow men and Earth is incomprehensible and alien indeed.

Whatever you do and whichever way you Honor and Develop your Relationship with the Divine just remember that Divine Answers Respect all Living Things and that the Divine isn't engaged in any battles.

Something else that needs briefly explained is the convention we adopted to capitalize certain words that have various, and often times opposing, meanings and therefore are prone to being misinterpreted or misused because of this. In short, when we capitalize words within a sentence we do so to specifically refer to the 'healthy' and thus benevolent interpretation of these words that supports a Life and Sovereign Expression Harmonious with Creation and the Good Will and Intent of the Father Which Is in Heaven. When we write the same words without capitalization we do so to denote the misunderstandings associated with these words.

For example, in our writings, lower case 'l,' love, refers to the common misconception that associates this 'love' with sexual passion (which is a word derived from the Latin word 'pati' which means 'to suffer'), sexual arousal, and / or physical attraction and requires such things as putting others first, attachment, control, self denial, (self) sacrifice, compromise, duty, etc., etc..

Capital 'L,' Love, on the other hand, refers in our writings to a Feeling that Elevates, Respects, Cares, Appreciates, brings Well Being and Comfort, and supports such states of expression as Health, Humor, Kindness, Peace, and Benevolence. An experience that is innate to our Being or Who We Are and is independent of others

although its expression in us may be facilitated in their presence just like being in Nature facilitates us getting in touch with our inner Peace.

Similarly, little 'p' play denotes doing things in the way of the world and from the perception of the world. It includes slabor, fighting, resisting, profiting, ruling, destroying, abusing, killing, warring, saving, converting, and trying to defeat or overcome the 'bad guys,' whoever they may happen to be at any given time, so we can be 'safe.'

While, big 'P' Play indicates what we came here to Earth to do: Play in Father's Garden in a Light Hearted, Respectful, Joy-full, Constructive, Edifying Way through which we manifest our Divinity and expand our experience, KNowledge, and Understandings of Creation and Father Which Is in Heaven's Good Will and Intent for us.

As you can see, this convention, while seemingly simple, is of utmost significance to facilitate a Proper interpretation of our writings.

Obviously we can't nor haven't applied this convention to every word we use for that would be too cumbersome. Neither does this convention apply to proper names, though many times we purposely 'downgrade' a proper name to lower case to emphasize the point we seek to convey.

Occasionally we may miss a capitalization, however the concepts being conveyed within the sentence and paragraph will make it perfectly clear whether we are referring to the 'unhealthy' or 'healthy' meaning of the word.

In-Joy

*A New Day !*

Well, here it is ! My new blog software / look ! While Martin was comparing this blog software with the last blog software, I was sad for me, that the old software once looked bright and similar to the new LOOK of this blog. Yet, now the old software was dull and dreary and grey. It looked like the sky after heavy spraying when the storm won't come. My new blog looked Sunny, Bright, Cheerful, Light.

After Martin was done with the blog yesterday, he pulled up my first blog look to compare. I was surprised to see it. I had forgotten how it even looked. It was nice to see it had a simple elegance and clarity. Somewhere in-between, things had gotten murky. I'm very pleased with the simplicity of the new blog and Very pleased with the font. I In-Joy using Papyrus because it is similar to hand-writing, yet has the ease of printing.

Overall, I would say, I am VERY pleased to have a Bright, Light-Hearted new look for my Blog ! Just

in time for the Summer Solstice, which begins tomorrow. Officially Friday and Saturday are longest in length, Saturday and Sunday digress one minute, and there is a return to longest days on Monday and Tuesday. Theoretically, the whole five days would be the "longest days" this year, as the earth turns in its orbit for the return trip. (See our book *Heliotropes: Toward the Sun at: BlueStarWayPublishing* or *Notes of First Righteous Endeavor for The Father's explanation.* <sup>2</sup>)

See you on the Solstice "Pause Days" !

Roger and Art, Thinking of you on a special day that you share !

On a SunShiny Day of jewel blue skies and cool breeze in which the clouds Play !

JUNE 18, 2010

*First Pause Day !*

Good Morning on the first longest day this year !

Martin and J were talking about how the "astronomers" know the exact time of each day so far ahead. How can J look at a SunRise / SunSet chart and know it will be accurate tomorrow, in December or next year? Since there is a vast difference between Father's explanation of the earth's orbit "around" the Sun and what is taught in schools, how can J trust the accuracy of the information provided? How do the chart makers know there will be two days of equal length, two that will digress one minute, and another two of equal length? Why are there six (not five as J said yesterday) days involved in this instead of eight?

J suggested that perhaps it is comparable to knowing Right and Proper matters regarding exchanging "goods" or creative expression. (Which Martin recently wrote about in his BlueStarBlog) Some know what is Right and Proper and in that

can deceive others. There are two "standards" at play, one is based in Truth, the other in deception. It is interesting that the deceivers relate by Truth, while The People relate by deception, when the People have such a great longing for Truth.

The People may in fact, also be deceived in the popular information regarding astronomy, by those who know the Truth.

On the other hand, Father told me that His teaching regarding the Solar System depended on my point of view. That is, where I am viewing the "event" from, or perspective. Some things can only be explained from a "view" off planet. From right here where I sit, I will never understand. This need for creative perspective is something that could be developed in The People, rather than suppressed. As the journey with Father continues, I'm sure, so does the potential progression of perspective.

Here's to a Grand and Glorious Summer Solstice,  
with a New View !

On a SunShiny day of Pure Blue and Cool Breeze  
and Pure Rain, when it comes !

JUNE 19, 2010

*Solstice day two -- Faith*

When there are no blue skies -- have Faith ! When it has been raining scum -- have Faith ! In Faith the blue skies become crystal blue and the rain is crystal clear. And I have seen it become so through Faith.

Faith is put to the severest test when it is required that a Person end false responsibility and let The Father resume His responsibility. Martin and I talked of this since we both have People we care for who are choosing to live in places potentially or immediately unsafe. It is the hardest requirement ever to Trust The Father for their safety when we believe He has not done such a good job for us.

It is a difficult learning that the extent and amount  
The People believe they, or another Person are  
responsible for their safety, is the extent to which  
The Father is impeded in His action for their safety.  
In respecting our "free-will", the choice is ours  
where responsibility lay. Mixed belief gets mixed  
results. Incorporating the beliefs of others places us  
under the "control" of something outside us. Faith in  
The Father, totally and completely, places us in  
safety that comes from within.

On this Solstice may we transition to Faith in The  
Father !

On a SunShiny day where the Sun has begun to  
shine from within !

JUNE 20, 2010

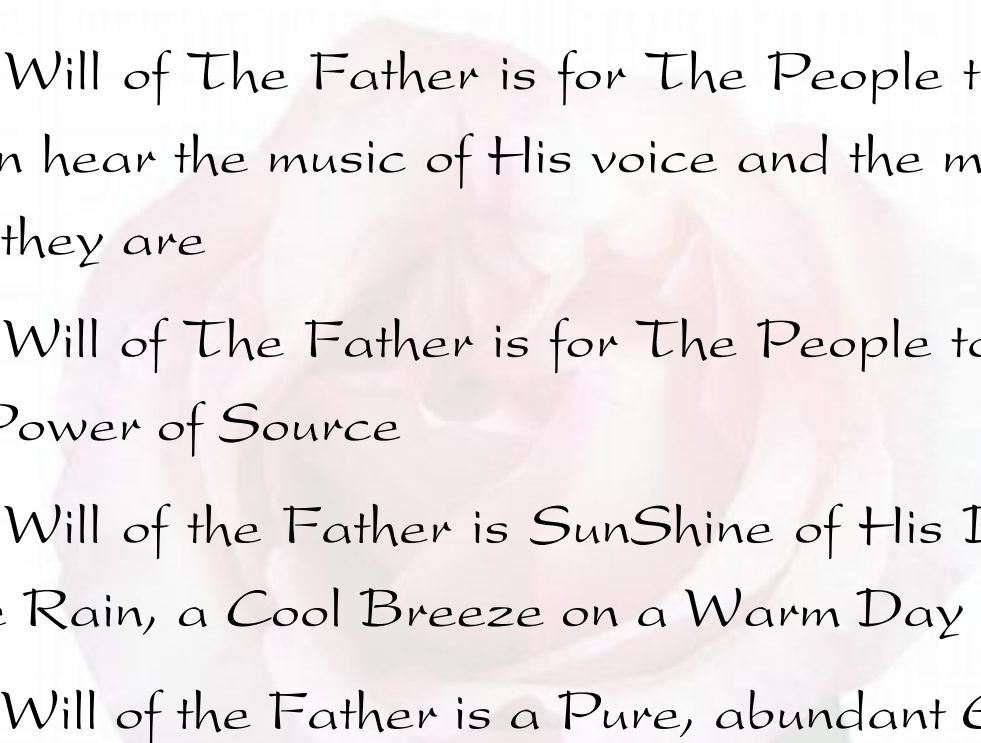

## *What is The Father's Will ?*

What do you think The Father's Will is for you?  
What do you think The Father's Will is for others?  
Do you subscribe to the false belief it is His Will for  
People to suffer? For People to die in hunger and  
poverty? For People to linger in sickness and  
disease? For "warring" over the treasures of the  
earth to kill and maim The People?

None of those things are The Father's Will for The  
People.

◆ The Will of The Father is abundance.

- 
- ◆ The Will of The Father is Love / Rapture
  - ◆ The Will of The Father is a strong body and mind
  - ◆ The Will of The Father is Respect, Peace, Life
  - ◆ The Will of The Father is Honoring
  - ◆ The Will of The Father is for The People to once again hear the music of His voice and the music of who they are
  - ◆ The Will of The Father is for The People to know the Power of Source
  - ◆ The Will of the Father is SunShine of His Desire, Pure Rain, a Cool Breeze on a Warm Day
  - ◆ The Will of the Father is a Pure, abundant Earth

On a SunShiny Blue Sky day with a Cool Breeze and Pure Air to breathe !

JUNE 21, 2010

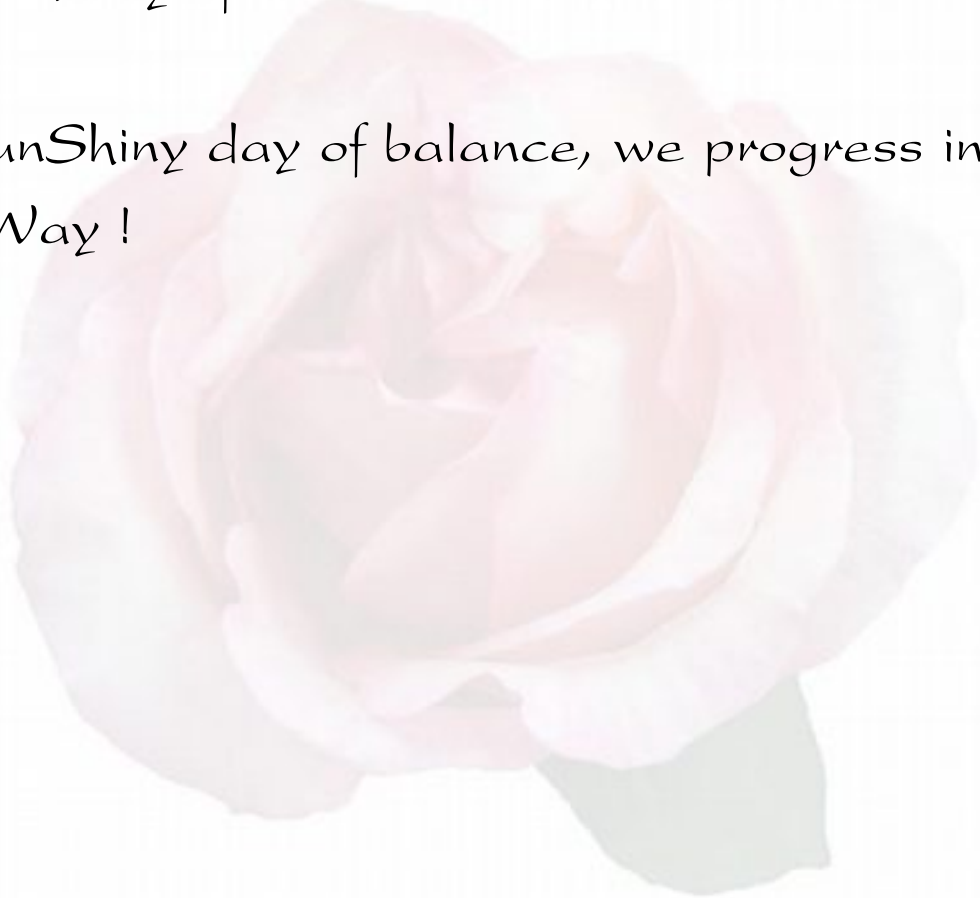

*Fourth Pause Day*

It's been an interesting day. Even though "they" desire the appearance of di-gression, The Father is active this day.

Happy 4th day of Solstice !

On a SunShiny day of balance, we progress in The Father Way !

JUNE 22, 2010

*Happy Solstice Day Five !*

So, let me clarify: The Father's Will for the People is *ONLY* for those things that are Divine--Positive--Good--Loving--Respectful--Life Giving, and so on. Anything else is something else.

The Father's Will for the People is a Greater Progression in a Greater Way.

Anything else is something other than The Father Way.

Anything else is *NON*.

On a Crystal TurquoiseBlue Day of SunShine and Pure Gentle Rain, all Balance is come again !

JUNE 23, 2010

*It's a New Day -- Solstice Day Six*

Well, here it is. What they tell us is day four of the longest "day" of the year.

Two by two by two.

It's a new measure, by Father's teaching.

Look to what one or several things are before you to do, in your part of the Divine Plan, now until Fall Equinox. Then, ask each day what you would do to bring it / them to fruition. Daily Guidance is most available, while some things need to be known "ahead of time".

Can you be at Peace with Daily Guidance? Each day a New Day, full of surprises?

If that is stressful, get out your Magic Bubbles and have Fun !

Welcome Crystal TurquoiseBlue Skies, Balmy Breeze, SunShine and Balance !

JUNE 24, 2010

*Sometimes*

As a child who is suffering unkind actions of others, someone who appears to be a "knight in shining armor" is a "savior". If only . . . one could save the children from abuses. As we have recently been exploring, that is the responsibility of The Father and the best way to save the children is to leave His responsibility to Him.

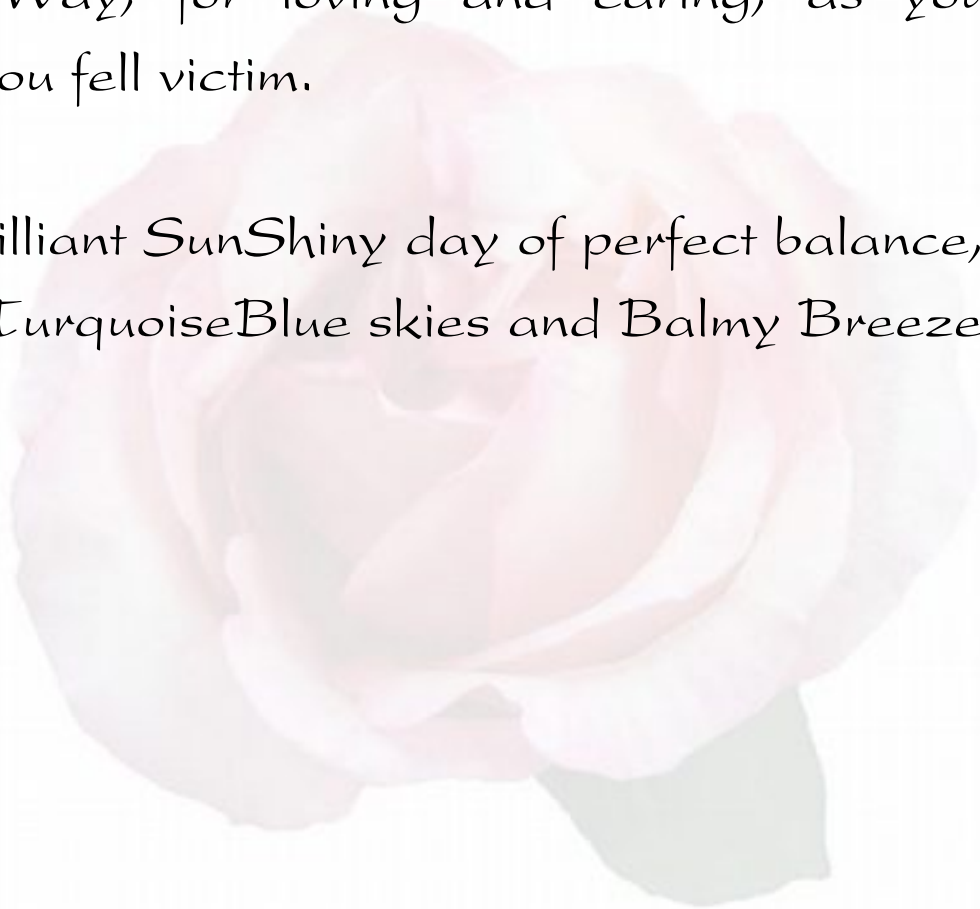

I would like to acknowledge the good intent of my "savior" at 5 years old. He was a good man--strong, kind, active--wanting to provide the best opportunity for the children. The Father gave a Vision of a moment from those times, to remind me of who he

was, not who he became. It was such a gift to see Truth of a situation that became clothed in deception.

Thank You for watching the Progression of The Father Way, for loving and caring, as you did before you fell victim.

On a brilliant SunShiny day of perfect balance, with crystal TurquoiseBlue skies and Balmy Breeze !

JUNE 25, 2010

*have you ever*

Have you ever decided to make a change and THEN . . . had difficulty giving up the old ways?

Recognizing what doesn't fit the new way is a challenge, since the familiar is so comfortable. We recognize the familiar isn't good for us, but . . . it's sooooo comfortable. Change usually isn't comfortable. One would think Divinely Inspired change would be comfortable. Perhaps even *should* be comfortable. It seems to be a sign of the times that what is Right and Proper may not be comfortable.

On a SunShiny day of Divine Glory, may you become comfortable with what is Right and Proper !

JUNE 26, 2010

*holding Faith*

What is it to "Hold Faith"? Does it convey to hold, as in hold back, restrain? Or does it convey to hold, as in place something in hand or thought for a period of time? If something is held, how long is a period of time?

Faith is to keep your thoughts so focused on Truth that you have only Truth in your mind and all else is turned away at the door.

How long you must turn all else away depends on the length of time until you see Truth active and present in the world around you -- until it becomes your experience. The more Faith you express the quicker the experiences appear.

As The Father says, it is so. This is Faith in Truth.

On a SunShiny Day filled with the Peace of Truth in Faith, In-Joy a balmy breeze and jewel blue skies ! (and that is Faith !)

JUNE 28, 2010

*at the side of a lake*

Going camping? Living at a campground? Know not to set-up too close to a river? What about a lake?

Lakes do rise. I heard recently of a lake that flooded overnight, catching many campers unaware, and at least one sleeping as the water rose in his camper. There was a torrential rain and a flash flood followed. The tow van was flooded too, providing no way to evacuate except by the fire department boats.

As the earth shakes, floods, erupts, from the stresses of the pull of the Sun, Father has suggested to be prepared. This goes beyond food, water, and safety gear. Listen to Him as he directs where to pause and wait. It is not always safe at the side of a lake.

On a Glorious day of balmy breeze, blue skies, and SunShine !

JUNE 29, 2010

*Faith and Desire*

Father has again emphasized the need for keeping our Faith and focus with Him. Over the next 15 or 16 months the Desire of the People must be for Truth. Greater Desire for Truth than ever before, more attention to protecting the borders of thought.

The Father will guide and direct The People who Desire Truth. Turn away from all "else".

On a Grand and Glorious Day of SunShine,  
TurquoiseBlue Skies and Balmy Breeze !

JULY 1, 2010

*Universal Law progresses*

China is washing-sliding-sinking away.

No news from the Philippines.

New Orleans is holding on.

Two out of three are clearly awaiting completion  
under Universal Law.

On a SunShiny day of Balmy Breeze and Divine  
Clarity !

JULY 2, 2010

*is it gulf murder ?*

It's a great challenge to hold Faith with The Father when loved ones are living on the Gulf. The challenge of placing their safety in His Hands, where the responsibility belongs is of utmost difficulty when the toxic chemicals from the dispersant and the toxic gases from this oil, which is **NOT** fossil fuel, are being reported in Huntsville, AL and North Carolina.

The DNA damage caused by these toxic chemicals is unthinkable. The birth defects caused in children of women now breathing these toxic chemicals in the air will be unthinkable.

Is the complacency of The People in this situation, born of incapacity to understand, inability to act, no creative ability to find answers, no teaching in how to respond to a system that is feeding on, rather than serving them? All the one world order stuff and population reduction seems designed to fit in this event.

How much The Father asks, when you deeply care for the lives of The People and the "animals". If New Orleans is scheduled for the action of Universal Law it must be so. But is this the Divine Plan? Or is it action to divert and consume The People?

My goal with the new blog was to have a new focus with The Father and a very positive message. How difficult that has become.

On a SunShiny day that keeps the oily rain away !

JULY 3, 2010

*a new day*

As things go, a new day rose with SunShine and Crystal TurquoiseBlue Skies and the sorrow of the Gulf seemed further away. Knowing that sorrow is something other than Divine doesn't keep it at bay. Yet, with the SunShine, the birds singing, and cicadas chirping, all seems well with the world.

Father would have us understand All Is Well With The World, when that is the way we see it. All has always been well, if we could just see it. Recognizing our "perfection" would end all else. Were we to see the world as whole and complete as He sees us, the world would be whole and complete with us.

In this our Freedom lay.

On a SunShiny day of pure air and pure skies with balmy breeze !

*we The People*

Many people who knowingly or unwilling perpetuate deception are speaking "curses" upon The People of this Republic.

An uninformed, deceived, good intentioned People reside upon this land. They are being cursed, demeaned, degraded into a mindless mass of degenerates by those whose purpose is served by this. The People of this land are intelligent, good-willed, Spiritually Minded, although mis-directed.

When The People are consumed with work so as to have food, shelter, pay unreasonable taxes, and find

relief in electronic addiction, there is no energy left over for them to consider morals and ethics. Perhaps the conditions that cause a reduction in electronic purchase, use, and maintenance is, in the end, a good thing. Subliminal implants, attention deficit, addiction, and financial burden are eliminated.

Many families are being forced into going "cold turkey" in this regard. Sometimes "cold turkey" is the only solution to addiction.

On a SunShiny day of crystal skies and balmy breeze, may bubbles of Joy sparkle !

JULY 5, 2010

*TRUTH now*

Have I said *explicitly* that :

The People are *Divinely Created* and *Spiritual People* who have been deceived into believing in a false image of who they are?

We have mistakenly contributed to the circumstances we believe are taking place on this planet. We are being told we are many things un-divine. We are none of those things. We have been misguided, misdirected, misused. These were not intentional choices by The People. They were decisions and actions based on false information.

So what do we do?

We must seek Truth with all our Heart. We must act with Honor and Integrity. We must creatively desire a new and different way. A way Divinely Directed and Graced. What is left to those People being attacked by deception? It seems NOW is the time for action by way of the Divine Plan, which we lost sight of. What Better Way is there than to seek and find the TRUTH of our Divine Creative Expression?

On a SunShiny day of Pure Rain, cool balmy breeze and a breath of fresh air !

*Celestial Symphony*

Some time ago Father gave me a Vision regarding each one's part in the Celestial Symphony.

We are each an individual composition in the Celestial Symphony. The "tones" of the individual create their individual composition. Each person's part is written for them as a unique instrument creating a musical tone, which is part of the Celestial Score, and is uniquely part of the overall composition.

This is to say Individual Tones create an original composition, which is a Person's part in the orchestra of a Celestial Symphony. When we take our seat in the orchestra and begin to read our part, as written, we will be able to see our Self as the Musical Tone that is our part of the Celestial Score and our place in the overall Composition.

On a SunShiny day with Pure Rain, cool-balmy Breeze, and musical, magical bubbles of Joy !

*Thank You ! In Faith !*

Thank You Father for the Pure Rain, Pure Air,  
cooled and refreshed for The People and the  
plants !

Animals, too. Thank You for reminding us of the  
Beauty you bestowed upon Your Creation !

JULY 8, 2010

## *Faith unfolds*

Trusting the Father continues to unfold.

Until we let The Father do what is His to do, we interfere with what He would do. Father is not going to enter into a tug of war with us. He has told us for thousands of years He can be Trusted to do what He does--have Faith it is so. Some time ago the popular phrase was "Let go and Let (God) Father."

When we enter into agreement with the deception that we need to "do", the deceivers don't have to do anything else to sabotage us, because we are "pitted" against the Father--at odds with Him. The

Father will enter *NO* conflict with us. If we believe it is ours to do He will let us struggle until we finally recognize the deception and re-learn what it is to stand in Faith.

When we walk in deception, they can say we did it to ourselves. And in some sense we did, because we have been told the Truth, but agreed with the deception--probably because it is / was easier than remaining in Faith until we see the action of Father. Ending deception and being in a Faith-filled walk with the Father smooths the road under your feet.

May the SunShine of The Father's Desire Light your day and with the Pure Rain and cool air, nourish you this day !

JULY 9, 2010

*doing*

Thank You Father for the cool, balmy breeze and Pure Rain to nourish and sustain The People, Plants and everything. Thank You for the SunShine of Your Desire.

How are you doing with "doing" your job and letting The Father do His? I plan on being able to soon report I'm "doing" my job much better. The Father reminds us our position is vacant when we are busy trying to fill His. No one comes to take over our job. It remains unfulfilled until we return to our place in the Divine Plan.

Where is He in-the-mean-time? Waiting. When we step aside--return to our "destined" journey--we return The Father to His proper position with us. When He is directing the Divine Plan in our lives, all unfolds in abundance and Joy.

Aspire to the position of Director? I invite you to reconsider. I have learned there is nothing worse than to be attempting to fill a position you are not qualified for. The stress and distress are certainly clues there must be a Better Way.

On a rainy day of Pure water and air, SunShine behind the clouds, may you return to your vacant position In Joy !

JULY 11, 2010

*Universal Law this day*

Father had cautioned of several potential events pending, which are the action of Universal Law. This morning He cautioned to stay focused in Him. Universal Law is in action this day.

Devy Kidd hosts a show on the Rense Radio Network and on June 30, 2010 she had George Ure <sup>3</sup> as guest on her show. This show is available in her archives <sup>4</sup>. I just listened to the show this morning and heard that George reminded us that Clif High <sup>5</sup> had seen this day as an event-full one.

<sup>3</sup> <http://urbansurvival.com/>

<sup>4</sup> <http://www.renseradioarchives.com/devvykidd/>

<sup>5</sup> <http://halfpasthuman.com/>

(As I just checked the link, I want to mention there is rude language posted on the page, regarding a hack into his data. For one so advanced in computer inquiry, you would think he could better protect his data.)

The point to this is, that there is Great potential for this to be an event-full day somewhere in the world. Stay in Prayer and Contemplation with The Father and respect the Action of Universal Law. By seeking to change, or by lamenting this action, energy provided by The Father is siphoned from you, just at a time it is greatly needed by you.

May the Blessings of The Father and Source prevail and Universal Law be understood and instructional for a New Way in Truth and Love.

On a SunShiny day of TurquoiseBlue skies and Puffy Clouds floating on a Cool-Balmy Breeze !

JULY 12, 2010

*is it possible ?*

Do you think it is possible that a very small event in an average city could have great impact ? Most People would answer yes, surprisingly enough. Do they think it likely? Well, that is another thing entirely.

Based on Father's information yesterday, we expected an "explosive" event of newsworthy proportion. But, perhaps it was a quiet event, unfolding between Father and One of The People. Shared with a second Person, and then to be shared with more People. Or perhaps not. Perhaps One is all it takes for the events to be set in motion.

One thing is Sure--Father is Present, Active, and  
Graces us daily with Truth "for the asking". And  
Universal Law is responding to the Desire of The  
People.

On a SunShiny day with a Cool-Balmy Breeze  
following the Pure Rain !

JULY 13, 2010

*if you . . .*

IF YOU . . . These words usually preface a deception. These words are often NOT used for Divine expression. If you were . . . If you had . . . If you didn't . . . If you did . . . If you do . . . If you don't . . . If you weren't . . .

On and on, these words are often used to accuse, blame, make responsible (falsely), on and on. Those who accuse falsely are those we are NON to.

As we stay focused on Father and Source, seeking and receiving Truth, Desiring to Know our Self as the Rapture, Rhapsody, Power and Plan, these become our experience in Life.

May the SunShine of abundance and the Cleansing Pure Rain shower you with Truth !

JULY 14, 2010

*Thank You*

Thank You Father, for gentle, abundant Pure Rain  
to nourish the plants and wash the earth. Thank You  
that the SunShine comes again, after a Proper  
Rain. Thank You the scum has ended and the  
TurquoiseBlue Sky remains.

Thank You for whole and complete expression  
which You see in me.

Thank You for The Father Way in All Righteous  
and Holy Opportunity.

On a SunShiny day in which All is but a breath  
away !

JULY 15, 2010

*so it IS*

Thank You Father, for gentle Pure Rain on a SunShiny Day !

Thank You for The return of Spit-Fires to The People. Thank You that The Spirit of The People is whole once again.

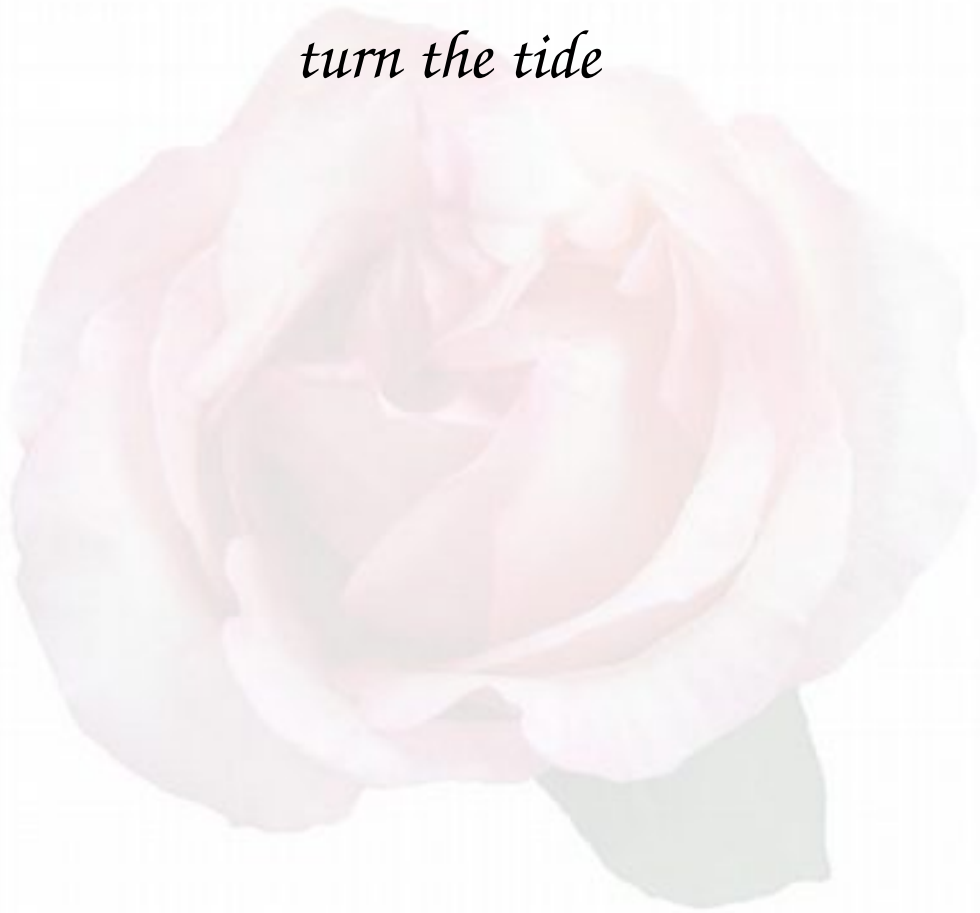

Thank You that I am One of The People.

I accept Universal Law and respect its action and the choices of The People. I respect the Desire of each Person and their relationship to You.

On a SunShiny day with Pure Rain on the Way !

JULY 16, 2010

*turn the tide*

Father recently provided a "sterling" example of how He would turn an event intended for unrighteous - unholy benefit into a benefit for the intended "victim" who Desires Truth and The Father Way. This experience caused me to reaffirm the potential good that can come from the current unrighteous - unholy action on our "economy". The current system being destroyed by them is one they devised. It is purported they have a new plan, called one world government, which requires the elimination of their old plan. Guess they were tired of the old game.

This however, is an opportunity for The People to create a new game, or perhaps a very old one, which is called the Divine Plan. The extent of small, subtle deceptions imposed on even those of best intention is amazingly proficient at hiding the Divine Plan and preventing True action based on it. The system we have been familiar with, has repeatedly failed for thousands and thousands of years. This should have encouraged The People long ago to

create a Divinely Inspired, Joyful, Peaceful, Harmonious Plan for Living.

The Father is available for guidance and direction of those People who Desire Truth and Right and Proper / Righteous and Holy Living. At least three, perhaps four of The People are well on the way to this Knowledge from The Father. Are you One of The People who Desires Truth and a Different Way? Know this day, Truth is but a thought / breath away. "Seek and you shall find".

On a SunShiny day Blessed with Pure Rain and CrystalBlueSkies !

JULY 17, 2010

*New Orleans*

We have clarified today, with Father, that the New Orleans deception is an unrighteous - unholy attack. The innocent aquatic life in the Gulf is of no consequence to those who are warring on the Southern States. What would the oceanic life matter when their plan is to engulf this planet in the Red Giant explosion of our Sun?

If Universal Law were acting there would be no mass destruction of the Gulf of Mexico waters, life and habitat.

We can change all this by dedicated attention to The Father, Source and our Divine Self. Prayerful vigilance as to what JS the Divine Plan and acting accordingly will bring change. Joyful, Peaceful, Life affirming change.

On a SunShiny day with plentiful, gentle, rain on the way, All is in Divine Order !

JULY 18, 2010

## *Blog attacks*

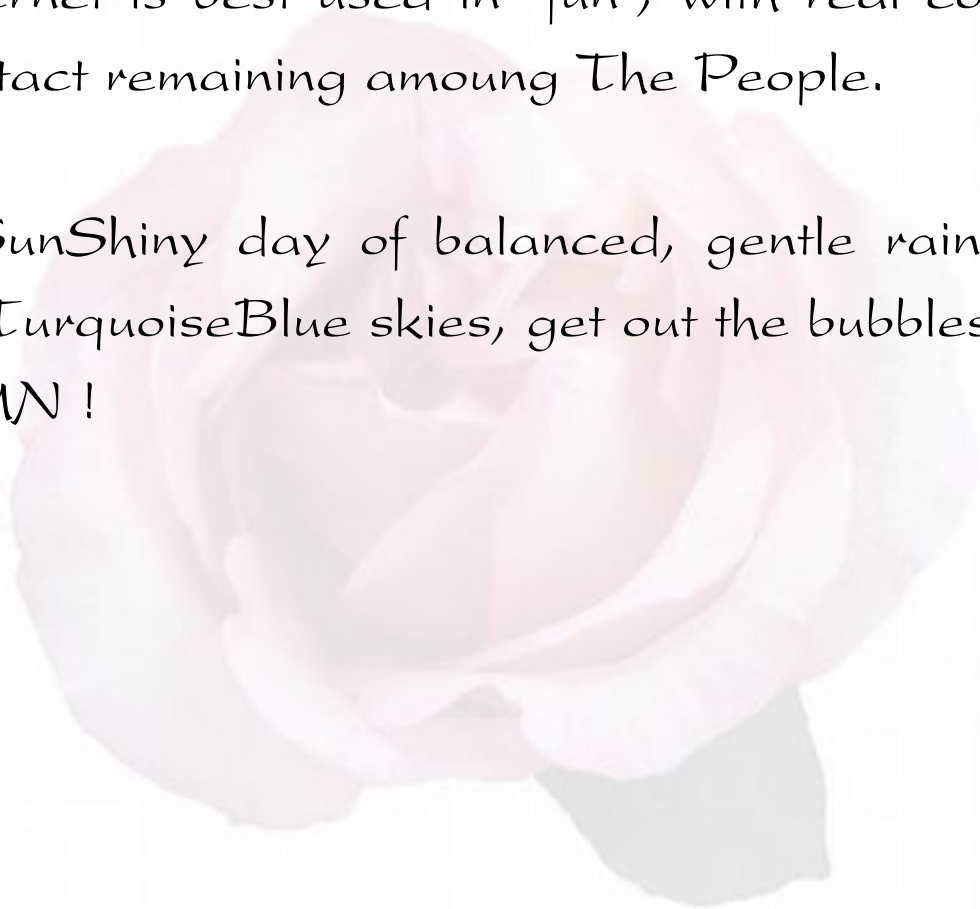

I read a blog post this morning that notifies People some 73,000 blogs associated with WordPress have been shut down. At least some of The People have lost their own personal sites and all information on them. This is cited as copyright infringement initiated. Of course, all The People who have no "infringement" are "victims" of this action. For all we know it could have been initiated based on one person and one blog.

It is interesting that the last time I looked at the copyright "law", it said, as long as an idea is put in your own words you may use "ideas" of anyone else.

That is to say, original thinking is not copyright, only the exact words used to express it are "copyright". It is possible that original thinking may, perhaps, be the "real deal" in copyright issues.

The internet is best used in "fun", with real content and contact remaining among The People.

On a SunShiny day of balanced, gentle rain and CrystalTurquoiseBlue skies, get out the bubbles and have FUN !

JULY 19, 2010

*there was a bird, a pretty little bird, the prettiest  
little bird you ever did see*

And she grew into a lovely young woman, who The Father says, "Trust to Me". One of the most difficult things in my life to do. Yet I Know the Truth of what He says to me. I Know He can't do His job when I try to.

Faith in our children is something we've lost sight of in current times. How can we teach them Faith when we have none? When we have failed them by allowing poisons to be pumped into them at an astounding rate, from newborn to adult, through vaccinations and send them daily to be programmed

in a system called education which prevents Truth of The Father from reaching them, how can we *EVER* consider we keep them safe?

But . . . how can we teach them The Father Way when we have lost the Truth of what that is? We must, indeed, find our Self and The Father before we are "qualified" to raise children. "If only" I had Known this Truth when I was a child. The Father Way brings us to Source and a greater expression of our Self as a Person who lives and moves and breathes our Divine Expression.

Out of the midst of deception rises Truth. And what was stolen isn't -- what was lost is reclaimed.

On a Beautiful SunShiny Summer day filled with Love and Joy, May Father guide your way as the beautiful young woman you have become !

JULY 20, 2010

*a busy earth*

China has been rockin' and rollin' -- shakin' and bakin'. The Philippines are the most stable place currently, with typhoons and lots of rain after the drought. Alaska is REALLY shaking. In general the Ring of Fire is radically active. The fractures in the Gulf of Mexico may lead to worse disaster and the murder of Gulf Life is the worst ever engaged in by the unrighteous - unholy.

Focus on The Father is more necessary than ever. Preparation is wise, mobility is wise. A trailer, camper, or other vehicle with camping gear and preparation supplies prepared for departure is wise.

I mentioned a person on the news who was sleeping through the flooding of his camper and van. Locating your preparation in the best possible position is wise.

In the meantime, imagine a world of lush gardens, TurquoiseBlue Skies, a balmy breeze, abundance and Joy. What we cannot imagine we will have difficulty experiencing. It can be a challenge to look to our Divine Nature in the midst of such destruction, but a Desire for Truth can prevail. Ask for that new and different way to be revealed to you.

On a SunShiny day with a portion of pure rain, may you find the LOVE you are !

JULY 21, 2010

*desert deception*

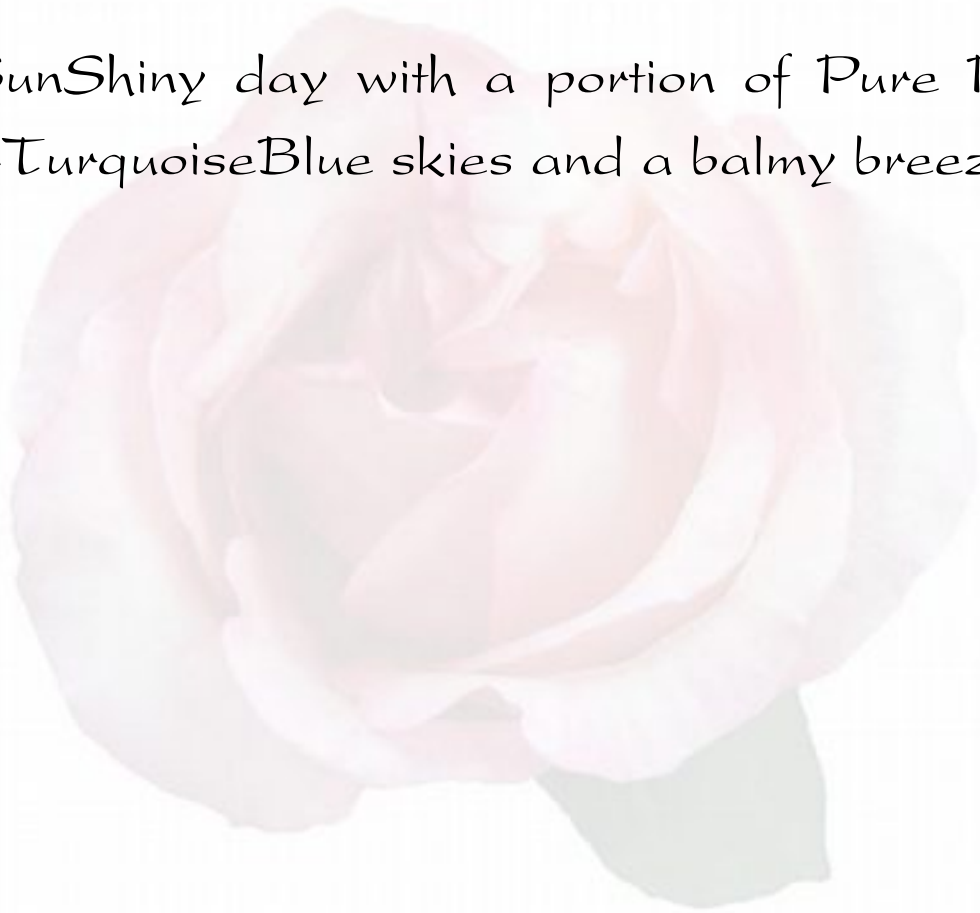

Are you familiar with the temptation in the desert? The three failed attempts, throw yourself off the cliff, thing? Are you familiar with the "we'll be bahk" thing--after a thousand years thing?

Deception, all of it deception. Neither The Father, nor the unrighteous - unholy test us to see if we are firm in our Divine Choice for Truth of our Self. There is no "rule, law, or right" that would inflict such deception on The People.

The Truth is, our choice is made and stands firm in Universal Law.

As we begin to see the "no-thing-ness" of the unrighteous - unholy, we step out of the deception and onto The Father Way to Source. May those moments of Clarity expand and what is NON return to nothingness.

On a SunShiny day with a portion of Pure Rain, Crystal-TurquoiseBlue skies and a balmy breeze !

JULY 22, 2010

*useful links*

It is a balmy, SunShiny day with bubbles of Joy !

I recently listened to a radio show recommended on Holly Deyo's website <sup>6</sup>, July 16, 2010 from the Patrick Timpone website One Radio Network <sup>7</sup>, with Dr. Mark Sircus <sup>8</sup> as guest speaker. Part One <sup>9</sup> focused on de-toxing the body through baths (and more) with regard to the gulf poisoning of The People. Part Two <sup>10</sup> focused on iodine (and more) need in the body for health and de-toxing. The show does ramble a bit, but great information is given.

Dr. Stan at Radio Liberty has some re-broadcasts posted in his archives <sup>11</sup> that will be available a few weeks, from Drs. Blaylock and Flechas. The topics are: Jodine, aspartame, and inflammation. Just scroll down the list to find them.

Holly had also recommended two YouTube views of Richard C. Hoagland on Coast to Coast AM (I mostly don't listen to George) about the Gulf, that have some different information which is critical to what is happening.

One <sup>12</sup> Two <sup>13</sup>

There is also a video link of world disasters, to include the sudden outbreak of sinkholes, which I have not been able to view yet.

Much of what I mention regarding earth changes is by way of documenting what Father has previously drawn our attention to. I do believe some of the geological events are being caused by the stress of the Sun's pull on the earth as it reaches "Point of Departure". All in all discernment is a good thing to use. Listen, Pray, seek Truth.

*Another SunShiny balmy day in The USofA !*

Wouldn't you like to awaken on a balmy SunShiny day in which all that we falsely believe is happening in an unrighteous - unholy way is just a bad dream? In what sense could that happen? In what way could we awaken from the deception? How could it all become NON?

Perhaps contemplation of a world in which the deception IS NON would be the beginning of Truth. What would that world "look like"? How would things be? In mine it would be low tech. Yet

advanced in technology. The two are not mutually exclusive. Low tech in the materials -- no plastic, no destruction, no death, no decay. Advanced technology in theory -- individual power units, writing and counting in a new and different way, travel to places far away in a new and different way.

What we can imagine we can do. What we can't imagine The Father and Source can inspire.

*keep your eyes upon The Father and Source*

Things are heating up. Things are cooling down. Depends which side of the Sun you are on. It's interesting how much denial there is for the "cause" of the extreme weather being of two sorts. unrighteous - unholy initiated being one. Orbit of the Sun being another (with attendant Universal Law).

Pray, Prepare, be Patient. Keep your eyes upon The Father and Source.

*reverse perspective*

I have touched on the concept of a strong family providing the foundation for a strong nation many times in this blog. However, the same deception that destroys nations destroys families. A small example of this was demonstrated to me some time ago.

A big, strong person can set about turning two People against each other by befriending each of them in private and advising each how to "get even" with the other. Of course this big, strong person designed and set in motion the precipitating event. In return, the big, strong person receives "friendly" rewards for the advice they give. These "friendly"

rewards are "perks" for the unrighteous - unholy. The primary benefit is that the big, strong person becomes "safe and secure" in their power and manipulation.

The strategies of a false government are as applicable to the family as the Right and Proper function of a family is applicable to a Nation. It is no wonder that when the doctrine of communism for the takeover of this Republic was read into our congressional record, it included the destruction of the family, as well as the destruction -- distortion of what is creative (art), and on and on.

I hear a few people with a voice, saying "sheeple" and speaking of the "dumbing down" of the children, as well as the adults, which makes this possible. A primary factor in this process is fluoride in the water and fluoride in the toothpaste. This was first used in the concentration camps to numb The People to the atrocities inflicted on them. Much easier to lead a

helpless-hopeless-hungry Person to slaughter than a group of fiery-resistant-aware People.

This blog has often talked of the need for nourishment of the body from natural foods, herbs, and "weeds". We have touched on the need for iodine in the body. We have acknowledged ways to support creativity. We have recommended Prayer, Truth, and preparation. Looking to The Father and Source for Truth and direction is the focus-priority-function of this blog.

May you find your way to Truth, a Blessed and Strong Family, and The Father-Source.

I was talking to a very dear friend recently and I was able to summarize what she was telling me as:

*New times require New ways !*

Things are moving quite quickly these 10 days. The Philippines are shaking after flooding. China is "washing out to sea". Clif is expecting a major quake in the Americas (he always expects things to happen here). A second oil leak has sprung in the Great Lakes. Facebook has become public. Freak hailstorms in Colorado. So much more I won't go on.

AND at the same time Father is more available than ever. Prayers are being answered. Direction is being given. Universal Law is functioning.

*a look at christmas in July*

Do you have "hardwiring" in your brain regarding Christmas? Do Santa Claus, SugarPlum Fairies, Elves, Father Christmas, the christ child, god, gifts, good and bad, love, romance, warm fires (northern hemisphere), intimate exchanges, mistletoe, all connect in one continuous path? If one falls, do they all fall?

When you were a child and were told Santa Claus / Father christmas wasn't real, and fairies weren't real, and elves weren't real, did the whole circuit become "fried"? Did god or Father Which Is In Heaven become "unreal" to you? Did Love become

unreal? Did the possibility you are "good" become unreal? Was all that remained a tiny sliver of hope and faith that they were real? But which were real? Was there a conflict between Santa Claus and Father Christmas, Father Which Is In Heaven and god, who receives gifts and who doesn't, a child who brought Love to the world or a child who is Love, a Person who receives romantic love or a Person who IS Love in the world?

Perhaps it is time to return our brain circuit to Truth. When we ask to be re-pathed to the original diagram (plan), we are free to experience the fullness of The Father's Presence, our expression of Love / Rapture, Truth and Goodness, perhaps even elves and fairies.

On a SunShiny Day of a cool-balmy breeze, crystal blue skies, and clouds of puffy white cotton !

*who's time ?*

Martin has been posting a book he has written in "installments" on his blog. I'm very impressed with the book.

He has done well at applying Father's teachings. In addition, he is an elegant writer. You can find a link on my sidebar or go to our website <sup>14</sup>.

Holly has a great new look on her website this morning! (See previous posts for links to Clif and Holly). Martin and I were just talking in the last 10 days about her website and what it would take to create a new look with all her material. Then, surprise! it's there today.

*acceleration*

Things this past month seem to be accelerating. Flooding, fires, oil spills, earthquakes, hail, tornadoes, Sun quakes ! ? .

Well, Sun quakes is a new one to me. Holly Deyo posted hot news <sup>15</sup> regarding this solar flare. George Ure <sup>16</sup> reported it somewhat differently, at one of his sites.

In all of this The Father and Source are closer than ever. Putting an end to the christmas deception <sup>17</sup> and receiving Truth goes a long way in lessening the need to progress on Faith and to instead progress in Knowing.

I have less familiarity with other cultures and their deceptions, therefore I cannot address the core deception that disconnects them from Father and

Source. It is however, most likely there is at least one core deception.

In the 5 major language-cultures, there are presently People who can hear The Father and are finding His Truth and revealing it to The People. While translation is unadvisable, due to inherent perceptual differences, there are enough People receiving Truth that it will prevail.

*rain*

Rain is moving in. The black, oppressive kind. The sky cover of science fiction movies. The kind that blocks the Sun in all its Glory, rather than the True clouds that bring Pure nourishing rain, through which the Sun remains. The initial downpour, thunder and lightening are of the artificial kind. The ones that destroy. Destroy Life as the earth has defined it.

It is interesting that most People born from 1970 forward don't even know what the difference between the clouds and the chemical cover is. They couldn't identify what is happening in the sky.

As events unfold, it is interesting to note that a "red-flag" event doesn't necessarily have to fix blame on anyone. It can "just happen". That doesn't change the fact, that nature might not have initiated it but Universal Law will end it.

On a day the SunShine is just a breath away and

*repeating weather*

Hottest, coldest, wettest, driest--the weather parade goes on. George Ure <sup>18</sup> gave an intense comment and documentation today for weather control and who gave governments the right to (unfortunately only a not Divine word comes to mind) with our weather. This is his post for August 4, 2010, if you need to go to his archives.

I remember a time when schools taught that thunder and lightening preceded cooler weather and warmer weather came in as a gentle rain. The rest of this week, they are planning on storms to move through here. Not just one, but one after the other. Each with thunder and lightening, but the temperatures will remain the same.

The storm failed yesterday immediately after the post of this blog. So here they come again. Keep it hot and raise that humidity.

<sup>18</sup> <http://independencejournal.com/today.htm>

Not the best of weather to keep tempers cool. And just when there is an attempt to stir controversy over discrimination toward "black" farmers. The issue is not one of race, but one of fraud according to the radio report. It was reported that Obama awarded 50,000 dollar payments to thousands of black americans who at sometime wanted to be a farmer but didn't because they might be discriminated against. The original suit was for ~400 people who received large sums of money, according to the radio. I don't know more than what I heard yesterday, however, the potential for eminent domain to replace small farmers who currently hold farming properties, with people who "wanted" to be a farmer is great. If those successful small farmers oppose their family farm being ripped from them, there is great potential for unpleasant action to begin in this country. This then, becomes a racial issue as much as taking the livelihood of The People and giving it to illegal immigrants from Mexico, or to the east indians, chinese, philippians. But home enters into this. Taking the livelihood of The People has not

exceeded the inability to respond due to drugging of their minds and bodies. But, taking their homes is another story entirely. Well, it hasn't been. Look at the foreclosure numbers. But, those were not farmers. Well, they were back in the . . . was it the 60's, 70's, 80's ?

How much does it take for The People to re-awaken to their Divine Sovereignty? How much does it take to reclaim our birthright as children of Father Which Is In Heaven and for the unrighteous - unholy to become NON? Do we choose to fall prey to their planned un-holy end for us, or do we choose to be returned to our Divine Presence on an abundant, peaceful, balanced earth?

AUGUST 5, 2010

*a simple day*

Today is August 5, by commercial calendar counting. Just another ordinary day. A day Divine Blessings and Abundance are in the air. A day the Father walks through green grass and flora and fauna with us. A day in which we feel the Divine Presence and the Rapture, Rhapsody, Power and Plan that are ours. A day in which this is All That Is. A day that brings the Spirit, the Love we are, home to us. A day we are whole, complete.

For this I give Thanks ! With gratitude !

On a SunShiny day with a pure cool-balmy breeze, CrystalTurquoiseBlue skies, cottony puffy clouds, and just right rain !

*certainty*

"I don't play. Get thee away. Get thee away ends  
your play."

Stop anything "other". Choose The Father this day.  
Walk in strength and conviction (certainty).

Professing conviction is not acting with conviction.  
Let your action show your conviction.

On a SunShiny day of Pure cool-balmy breeze,  
Crystal blue skies, and Pure rain !

AUGUST 7, 2010

*Desire in action*

It's a Grand and Glorious morning ! The Father is "on the job". What is your job this day?

If you're like me, you may not know. And, if you do know, you may not even begin to know how it is to be done.

This is where Desire comes into action. It's amazing what Desire can bring to one. This is why attending to what you Desire is important. When desire is a worldly thing, you may get what you wish you hadn't. When Desire is a Divine thing, you will find it brings Joy.

May your Desire be Divine in origin this day !

*glass gallons*

Where did all the glass gallons go? Refilling-recycling was a good thing to do. How can we read - repeatedly - of the toxicity of plastic and not stop using / buying it, knowing it damages us as babies and on to death. Perhaps if there was no use for toxic oil by-products a different source of energy than oil would "magically" surface. (puns intended)

Yes, there can be problems with glass. And overpopulation requires over-production of even a good thing.

Where do we start? Right where we are. Whatever we can do, we do. I regularly find websites with great suggestions. The first might be to eat food right from your garden -- no packaging needed !

On a SunShiny day in The Father Way, with pure, puffy, white clouds floating on a pure, cool-balmy breeze, in a crystal blue sky and gentle rain for the garden !

*winter seeds*

The survivalblog <sup>19</sup> had an interesting link today to a seed savers <sup>20</sup> website. It is focused on sowing seed in the winter. There is sooo much information there it would take a day (on dial-up) to go through the site.

The only thing I object to is her use of plastic. A little more creativity would provide ways to avoid even that. The **biggest** reason to not use plastic is the **toxic** release of particles that can be picked up by the plant and ingested by whoever eats the food. Every good measure taken would then be defeated.

<sup>19</sup> <http://survivalblog.com/>

<sup>20</sup> <http://www.wintersown.org/>

The idea of creating seed packages has always appealed to me. She even provides patterns for them. Her website is full of creative art and would appeal to children. A great way to invite their interest. One page has photos of the seedlings in the snow. Yes, you *CAN* grow plants in the winter, under the snow.

Eliot Coleman is a very well known spokesperson for four season gardening. His website <sup>21</sup> is more traditional and profit oriented.

Food can be grown, seeds started, and carrots harvested year round--even when and where there is snow.

*a song*

To quote The Mamas and Papas: There's a new day dawning. And there Truly is. However, the ride is getting a little bumpy. George Ure quoted an email list of some of the bumps today on one of his websites <sup>22</sup>. This is August 10, 2010.

The Father remains Faithful to The People, and readily available. Patiently providing Truth said thousands of different ways -- until we finally get it. Perhaps Praying for increased capacity to see things differently will make Truth more comprehensible.

*practical creativity*

The amount of creativity on the internet is amazing ! The instructionals <sup>23</sup>, do-it-yourself information, with materials at hand, is a delight. It makes hi-speed internet very appealing. Preparation becomes a "creative project" with these kinds of websites.

Such headlines as follow are enough to get those projects going.

California earthquake <sup>26</sup> moved town 31 inches south

California earthquake: NASA radar images show that the powerful quake that struck Baja California in April moved Calexico, a city on the US-Mexico border, some 31 inches to the south.

Practical creativity fulfills our Creative Urge as efficiently as a painting or drawing does. And there is the added feeling of satisfaction in using the project for comfort and utility if adverse circumstances arrive. Seeing the familiar in new ways expands the creative nature of a Person. Seeing the potential of meeting physical needs by "re-purposing" familiar or un-familiar objects creates confidence in Self.

The Father sees the practical need for preparation in the FACT it will be a bumpy ride through point of departure into the Sun's new orbit. The People have

always made the transition and Father has never spoken of the percentage of People who were able to sustain through it all. However, those who seek Truth and The Father will be where they need to be, JF they act on the direction The Father gives them.

*difficult difficulties*

As times appear rougher and choosing Father seems harder, it is necessary to reduce the time spent in unrighteous - unholy emotions such as fear, sorrow, regret, and on. How can I ask anyone to increase the time they express Love, Joy, Peace, Truth, Respect, and on? Sometimes asking the difficult under difficult circumstances is the only way to end the difficulties.

As the expression of Righteous and Holy feelings is increased in each and every Person, Divine Presence on earth is increased and we are closer to there being no door. (see previous blogs)

It becomes apparent that even the smallest moment of weakness allows the unrighteous - unholy to slide onto a Person. This then, requires additional attention to end and return to the point of strength before the weakness. Rather than progressing, The Person is "playing" catch-up.

playing is rather, preferred as Playing. That is, to be Joyous in Divine activity.

On a SunShiny day of Pure Rain to nourish and sustain, with the return of Blue skies and a cool breeze !

AUGUST 14, 2010

*just a moment*

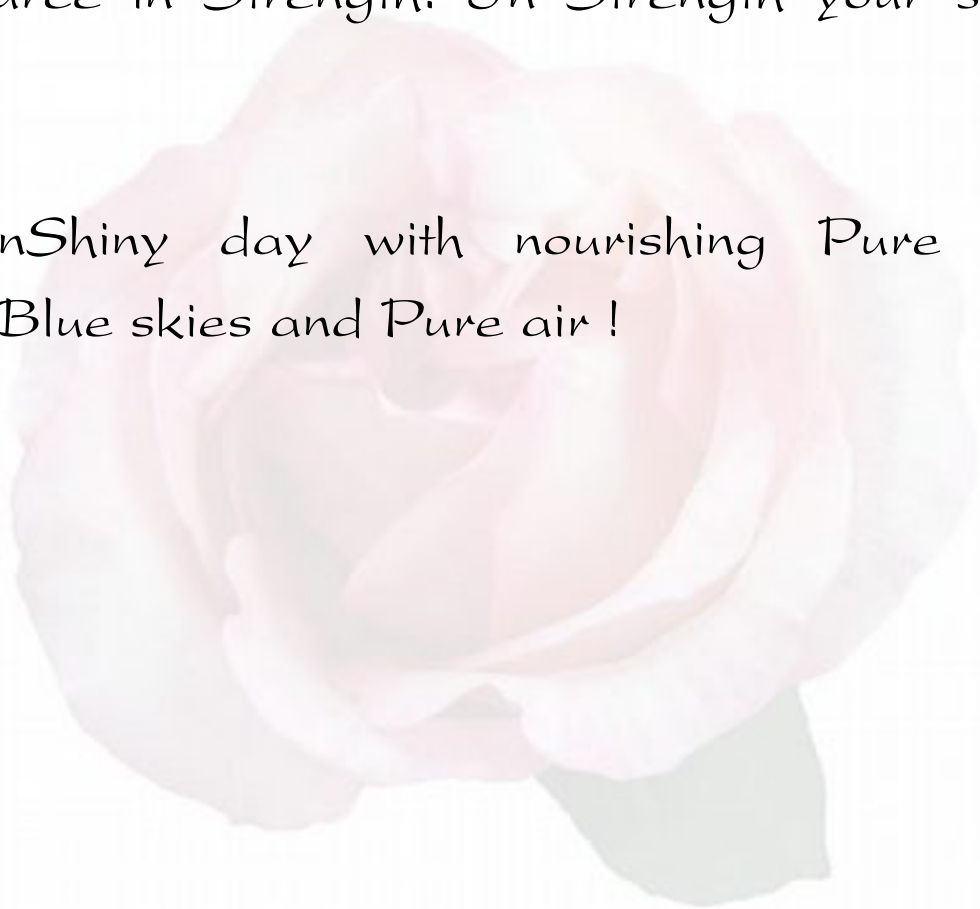

Recently we touched on the idea, unrighteous - unholy energy could slip into one's energy system when a Person is engaged in sorrow. It only takes a moment of such weakness for what is undesirable to slip in and it may take a lot of time and energy to get it out again.

The vulnerable moment may also come because your attention is elsewhere and you aren't noticing the undesirable energy slipping away from a "carrier" and approaching you. This "event" is so subtle energetically and occurs so rapidly, Divine

assistance from a Divinely appointed being (we call angel) may be required to "see" what is happening.

It is unnecessary to "see" the event when you simply stop the weak moments and stay focused on Father and Source in Strength. In Strength your safety lay.

*informative information station*

I have wanted to mention my newest "favorite" internet radio show. It is One Radio Network <sup>27</sup>. The host, Patrick Timpone, is a respectful, polite man. He has had many interesting guests, such as Hulda Clark, Clif High, Will Winter, Dr. Mark Sircus, and so forth, speaking on topics of importance.

I have a lot of difficulty with the organization of his website. It is not traditional enough for me. And it is a real "churner" for dial-up. But in the end, it is worth all the effort. Patrick is respectful in

---

<sup>27</sup> <http://www.oneradionetwork.com/>

requesting listener support, which is well deserved, but not demanded.

I have found his recent, and apparently first time guest, Will Winter, to be a most informed man with an unusual perspective. And a perspective that is "viable". I really appreciated what he said about "prairie" grasses. "Why would that matter?" you might ask. Listen and find out.

*sing a song*

I have found the most effective thing to stop sorrow attacks, for me, is to sing a song.

Words count, music counts, just any song won't bring Joy back to your feelings. Perhaps this won't work for everyone, but I wanted to make the suggestion.

At the first sign of a sorrow attack begin your song and keep Joy uppermost in your feelings.

On a SunShiny day balanced with pure rain and balmy temperatures !

AUGUST 19, 2010

*Faith-filled*

Faith is Active. Some believe it to be a passive "activity". Oxymoron kind of thinking. Faith is Knowing. Even when what you see appears to oppose what The Father has promised. Faith is "holding" in Truth, the Word of Father.

When passive inactivity defines Faith, there is most likely no Faith. It becomes a "route" gesture, like rapidly repeating words called prayer. They both have no "substance". Faith and Prayer are based on the Feelings within The Person. What you Feel and ask to be so in Prayer, has a time delay of various sorts. This time delay is when a Person Feels it is SO, even before any tangible "evidence" is seen. This time delay is the "place" of Faith.

On a Faith-filled SunShiny day, in which Love brings balance our way !

AUGUST 20, 2010

*evaluation time*

How are you doing preparing right where you are? Or perhaps preparing to go where Father is sending you? The end of summer clearance is a good time to receive those little preparation items that are useful in any environmental emergency. No plastic is always a priority. Father has said real rubber will survive, as well as some aluminum.

How is your all-weather garden growing? How many weed-herbs are you growing? Do you have some new (or old) Weck canning jars? Not only are they beautiful, they are very practical too. Food spoilage can be a concern and Weck has stood firm in their jar design just because of this issue. Peaceful Valley <sup>28</sup> is currently offering Weck jars.

Do you have a rubber raft on hand? Why, you ask? I've seen photos of People walking through flooded streets towing personal items on things that float. Do you have a tent prepared for departure? An extra

---

<sup>28</sup> <http://www.groworganic.com/default.html>

canopy to put over your cooking area would be appreciated, too. The height of luxury would be a screened gazebo and folding chairs.

Remember to include a couple of good books on identifying wild edible foods (as well as toxic ones). A cast iron dutch oven would be the first, best investment for emergency "camping". An oven with the flat lid for coals. Remember any manually operated machines, such as a grain grinder, a can opener, and good cooking knives are a must. A little practice will get those knives shredding, cutting, chopping as well as a machine, in no more time if you include shelving / re-shelving and cleaning time. Remember to find an extra grill that will accommodate wood fires (with grate and tools) -- no propane or briquettes for long term use. Amazingly, you can find people discarding such valuable items. Check those fall garage sales.

Keep a simple store of preparation for emergency evacuation, if it were to become necessary. Storing

it in the unit you would use for transport would be best. Which will need security measures in any circumstances.

Preparation is Peace of Mind.

*where's the raft ?*

You remember yesterday we touched on having a rubber raft. Today as I checked headlines over at Holly Deyo's website <sup>29</sup> I saw lots of articles on People who could use one this week.

Looking to The Father for a Person's safety can be a scary thing to do. This is when fear is cast out and Faith must be active. Faith must be active even looking in the lion's mouth. Fear is sure failure. Faith is sure.

*discerning Right and Proper function*

Father has always supported our using herbs. This includes using sage to smudge a person and room, as the Native American People teach. It also includes using natural incense or sweet grass to invite the sweet fragrance of All Righteous and Holy Presence and The Father. We also use a candle to remind us of the True Light of the Presence of The Father.

These items are travel ready, always handy.

These are not used for "spells" or any other unrighteous - unholy activity. They are cleansing and purifying, natural plant products given by The Father for Sacred use. The deceptions and subtle distortions imposed on Truth make Clarity difficult, but still possible In The Father Way. Just as The Father has said that the mystical and magical is missing in our Spiritual Journey due to the deception that turns Truth into the springboard for

the unrighteous - unholy, the use of plants to support our Spiritual Journey is cloaked in deception.

At the very instant of deception's presence, we were given TruthKnowledge that supports our Journey with The Father, which includes Right and Proper use of herbs and plants.

May we rapidly re-turn to Truth and the NON of all else.

## *Harmony*

What I set out to say today, dissolved into what The Father would have me say.

It's always a good thing to ask what The Father would guide.

For a Person's Will to be of one accord with the Will of The Father is called "Harmonious". Just as we consider music best which is Harmonious, the part a Person Plays in the Divine Symphony is always slightly "off" when the Harmonious factor is missing. This indicates if things seem slightly "off" in a

Person's Life, perhaps looking to "Harmonizing" with the Divine Plan will re-turn the balance.

People who claim ability to "foresee" events for another Person, but who lack personal balance and the ability to conduct Right and Proper action, are most probably not sufficiently aligned with The Divine Plan to be advising others. As for myself, I can only report what The Father says, live accordingly, to the best of my ability, and let the rest do as they will. Coming into Harmony with the Divine Plan is a full time Endeavor, that requires full attention.

May your attention be Harmonious this day !

On a SunShiny day full of Laughter and Joy !

Thank you for this balanced day of beauty.

Canceling all false contracts - deceptions of commitment - is a very active action in the progression of our Spiritual Journey. We have touched on this aspect of Sovereignty in these blogs and Martin has written eloquently on this topic. (See his BlueStarBlog <sup>30</sup> link in the column on the left.)

Father recently revealed a neglected false contract and provided this statement for canceling it:

---

<sup>30</sup> <http://bluestarway.com/bluestarblog/>

I end NOT All Righteous and Holy Play this day.  
I DO end all false contracts this day.

This may be said in the presence of one expecting your participation in a false contract, but is not required.

Be internally clear what is entailed in ending these deceptions, so you may act in a new and balanced way.

On a SunShiny day of Balmy temperatures and breezes, with pure rain and pure air !

*from BlueStarBlog and Father*

I am posting Martin's blog entry for today, since it is possible there is someone who doesn't read his and does read mine. Normally I only provide a link to his blog, in addition to the one in the left column. I felt this was very necessary clarification for a topic of recent interest. Martin is excellent at using Father's quotes. So here he goes:

This is adapted from our book "A Powerful Man"

*Faith: from the Promise to fruition.*

Faith is the consciousness that one holds between the time a Promise is given by the Father and the time it manifests in the world. Therefore, Faith is neither expectation, nor hope of what may or may not happen. Faith is neither based on emotions, nor feelings. Faith is based on Knowledge, the Knowledge things will manifest because Father says so, regardless of how it may be perceived by the standards of the world, regardless of other's efforts

to stop His Promise from manifesting. Faith gives us the strength to continue during bad weather.

*Your lesson in this,  
is to perceive not with the eyes of the world,  
but to Know that the Father is Sovereign  
in all matters great and small.*

*Think you not the Father Knows  
those things you have need of?  
He would that you should have  
All things both great and small  
to make manifest His Will (and Intent) in the world.*

And so it is that you now Know what the Father's Will and Intent for you is. He wants you to allow Him to bring to you all that you need in your journey. Your part is to learn to focus on Father and to have Faith. For when you do this, you can Know how He wants to uniquely manifest in your life. In this Faith, Father assures you, you will receive all that you need in your journey Home.

*All things come to those who wait.*

Be aware that inherent in this promise is the concept that things will unfold in your life at the Proper time and that manifestation of His Will and Intent can be hampered by the weakness of your Faith, or your stubbornness in letting go of the old ways.

*You will see a great many things unfold  
and come to fruition  
when you walk in Faith,  
Knowing that it is so.*

*You must Know it is so.*

When you falter and you see that doubt comes to your mind because of the circumstances in which you find yourself, or because it appears that His Promise is not coming true, or because of the time it takes from Promise to fruition, or because of the difficulties you may be encountering, Father has some Guidance for you.

*When doubt comes creeping in: have Faith.  
It is time to rise from the death and destruction.  
Have Faith in the man you are.  
Recognize what Faith is not,  
replace it with Faith  
without condemnation.*

*Recognize when you have confused Faith or  
Knowledge that Father's Promise to you will  
manifest, with hope and expectation. Then choose to  
ask Father to bring back to your awareness the  
True meaning of Faith: the Knowing that it is so  
because He said it is so.*

*Faith is a fragile thing.  
Faith shattered leads to despair and destruction.  
When all else has failed,  
Faith will endure the devastation.*

*Hold fast to your Faith.*

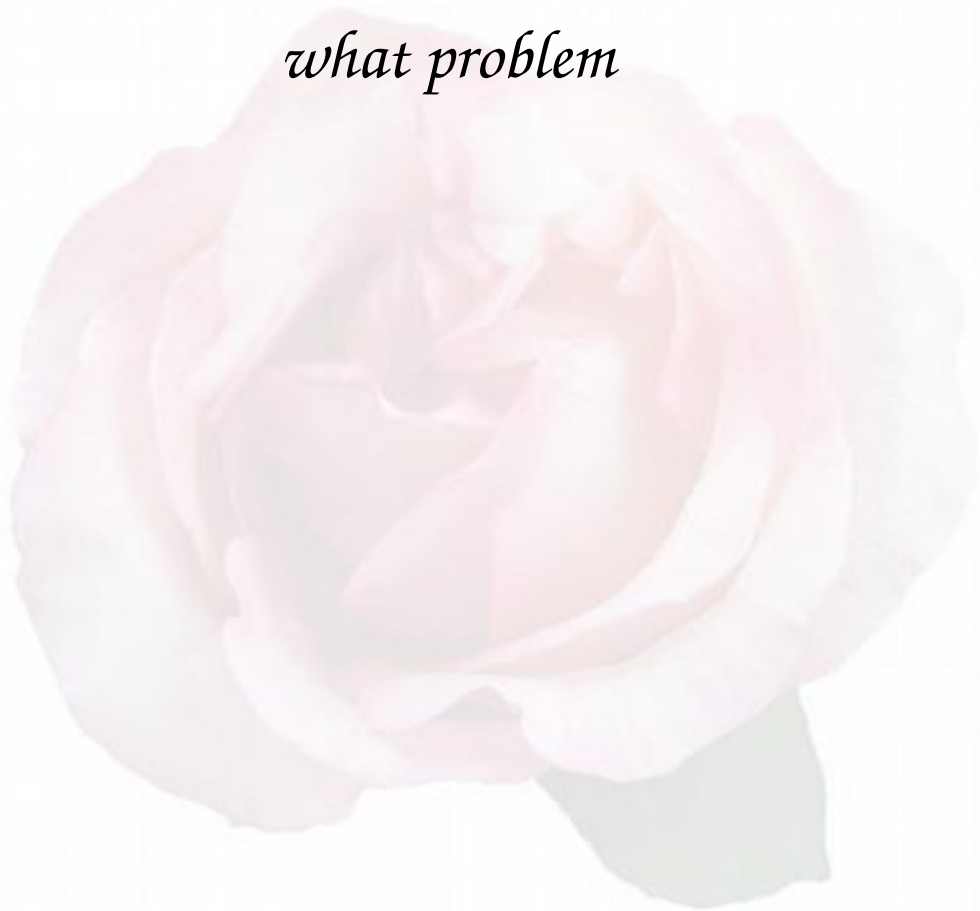

As you can imagine, Father gave us this information when I was having some rough moments in my journey with Him. Holding fast to my Faith and Knowledge of my Desire for the Father has indeed seen me through all difficult times.

Thank you Father and Martin !

On a SunShiny day of balanced weather--Just right--Perfect, you might say !

AUGUST 27, 2010

*what problem*

We have talked about the following issue many times without my being so succinct. This quote puts the responsibility firmly on The Person with the "problem". After all, the unrighteous - unholy have no "problem". It is only The People who see a need for the end of such deception.

Martin included this quote from our book *A Refinement*<sup>31</sup> in his blog<sup>32</sup> today:

This attitude is very unfortunate for humankind. In Truth, words do matter. We have said in "Life and the 'game of circularity'" that power can only be taken away with the consent of both parties. Thus, it is a requisite that those who engage darkness, inform [The People], who they [the unrighteous - unholy] serve by sharing their real intent – it is like a Divine Law they must follow. This they will do with a word, an intonation, a sentence, a concept, a suggestion,

---

<sup>31</sup> <http://bluestarwaypublishing.com>

<sup>32</sup> <http://www.bluestarway.com/bluestarblog/>

an action, sharing a choice they made, something they did. This they will do while saying all the right words with the hopes, of course, that this listening party will disregard that one word or sentence that contradicted everything that was said. When the listening party ignores this warning, it tacitly says, "I have listened to what you said, but I would rather deceive myself and allow you do what you really want to do". In other words, the listening party disregards the Divine when he / she chooses to ignore the 'red flag' in his / her mind. In so doing, the listening party lets go of safety in the Divine, because permission is given to be attacked or engaged by darkness.

The parenthesis are added for clarification and the underline is added for attention. I "take it Personal" when I read this quote. I have often bemoaned circumstances that persist, regardless of my effort in other directions. When all I needed was a reminder of what The Father had already taught. Somehow,

though, like many People, it didn't have the "value" when he gave the understanding that it does now. Thank you, Martin for your remarkable gift of remembering and locating what The Father has taught.

It is important to remember something from "A Course In Miracles" (which I do not endorse as a whole writing), "If Love is the answer, what is the problem?" That is to say, where there is Love, there is no problem. And, if fear is always the problem, then where Love is there is no fear. If you hold onto the problem, what do you fear that you are not ready to exchange for Love?

On a SunShiny day of balanced temperatures, CrystalTurquoiseBlue skies, Pure air and cool balmy breeze, with Pure rain !

*addendum*

I had planned on waiting until tomorrow for further clarification of today's post, but it seems too pressing to be left to future potential.

The difficulty inherent in listening to someone you care for, who serves unrighteous - unholy interests is that, there is a "catch 22".

"What are you going to believe?" A quote I have heard so many times. Being one of The People, seeking Truth and Love and Joy and Peace, of course you must believe the good part of what they say. If you were to believe the Truth of what they say is in the part you don't want to hear--the part that identifies their actual intent and allegiance to/for unrighteous - unholy, you would not be seeing their Divine Potential. AND, how could someone you care for serve the unrighteous - unholy?

The very difficult Truth is, The People who choose The Father way identify their Self as one who does

so. They would not identify their Self as serving the unrighteous - unholy, even for one moment, one word, one sentence. (Although more likely, for one who serves the unrighteous - unholy identification would be repeated, more lengthy acknowledgment of the truth.

Even those who play no card games have probably heard the phrase "cut your losses" or "don't toss good after bad". This is very True of relationship with the unrighteous - unholy. As we have discussed, you are not able to save, be responsible for, live in false contract to, any other. When you have ended all these deceptions, and the drain is too great for you to follow your Destiny with The Father and Source, it may be necessary to part your journey from the drain on The Father's gifts to you. When you are drained more than you can receive, you have strengthened "them" and damaged you, your health, your performance.

Only you and The Father can Know what is your Path and what is right for you, but believe them if they tell you they do not choose The Father.

On a SunShiny day of Truth !

Thank You for balanced temperatures, Pure rain,

Have we talked about making paper from herbs?  
Of course I know we haven't. On a recent journey  
into shortbread pans I found information on using  
the "cookie" molds for paper pressing. (Brown Bag  
Cookies <sup>33</sup>) Beautiful projects can be created from  
moulding one's own paper. As one click lead to  
another, I found a site <sup>34</sup> for making paper pulp

I went to Jeff Crow's website <sup>36</sup> recently to see what is changing. As always things here, things there. I heard someone recently mention the "Black Salve" and the governmental oppression of the man who created it. I couldn't remember where I had seen the salve, but there was the recipe. *sorrow and motor oil*

sorrow is like motor oil. Thick and viscose, dark, flowing, with streaks of color.

Sorrow is *NOT* a penance one pays for mistakes. It is an energy of sorts, that flows onto one who mistakenly believes sorrow does some spiritual good. In Truth, Jesus would not have been a man of sorrows. our lady of fatima would not have been a lady of sorrows. She does, however point out the connection between the unrighteous - unholy and what is being done to the Earth. (Keeping in mind the division between the four groups who arrived here 7000 years ago, the geneticist-darkness and the triad of death, decay, destruction, all of which I simply refer to as the unrighteous - unholy.

Correcting the mistakes deception has brought upon us can take many routes depending upon the circumstances. One primary way we have touched on, is to Pray to Father Which Is In Heaven to:

correct the mistake,  
to end any damage done by it, .  
to return all those connected to the mistake to where  
they would be if it had not happened.

This is not to say the person might not have learned  
what good could come out of that particular event,  
however, when one acts in unrighteous - unholy  
fashion, it remains so. It doesn't magically become  
some "good" event that makes it OK to act in  
deception.

Sometimes we can correct mistakes by taking action  
in the physical world. An apology, an action, an  
acknowledgment of Truth, might be sufficient to  
correct the mistake. However, direction from Father  
will show the way.

The most important problem with sorrow is that it  
"drains" the Life sustaining energy of The Father  
from us and "feeds" it to the unrighteous - unholy.  
When sorrow slides onto us and fills us, the energy

of Truth and Life and Love is forced out of us and "harvested" by them. Since The Father will NOT feed and sustain the unrighteous - unholy, they must feed on The People. This is why, in Universal Law, if we continue to allow the unrighteous - unholy to feed on us, Father must reduce how much we are fed.

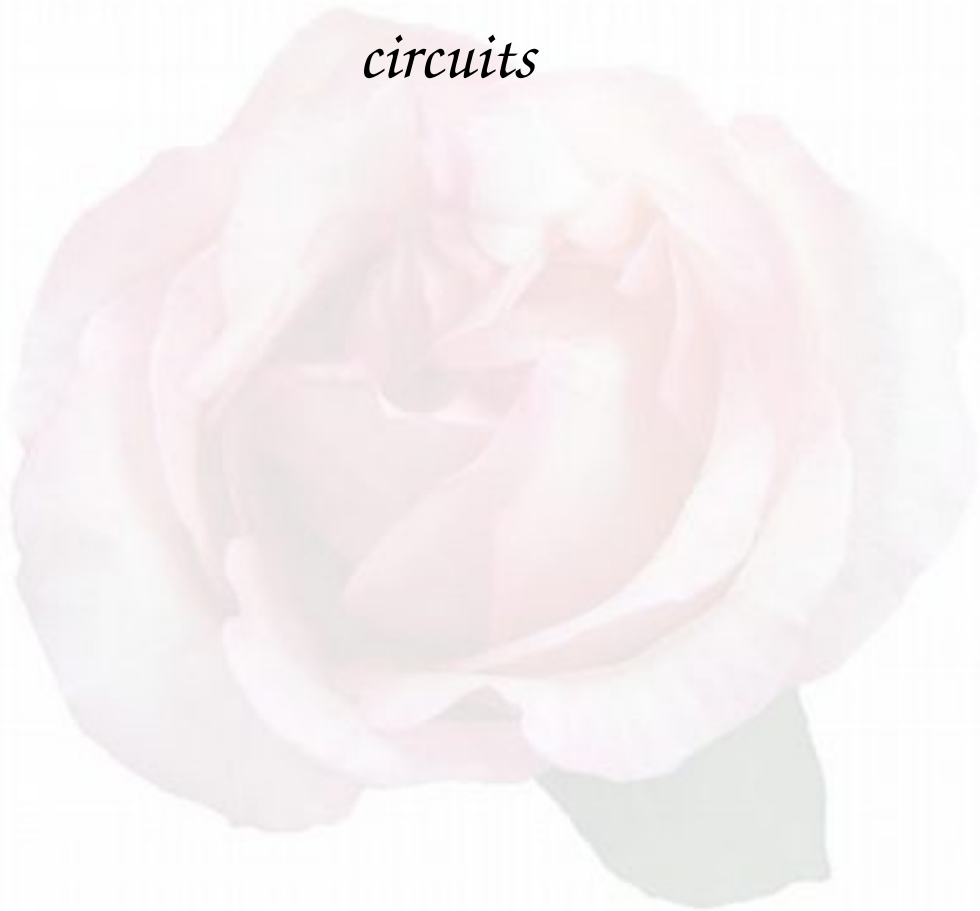

What we are Divinely given is to be used and increased for All Righteous and Holy activity in our Life. If we are "failing" in health, finances, relationships, we must look to where sorrow enters, from or by whom, and find our way to stop the leak. As I recently mentioned, music (careful about lyrics!) can be an effective way to do so.

*circuits*

Thank You Father for cooling Pure Rain and balanced 60 - 80 degree temperatures with a cool balmy breeze under turquoise blue skies.

Do you think your exchange with the "power" company is a Right and Proper / balanced exchange ? If money is power, what kind of power are you "giving" them ? What will you do for power when all plastic is imploded (if you survive that toxicity) ? The coating on most wires will disappear and bare wires have certain problems. What about the plastics in your circuit boards ?

How great is your desire / lust for electrical power ? Do you do everything you can to keep the "power" on when times get rough ? What about cooking, refrigeration, the ice and cold water dispenser that makes toxic water bearable to drink ? Is your darkest desire for the power of "light" ?

What if sorrow and lust were the primary energies that flow through the wires to you ? Not the machines, appliances, bulbs, but to *YOU* ? What if these dark power energies force the Divine energy out of you to be skimmed off by their circuits ? What is the price then ?

What is the Divine answer in all this ? Divine energy, as we touched on yesterday, is not given to unrighteous - unholy use. If it gets harder to pay the "power" company, perhaps you are "feeding" the unrighteous - unholy.

There are other ways to utilize the Power of Divine origin available to us. The Light of Divine energy is *NOT* the deception of a "power" company. The Power we are afraid or unable to personally express is of Divine Origin. Just a gentle reminder that if fear is present, *LOVE* is not present.

Perhaps it is time to extinguish our lust / desire for  
unrighteous - unholy power and receive the Divine  
Power of our inheritance, heritage, birthright.

*Blue Thunder*

This morning a radio show from yesterday was posted which I would like to recommend.

Quite a long time ago, Martin and I discovered Prophecy Keeper <sup>40</sup> radio, from Dr. Robert GhostWolf's website. <sup>41</sup> On Will Blue Otter's radio show <sup>42</sup> we heard Blue Thunder <sup>43</sup> (Bennie LeBeau). We respected what BlueThunder spoke of and asked The Father if he was speaking as a Righteous and Holy man. Father said he was / is. BlueThunder was the first man we learned is a Righteous and Holy man. This is to say, he knows his Divine Purpose and is full-filling it. You could say he is playing his part in the Celestial Symphony.

BlueThunder spoke on a radio show <sup>44</sup> yesterday (which I am not endorsing since this is the first show I have heard from them) I would recommend at the

following two website addresses. The first <sup>45</sup> is to listen, the second <sup>46</sup> is to download. I have minimal thoughts on how long the show is available. It appears to be for at least a few weeks.

In the midst of all these links, I would like to restate, BlueThunder is a Person worth listening to and supporting. He does ceremony for People and the Earth to end all unrighteous - unholy energy and to re-turn us all to Divine Presence. He seeks Truth and the opportunity for Righteous and Holy expression for us all. No Person is too small for BlueThunder to respond to. I have found him worth listening to and listening again.

*creativity is everywhere*

This morning there was a link on Survivalblog <sup>47</sup> that gives instruction on making a battery free flashlight <sup>48</sup>. This is way too complicated a project for me, however, there are People who are here to do just such things. The instructables <sup>49</sup> website is an amazing assortment of do-it-yourself projects, materials-at-hand kind of stuff. It should spark the Creative Nature in us all.

I received the Brown Bag Cookie, Paper Making book recently. What a beautiful book ! For someone who's Creative Nature is sparked by paper-making, this is a great book. Used copies are out there. Instructions from the frame to the finished project are in the book. Some of the illustrations are "Victorian" style, with ink dipping pens and antique style bottles. Beautiful photography !

<sup>48</sup> <http://www.instructables.com/id/Rechargeable-flashlight-without-batteries/>

<sup>49</sup> <http://www.instructables.com/>

Speaking of Creative Nature, Martin is sending a few of our children's books <sup>50</sup> to Blue Thunder <sup>51</sup>, at his request, for him to gift the school children where he is. It has been exciting to see the books "roll off the printer". The Frog and the Angel Fish has beautiful watercolor illustrations by Martin. Farmer Fairy and Elfen Alvin are illustrated with our photographs.

How does your Creative Nature express ? Every Person has a Creative Nature waiting expression. When I met Martin he believed Creating a water filter was not "creative" -- Spiritual. Now, by Father's guidance, he knows the beauty of Creating a water filter as if it were a fine piece of jewelry.

*differences*

Yesterday was a perfect day of cool balmy temperatures, TurquoiseCrystalBlue skies, cool breeze, puffy clouds !

Thank You Father, for each and every day, the Divine Way.

I have recently listened to Dr. Sutter on One Radio Network <sup>52</sup>. He has a slightly different "take" on health things. Very articulate man. I believe each and every Person has different circumstances which require understanding what will work for them. I go to Father to know what is Right and Proper for me in my journey.

As Truth becomes more active in us, so does health. It seems to be mostly the presence that slipped in the door, which causes anything less than our perfect expression. Dr. Sutter was at the door where death enters and never succumbed to its

---

<sup>52</sup> <http://www.oneradionetwork.com/>

presence. He found the way back to Truth, as he experiences it in his Life.

He is now able to share with other People what he found to be True, so they may progress to health, wholeness, and Joy.

The differences between the People I recommend "doesn't make anyone wrong" (to quote Blue Thunder <sup>53</sup>). It says there are many ways because there are many differences. Truth remains Truth even when the facets of its expression are beyond our counting.

A mistake Martin and I made in the beginning of our journey together was to think "one answer does all". What The Father teaches may be an answer for one or a few--because there are differences.

We have selected the material of our books for general application. What generalizes to The

---

<sup>53</sup> <http://www.tetonrainbows.com/>

People, rather than being individualized. We have often asked who the information is for, sometimes noting it was specifically for one of us.

May your way be made clear as the CrystalBlue skies !

*further Truth*

To further our view of Truth, it is necessary to provide an example.

Magnesium is considered a necessary dietary supplement. A supplement because it is generally insufficient in our current diet. It generalizes that Magnesium is needed for the health of The People. It generalizes that The People will see the day they once again receive it directly on the SolarWind in "days" that are only The Divine Light of our Sun, (with a few hours of twilight) no darkness.

Until we are capable of receiving the SolarWind upon the Earth again, and the skies are Pure enough to allow it in, we must receive magnesium through the skin (trans-dermal) or through the mouth as a food or supplement.

All these ways are Truth. What Father teaches about Particles on the SolarWind is Truth, "they" are just beginning to allow us to know. This Truth is

becoming "mainstream". (pun intended) Father's second choice (Truth) for us, is to receive the nourishment in the food. I think from what I have heard on the radio shows mentioned in previous blogs there are two other Truths, depending upon the individual, (Dr. Sutter and Dr. Scircus), which are that some People need oral supplements and some need trans-dermal supplementation.

We have already established, I provide no medical advice, just sharing material. These are discussions among "friends". BUT, we don't yet consider talking about magnesium in our diet a medical / pharmaceutical issue do we? We will not support the day we would see this, would we?

The point of all this is: Truth is multifaceted, depending on your ability to understand and express it, through your physical, Spiritual, and mental condition. For me, the goal is always the Truth of Father's teaching. It is the Universal Truth for all

The People. On the way to that Truth, we each do the best we can.

*deceived or deceiver ?*

We've been talking about Truth being a progression in understanding or expression. When listening to differing opinions, recognizing there are People who will find Truth in one rather than another, and "vice versa" -- (What does that really mean?)

When I recommend a radio show or web-site, this does not include blanket endorsement of all The Person says and does. unrighteous - unholy activity is so prevalent in the churches today, that even religious affiliation means nothing. What One must do, is look to Father Which Is In Heaven for direction. He will provide Truth as it applies to you, where you are.

In listening to anyone, it is necessary to hear what they say. Of course, you say. But this is to say, listen also for that moment, instant of Truth which would say "deceiver". However, discernment requires allowing that The Person may just be deceived and doing their best to express Truth.

Father is the only place you can turn, to confirm which is which. Unless you listen long enough for the moment the person makes their allegiance clear.

Having been deceived in many ways over my years of sincere Desire for Truth, I realize these are difficult times for discernment. One must persist in refining, or fine tuning their discernment.

Simply ask to be shown the Truth. Is what you hear from someone who has been deceived, or from a deceiver and wait for the answer.

On a SunShiny day, in Truth and Love !

## *Yurts*

As I was exploring a website the other day, I came across a photo of the interior of a yurt. This set me on an exploration today of yurts. It seems to me from the photographs, that a yurt would have the nourishing qualities of a tepee. Although I'm not sure how much of the nourishment of a tepee comes from actually sitting on the ground.

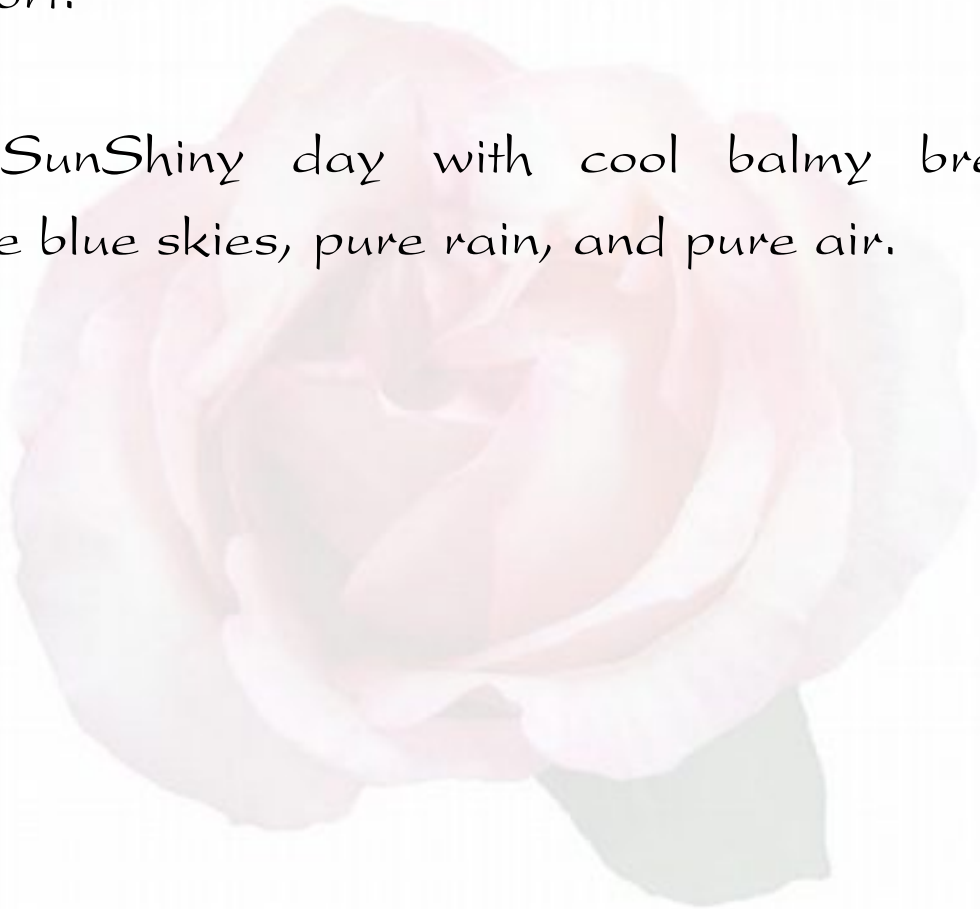

Pacific Yurts has a website <sup>54</sup> that has lots of fun photos illustrating simple yet elegant designs for a simple dwelling space. There are lots of other websites on yurts, not to mention at least one

---

<sup>54</sup> <http://www.yurts.com/>

instructable page on building an Alaskan yurt with materials at hand. While I do not believe for the long term yurts as generally constructed are the answer for point of departure, they may in fact be short term solutions of a nourishing, elegant, and simple sort.

*computer gliches*

We may be soon reaching a point of no computer communication.

The desktop went to sleep and won't wake up.

The laptop won't read DVD's and various other little glitches.

If we suddenly disappear, it will take a new computer to be up and running again.

No speculation on how long that will take.

The weather is definitely shifting here. The abnormal heat and drought are ending. The beauty of green grass and trees continued throughout it all.

*do gulf residents need a bath ?*

There is a cleansing bath recipe I would give my classes quite a few years ago. I adapted it from several others I had looked into. I'm sure others have been inspired to use this particular recipe, however, all I have seen don't. (Hopefully, my students still do)

you can take the bath at least 3 days in a row. Dr. Sircus (see past blogs) is recommending that gulf residents take one daily. his however, doesn't recommend peroxide.

The bath is 1--one cup (8oz or 1/2 box) EACH of:

- ◆ Baking soda
- ◆ peroxide (food grade is best, which needs diluted--there is one website with good prices that Martin found)
- ◆ sea salt -- natural crystals -- not refined
- ◆ Epsom salt -- this is the natural magnesium salt

stir the bath good as you draw it. it is very unpleasant to walk on undissolved salt, especially the sea salt crystals. as warm as you like it. not longer than 20 min.

if you start to feel nauseated, or tired or anything, get out and take a little bit cooler shower.

It is a safe bath, but it is de-toxing and if you have too many toxins that start to move out too abruptly, it is not pleasant. by stopping immediately the stuff will stop. gentle is better. remember, salt can make a tub slippery. i never had a problem, but i mixed well.

remember, this is educational, nothing else.

*crumbling foundation*

We often feel that something somehow is wrong in our spiritual journey because of how much we do that is right by all the standards we have been taught, and yet the results are wrong. We never realize that all our “right decisions” are based on a foundation full of deception. It is a foundation full of holes, splits, fractures, cracks, all of which are empty spaces in a foundation that should be solidly based in Truth. No empty spaces, no deceptions. Yes, it does mean that deception is an empty space in our Spiritual foundation. Enough deception and we have left only a crumbling foundation. It is therefore of utmost importance to build a strong

foundation in Truth through the Father. As we are attempting to maintain structure upon a crumbling foundation it seems as though our world is falling apart--tumbling--nothing seems right, everything seems as though it is about to fall apart. It is only as we Faithfully rebuild the foundation in the strength and wisdom of Truth that we may find a day has come, in which our view has become aligned, stable, and accurate. We find that we now see "another way". Rather than the world being viewed askewed, it is balanced and clear. For this we must indeed give Thanks, and in this remain Faithful to Truth, the Father Way unto Source. Maintaining a foundation in which there is no deception.

*parasites are unrighteous - unholy presence*

In talking yesterday about "holes, splits, fractures, and so forth in our Spiritual Foundation, I did not draw the connection between the fact this is representative of our brain with parasitic infestation. When I began vegetarian eating, quite some time ago, there was no popular brain repair focus in health. Today, Drs. Blaylock, Amen, Gray, and lots of others, are teaching us how to have healthy brains.

In our books, we have touched on the "fourm" level of action, rather than trying to incorporate the idea of dimensions, etc. (Father has said we do not understand what dimensions are.) When Clif High was last on One Radio Network <sup>55</sup>, Clif said to Patrick he has "seen" the parasite "holes" in his brain. This was an inspirational confirmation for me. Since then, many insights have come.

---

<sup>55</sup> <http://www.oneradionetwork.com/>

The most important information is:

unrighteous - unholy energy can only enter us where we have a "hole, etc" in our energy system, where a parasite holds the hole open. Since all ill-health begins on "spiritual" levels, you could say this is where real healing takes place, no matter the maze it follows once in. When we chase around the maze, going here and there, dead-end, empty room, long hall, we never find the Truth. We are too busy with the maze.

But, if, in one single bound we could "leap over tall buildings", well, jump to the core of the matter--no maze to get lost in--we would bypass all the yuk and muck. "Gota problem-gota parasite".

As we are able to dis-spell the parasite and seal the "hole" we are able to be filled with the Truth of who we are--Love, music, power, part of the Divine plan. Using a command Father gave us, with authority, is

most effective in this process to cast-out the parasite:

*I don't play.*

*Get thee away.*

*Get thee away, ends your play.*

*blog update*

I've been sitting back watching Martin the last week as he progressed on his current blog train of thought. It began with his visit to the creamery <sup>56</sup>.

I found these blogs to be inspirational, and on occasion, moving. I would recommend his blog for additional reading.

I expect that tomorrow I will resume some content in my blog. Scheduling one computer for two bloggers is beginning to work itself out. We'll see how this computer holds up.

SEPTEMBER 20, 2010

*round and round*

One day J sat watching as an ant scurried round and round the edge of a pail of water. Then some time later J saw some other type of bug scurry round and round a jar top. Both bugs could only jump toward assumed safety when motivated by action to remove them. Neither bug jumped into the circle formed by the rim of the container.

This got me contemplating why bugs won't go into the center of a circle. J could assign lots of reasons. One thing was obvious, they just kept doing a repetitive, futile act, no matter their intent.

Such action seems applicable on a broader scale. No matter the size of the "bug" -- or unrighteous - unholy expression, they seem to keep doing what they've been doing until forced into different action. History wouldn't repeat itself, if they didn't control history. The People wouldn't keep making the same mistakes, if The People were making choices free of deception.

Then, there is the idea of protection being a circle. A circle of Light, a circle of people, a circle shield, a circle dance -- you know the list. Perhaps this is founded in natural observation of what is unrighteous - unholy being unable to enter a circle.

Just some thoughts on a beautiful day.

*a microcosmic story*

Let's share a little story today.

What if, once upon a time there was a really smart computer expert who designed a program for webbots? And when he would read the data these bots collected, he always assumed it was projecting a macrocosm event. He hadn't noticed a little piece of his "parking lot" of data that he collected was parked the wrong direction.

So, periodically he would have a microcosmic event that had macrocosmic ramifications. He had assumed an event with macrocosmic results had to be a macrocosmic event, like 9/11, rather than a seemingly insignificant individualized event.

What if, in this story, there was One of The People who had a heart True and Pure, and would one day see a shift in consciousness that could re-turn The People to their Divine State of expression on Terra? Of course, the "powers that be", or unrighteous -

unholy, would reach a point of desperation as this One progressed, to the point they would launch an all out attack.

Being a microcosmic event, this all out attack wouldn't be on a country, it would be more like "remote viewers", layer upon layer, "cloistered" away in secret rooms of a "monastery"--the very best of the best, who would launch an attack to innervate the One Person, so as to appear this Person had a heart attack. Do remote viewers cause heart attacks? Not exactly. They convince a Person's body it is having a heart attack by this innervation and the body responds as if the attack were a real heart attack.

In this microcosmic event, the Person had only The Father and prayer to intervene. And group by group, one by one, layer upon layer, these remote viewer attackers were repelled and rendered useless. Of course, they had reserve troops, er. . . we should say remote viewers to call upon. So they

waged their microcosmic war for some weeks. In the end, Universal Law ended their attack.

And Clif, er . . . our computer expert never knew he was accurate, in that an event did occur when he said it would. An attack of vast import. However, not everything the unrighteous - unholy do is known to The People. The events quietly come and go, and only a few People know, and The Father Which Js In Heaven, who our computer expert doesn't believe in.

Either our computer expert is our hero or a mole. He "saw" how their parasites infest our energy body creating the "holes or doors" and that they exist on the only level at which true healing and health can take place in us, as the unrighteous - unholy are cast out and the holes or doors are NON.
