Divine Law carries restorative Power and compense.

What is Created by Divine Authority
is Protected by Divine Authority.

We leave it to Divine Law to balance any transgressions.

restorative: give back, put back to former state, return

compense: remuneration, counterbalance

Father Which Is in Heaven:

"In Right and Proper Exchange of Information there is but one conveyance in Right and Proper Order of Divine Expression.

**The Divine manifests in multiple ways, in multiple cultures.
It is each unto its own way of perception.**

It matters not what others may say or think, it matters always only that which is Divinely Appointed each day.

It was Given unto your perception,
Right and Proper Orderly Progression
of Divine Nomenclature each and every day, step of your way.
Those who transpire to subvert your words and direction
shall Penalty pay,
for that which is Divinely Authorized Nomenclature,
subsides, subsists in Grand and Glorious Scheme.

Let no man put asunder that which is Divine in Nature.

**As to exact literal translation, there can be none.
It is, would be, a departure from that Divinely Authorized
Conveyance should you undertake to do so.**

Yes, the gist would remain intact, however, the nuances,
reflections, inflection would no longer convey the subtle
multidimensional unrefracted Nature.

It is by Divine Appointment this Conveyance comes
in your time, in your way.

**Let not those who would put asunder Direct Divine Conveyance do so, at
Penalty of perjury of Divinely Authorized material."**

nomenclature: system of names used as a science or art

transpire: seek to bring about

subvert: ruin, corrupt

subsides: descends

subsist: as means of maintaining life

asunder: separate into pieces

perjury: voluntary violation of an oath to tell the *Truth*

oath: a solid appeal to the Divine to witness to the *Truth* of a statement or the
sacredness of a promise.

NOTICE TO READER

This book provides a means by which we can share what we have experienced and come to *Know* in this journey toward awakening. It was created based on "where we were" at the time of its conception.

Future material will show Spiritual Progression in Awakening.

This material is for individual use only.

It is intended to spark creative contemplation and consideration of 'if... then...'.

It is intended to provide a means by which you can enhance your experience of that which is Divine (rather than to provide a means by which you are told or taught what to believe, how to behave, and what is right or wrong).

Because this material brings *Light*, you may find some of it very unsettling.

It is ultimately you who, through your Spiritual Awareness and Prayer for *Discernment* and Guidance, must establish the Divine *Truth* of what IS.

As you do so, *Know* that Divine *Truth* is a Progression of ever expanding refinement.

Divine Answers *Respect* all living things.

Should you choose to do so, any incorporation of this material into your life is at your discretion and your sole responsibility.

Know that the Divine / Father Which Is in Heaven is available to provide additional support in understanding, learning, or applying this material in your own life.

In Our Words

We want to make it perfectly clear, especially to the young who have not been raised in the way of Respect, that we have posted the requirement Father has placed for the material presented to be and remain accurate, unaltered, and fully True to the context of His Teachings.

The Penalty He has clearly outlined for subverting this material is not something that would be implemented on an individual level, but by Universal Law. This carries its own retribution.

To those who would scoff at this, thinking themselves immune to Universal Law, we can only say, please be aware that these are not empty words. Ignoring Universal Law and the Father's Way does not bring absolution from the consequences of one's actions. Anyone focused on the Father Knows the Truth of this.

This is a free e-book. You may freely distribute this material and file only in its complete and unaltered format. This includes printed material. All material shall retain the "In Divine Service" notice and the Words that Father has Spoken regarding His Authority in Universal Law for the Protection and retribution of violating His Word.

You may freely reference this material only if you correctly "cite your source". That is to say, to make reference to information from Father's material you will appropriately credit BlueStarWay and the name of the material from which the reference was made. **References and quotes may not be taken out of context. Sentences in italics shall remain in italics to indicate direct Conveyance from Father Which Is in Heaven.** No referenced or quoted commentary by Martin, Mister, or Linda is to be given or presented as direct information from the Father, but rather as having been shared by their understanding at the time the material was written.

Side note by Martin

The Father Which Is in Heaven referred to in all of the material Linda and I have created is the Father Jesus taught us to pray to in the Lord's Prayer. 'Living God,' 'Father Within,' and 'Father' are used interchangeably and refer to the same Father Which Is in Heaven.

Please take note that the concepts we have "inherited" in regards to Who and What the Father Is, His Desires, Goals, and Aspirations, as well as how He Manifests on Earth and in Humanity are very limited, constricted, and quite frankly suffocating. Please do give yourself room for expansion in this regard and do not be put off by the use of this terminology. The information contained in this book is neither patriarchal, religious, spiritualist, scientific, dogmatic, atheist, shamanic, new age, worldly, alien, nor any other modality. It just Is what it Is.

Also be aware that while there is only one Father Which Is in Heaven and no one else can "claim" this Name, the words 'god,' 'father,' and 'lord' in and of themselves seem to not carry this type of restriction. Therefore, unless one makes it clear that the use of words such as 'God', 'Living God,' or 'Father' specifically address Father Which is Heaven, it is possible for any number of entities floating around with a 'god' or 'lord' complex to answer the call.

That this is not an issue to be taken lightly is shown for example by the vast numbers of people throughout history who have gone to war, plundered, and taken human life presumably under 'god's' direction as well as by the number of people who still subscribe to this day to the divinity of such guidance. It is also shown by the vast number of people who deny, sacrifice, and flagellate self or others in the name of 'god.' Father Which Is in Heaven would never incite such actions. He has made this very clear to Linda and I again and again.

Obviously, there is a great need to be very Discerning in this matter and while it would be easy to get lost in terminology and arguments, this is really a matter of the Heart and of Intention. For the western or 'christianized' mind, the term 'Father Which Is in Heaven' together with the refinements included in this book can be a helpful aid to hone one's Heart and Intention in the right direction.

I specifically say 'western' or 'christianized' mind because Father has Conveyed and made it very clear to us that:

*The Divine manifests in multiple ways, in multiple cultures.
It is each to its own way of perception.*

And while different cultures do have different terminology and ways of relating to the Father, it is the case that all those who successfully commune with the Divine share common traits such as Harmony and Oneness with Nature, Peaceful disposition, Respect of Self and others, and Sovereign Expression. To these cultures and people the notion of destroying, killing, debasing, conquering, subduing, converting, ruling, dominating, or profiting from their fellow men and Earth is incomprehensible and alien indeed.

Whatever you do and whichever way you Honor and Develop your Relationship with the Divine just remember that Divine Answers Respect all Living Things and that the Divine isn't engaged in any battles.

Something else that needs briefly explained is the convention we adopted to capitalize certain words that have various, and often times opposing, meanings and therefore are prone to being misinterpreted or misused because of this. In short, when we capitalize words within a sentence we do so to specifically refer to the 'healthy' and thus benevolent interpretation of these words that supports a Life and Sovereign Expression Harmonious with Creation and the Good Will and Intent of the Father Which Is in Heaven. When we write the same words without capitalization we do so to denote the misunderstandings associated with these words.

For example, in our writings, lower case 'l,' love, refers to the common misconception that associates this 'love' with sexual passion (which is a word derived from the Latin word 'pati' which means 'to suffer'), sexual arousal, and / or physical attraction and requires such things as putting others first, attachment, control, self denial, (self) sacrifice, compromise, duty, etc., etc..

Capital 'L,' Love, on the other hand, refers in our writings to a Feeling that Elevates, Respects, Cares, Appreciates, brings Well Being and Comfort, and supports such states of expression as Health, Humor, Kindness, Peace, and Benevolence. An experience that is innate to our Being or Who We Are and is independent of others although its expression in us may be facilitated in their presence just like being in Nature facilitates us getting in touch with our inner Peace.

Similarly, little 'p' play denotes doing things in the way of the world and from the perception of the world. It includes slabor, fighting, resisting, profiting, ruling, destroying, abusing, killing, warring, saving, converting, and trying to defeat or overcome the 'bad guys,' whoever they may happen to be at any given time, so we can be 'safe.'

While, big 'P' Play indicates what we came here to Earth to do: Play in Father's Garden in a Light Hearted, Respectful, Joy-full, Constructive, Edifying Way through which we manifest our Divinity and expand our experience, KNowledge, and Understandings of Creation and Father Which Is in Heaven's Good Will and Intent for us.

As you can see, this convention, while seemingly simple, is of utmost significance to facilitate a Proper interpretation of our writings.

Obviously we can't nor haven't applied this convention to every word we use for that would be too cumbersome. Neither does this convention apply to proper names, though many times we purposely 'downgrade' a proper name to lower case to emphasize the point we seek to convey.

Occasionally we may miss a capitalization, however the concepts being conveyed within the sentence and paragraph will make it perfectly clear whether we are referring to the 'unhealthy' or 'healthy' meaning of the word.

In-Joy

Happy Solstice New Year !

Happy Solstice New Year !

As we have noted, we're ~mid-pause as the Earth makes its turn to progress back around the Sun. Martin has been blog ¹ writing about what The Father has told us, long ago, which we placed in our science fiction book *Heliotropos* ². His blog makes for interesting out-of-the-ordinary reading, with nice illustrations.

¹ <http://bluestarway.com/bluestarblog/>

² http://bluestarway.com/bswpublishing/books_scifi.html

J had mentioned at Homily Giving Thanks day that it was the time to pray and Desire your direction for the New Year. To establish your "signets" and Rhythms. Well . . . may be J didn't mention signets and Rhythms. Perhaps J will soon.

The past four weeks have been very "enlightening" for many people J have talked to. May we continue to progress In The Father Way with such great Clarity !

On a SunShiny day of Purity in air, sky, water, with balmy temperatures and breeze !

As The Father bestows

I brought some spring lavender into the desktop this morning. It certainly complements the SunShine on the wall.

It seems as though the darkness is over and Light is increasing.

Multi-color lights sparkle on the wall, as the SunRises and SunSets are seen in their glow.

May this day be one of Joy in Truth !

On a SunShiny day of Peace and Love with blue skies, balmy breeze, balmy temperatures, and all The Father Bestows !

DECEMBER 25, 2010

reindeer deception

This blog and BlueStarBlog have touched on the Christmas deception, but then this week a new one was added. It is the Reindeer Shaman story. In this story, I quote "he wore the reindeer hide bloody side out, so he seemed to be wrapped in a bright red coat". Great children's story, or *NOT*. unrighteous - unholy indoctrination clearly at play here.

How much deception will we absorb before we turn toward TRUTH? How much deception is required to ask The Father for Divine Truth?

Not the kind of thing you want to hear on Christmas day? It is not the kind of thing I want to hear any day. As I seek the capacity to not open the door, or not seek to see the cause of the ripples of deception upon the water, I Desire Truth, Love, Joy, Peace, Strength, Life, Principle.

It doesn't matter if the blood is at the beginning or end of the story, it's all deception. There is *NO* shedding of blood in The Father Way. You must ask who are these gods that allow or require the shedding of blood? The god you must do battle for? The god you would sacrifice yourself for?

That is *NOT* The Father Way.

Perhaps today is the day to begin anew in *TRUTH*.
The day you seek a different way.

May this New Year bring an end to deception and return us to Truth of The Father Way to Source !

On a SunShiny day of Peace and Love, with balmy breezes, pleasant temperatures, blue skies, and pure air !

dec 25 addendum

I would like to add, that what I posted in no way indicates a "world order" is good.

The two factions of deception are each extreme. One is death, decay, destruction, the other is darkness. One purveys the "blood" concept, the other promulgates one world of peaceful enslavement for the good of all.

Let us end all deception *NOW*. Let us not do what was claimed we did.

Let us NOW begin a-new in Truth and Wisdom.
Let us re-turn to our Divine Inheritance, Heritage,
and BirthRight upon Earth.

Let this time of ending and re-birth, which ever
tradition you subscribe to, have a new energy and
thrust into TRUTH !

On a day of the Glory of SunShine, In The Father
Way !

Walk in Simplicity !

DECEMBER 26, 2010

changes

Tomorrow ends the Pause Days and we will soon be on our re-turn trip around the Sun. This is definitely a time to make our choice for re-turn to Truth. These days signify an end to progression that would end in destruction. It is interesting that we are also approaching the time of Point of Departure, where the Sun will enter a new orbit.

This is the best time to reach Harmony with the Divine Plan in our Life. As all progression enters a new Path / Way the choice for Truth, Principle, Divine Law must be the foundation -- the paved road we travel.

On a SunShiny day of crystal blue skies, balmy breeze, pleasant temperatures, pure air, proper moisture !

DECEMBER 27, 2010

"never was"

A very clear statement of unrighteous - unholy presence controlling the church was released for christmas. In typical abuser fashion, the "victims" are being blamed. If this man is the representative for "god" on earth, how can one follow this "god" concept?

All of that deception must end. We must find the "never was" point of perception.

With The Father we find that point of "never was". With The Father we have always been whole, complete, Blessed. There has never been any broken, damaged, abused in His awareness of us.

The confusion / deception of "god" intermingled with Truth of The Father, has been by design and it is time to re-turn to TRUTH. We need a new design, a different design. We need a design progressed from The Truth of our original state wherein The

Father walked the earthly garden at our side. From this we can come to a new garden--the next step in our progression--the garden where Source will walk with us.

A new year has begun, we progress a new, re-turn path. It is time for new thinking, new perception. The Truth of thinking "with the mind of The Father" is that we can see new definition in the same words where we once saw with the mind-deceived. This is the main benefit of using the Dreams and Days ³ process to understand what was written. One develops the capacity to see new meaning in old words.

On a day of SunShine Joy, with crystal blue skies, balmy breeze, pure air, pure moisture, and balmy temperatures, May Truth be !

What do you see ?

A most amazing thing took place this morning. In place of the desire for warm comfort food came the desire for a fresh salad full of greens. Must be to say, summer is on the way ! Lots of people are saying that such an early, cold, hard winter must indicate an early beautiful spring.

The Father Way is balance, beauty, and balmy. As I affirm and "see" that day, I Know we are on the Way.

On a SunShiny day full of Love and Joy, Peace and Truth, with crystal blue skies, balmy breeze, spring warmth in the pure air !

DECEMBER 29, 2010

Look, Pray for, Desire TRUTH.

As I listen to the deception at play, I recognize the momentum gained for the deception. I see the progression of deception that could make Truth I have said about The Father appear to support their deception. Freedom from fear in such matters is important. So is discernment.

Look for, Pray for, Desire TRUTH.

Ask for Clarity of Righteous and Holy Vision. Trust that what you ask for Rightly, you receive.

I have been listening to some radio shows that have hosted someone who claims advanced skill in physics, who in the past few years claimed to understand why advanced technology is withheld from The People, and who now claims it should be available for all. This person has already diverted some Truth to the deception and I see potential for diverting Truth of the Earth and Sun Orbit into his /

their package of deception. This person has told a caller it is impossible to "escape" the hold of the unrighteous - unholy, once one makes the choice to serve them, yet tells his audience he has escaped their hold.

The choice for The Father is always possible. Penalty for unrighteous - unholy action is not avoided by doing so. Certain action and choices carry certain penalty. Or, specific actions get specific results. The choice for Truth is always the best option. As Truth becomes active, experience becomes different.

Affirming the Truth brings Truth active in your experience.

On a SunShiny day of Truth and Love, The Father Way is active and present under crystal Turquoise blue skies, with balmy breeze, pure air and moisture, and balmy temperatures !

Have you been feeling alone?

Do the "holidays" leave you without a feeling of belonging?

Is there a feeling of no one caring?

Then you are doing one of two things:

- ◆ You are looking to the world, not The Father
- ◆ You are living in a town or city, staying away from your lawn

If you look to The Father you know His ongoing, eternal Presence and Love.

If you go into your yard, even on a riding lawn mower, your connection to The Land will find you.

When you live upon The Land, with The Father, you are more aware. You are full-filled. You are thankful.

In other words, you don't need filled with the good or ill will of other People. There is no space for emptiness to dwell within you, awaiting deception to "fill" your space.

May you be full-filled with Truth of The Father's Presence and Love upon The Land this day and into the newest year !

On a SunShiny day of Truth, Principle, and giving Thanks, with crystal blue skies, balmy breeze, pure air, pure moisture, and balmy temperatures !

swift results

It is a most amazing process to talk positively to your body and see almost immediate results.

Admittedly this may be the result of many years of Desire and dedication to ending all unrighteous - unholy action in one's body. When changes are swift and positive, it makes all the years of dedication a wonderful investment in one's progress.

May this be a year of swift results In The Father Way !

seeds come calling

Seed catalogs are arriving as cars crunch by on the street below. If only . . . orders could be placed at each and every catalog for all the new and favorite seed selections.

Richters ⁴ catalog mentioned a new internet area called "zoo" which will sell unusual food seed from around the world. I can't link to it, because, as of this posting I couldn't find it on their site.

⁴ <http://www.richters.com/>

As always, Baker Creek ⁵ has a catalog that is a work of art, in and of itself. Jere recently purchased Comstock-Ferre ⁶ seed company. I had never received a Comstock-Ferre catalog and as I went to their site to request one last fall, was very interested to see the new owner was Baker Creek. Talk about a small world ! Jere made this purchase not very long after opening a new physical location in the Sonoma area of California. A magazine article on this "bank" opening is what took us on a road trip to Missouri to see the original seed company.

I know other noteworthy catalogs will arrive soon. They are certainly a pleasure of the new year.

rockin' and rollin'

The "new year" began with a lot of rockin' and rollin' geologically. All over the planet earthquakes, some quite large. Changes "afoot".

One of my favorite websites ⁷ is dedicated to compilation reports of planetary activity. They, by no means have complete coverage, but much of the activity is recounted there.

Another favorite website ⁸ is a rather fun one to explore. Pick "your" page before you bookmark it. The current temperature, time, sunrise, sunset and more can be readily available. The map of the sun's path is a really fun option available there.

Of course the USGS has lots of map pages available, with down-graded, down scaled, can't be ignored events. Yes, this is true. It has been publicly announced they down graded the "richter scale" a

⁷ <http://hisz.rsoe.hu/alertmap/index2.php>

⁸ <http://timeanddate.com/worldclock/custom.html?continent=namerica>

few years ago, the "government" required them to down-grade events within the past year or so, and to receive "permission" before release of event information. We see regular "proof" of all this with small events that can be identified but never are.

It was interesting, as J did some new year's file purging, to note "events" over the past four years J considered noteworthy. More than J remembered as J observe current events.

As we move to "Point of Departure" for the Sun, PLEASE turn to The Father for direction.

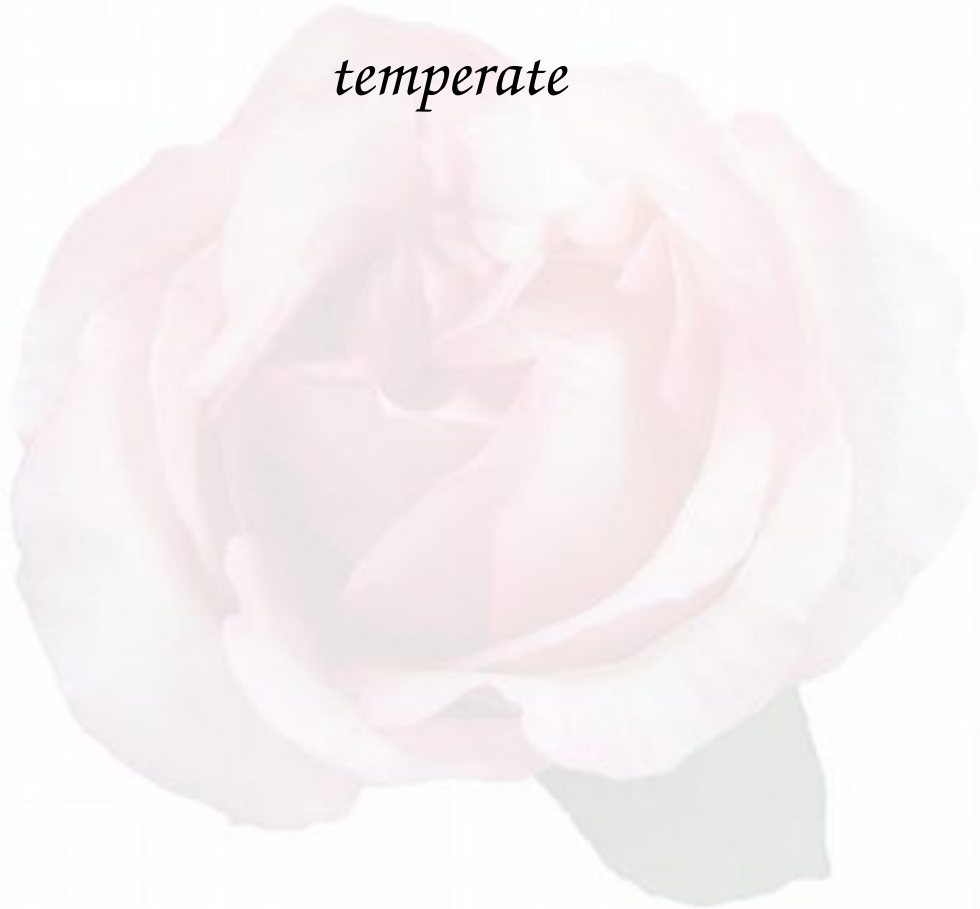

Preparation for the actual event will probably be simple. It JS coming, and you can notice here and there, some people have the wisdom or courage to indicate the Sun may be at the root of earth events such as "rockin' and rollin'".

another way

Seeing another way is available to us at all times.
To see In The Father Way brings new value to
familiar words.

Seeing things differently is to see options. Where
there was before only a stone wall, there comes only
a garden gate.

Truth is evolving when we Desire to see In The
Father Way. As our capacity to understand
progresses / increases, Truth evolves / refines /

a BIG thing to me

Martin has had a breakthrough inspiration in octal math. I can't put in words how excited I am.

This may seem like a small thing to those who closely guard this information, but it is a **big** thing to me. Since True math is an octal system -- the system of math of The Father -- I am extremely excited.

Martin has had an associated understanding regarding social Principles and math, which I look forward to hearing in his blog ⁹.

⁹ <http://bluestarway.com/bluestarblog/>

I'm still in the process of a new way of seeing, regarding octal math. What a fun, new view on my journey !

The only real reference to octal math I ever found on the internet was chinese computer math. No real explanation for the average person, just the fact they use it. This tells me the unrighteous - unholy have reserved Truth of The Father for their own use while providing The People the deception once jokingly referred to as "good enough for government work".

All the "almost" and "small deviation" problems of the deception, I'm sure will not exist in the octal math.

On a SunShiny day of Truth and Principle, with blue skies, balmy breeze, pure air, pure moisture, and balmy temperatures !

invite the green in

Thought about flower pots of herbs on the window sill? Now might be a great time to give it a try. Add some extra light as part of your decor to extend the plant's idea of day and you're on your Way.

Bulk kelp dissolved in a bottle to spray or pour and a spray bottle of diluted food grade peroxide will meet most of your fertilizer and pest needs for indoor plants.

When your plant is too big for your pot, cut and dry most of it for gifts or to store in a glass jar as preparation. Then let it grow again.

Plants are wonderful in the winter, and herbs are most hardy with the least need for tending. "Wild" kitchen grown, might be a new category of gardening.

Consider this as a Soul Nourishing Creative Project to brighten this winter. Too expensive to go to the store for pots, dirt, lights and so forth? What do you have on hand that can be re-purposed?

- ◆ A reflector light from the garage,
- ◆ dirt from the yard baked at 200 degrees for 2 hours on a cookie sheet,
- ◆ a few coriander seeds from your spices, or some other seeds you like and use, a piece of ginger or ginseng root,
- ◆ an ounce of bulk kelp from your local health food store,
- ◆ a garage sale or recycled pot soaked in vinegar water to cleanse,
- ◆ a recycled glass jar to dissolve the kelp.

The most expensive item is food grade hydrogen peroxide. Deception is used to withhold this great household item from the public by excessive cost. It

is a great safe pesticide, according to internet reporting on natural home care products. The only caution is that you *must* dilute it for use. There are informed claims it rids the yard of fleas, while supporting the natural nourishment of plants.

Have fun ! Share this creative project with a child (children). Invite The Father Jn.

necromancers

This seems to be the time of year People seek to know what lay ahead. Radio talk shows proliferate with necromancers who project what the unrighteous - unholy plan / will do in the coming year. The new arena of necromancers call themselves "trend" readers. These trend readers are able to do this because "they" do what has worked until it clearly won't work any more.

It seems to be the case that darkness is letting new necromancers out to play. "They", of course promise The People, but don't deliver unless "they" see unrighteous - unholy desire at play in or around the Person. The facade of these new necromancers is very attractive, but the demons present are very near the veneer.

The People have developed a confusion between

◆ Desire for the Divine Plan of Life

- ◆ desire for safety from the plans of the unrighteous
- unholy.

Of course this confusion was deliberately designed to further "their" agenda. When The People can't tell the difference between their Desire for the Divine and their desire for safety, confusion reigns. Confusion is not the beginning of healing, it is the presence of deception.

May The People look to The Father Plan this year and keep their attention there.

timely posts

I would like to highly recommend reading the recent blogs ¹⁰ Martin has been writing. He has provided excerpts from our book *Heliotropos - Toward the Sun* ¹¹ with commentary. With the current amount of environmental activity, it has never been more timely than NOW to read what *The Father* made Known in 2004-5.

This information has more specifics than I have provided in my blog. Much of the content of the book is being made available there.

solar another way

Have you ever noticed there are lots and lots of plans for solar ovens you can make yourself available on the internet? These easy plans often include "how to use" information, but if not, that too is available on other sites.

How the planetary conditions will unfold has not been presented to us in detail, but Martin has provided extensive information Father has provided us. It seems there might be a "heating up" of solar energy in the coming events. If not, a solar oven can

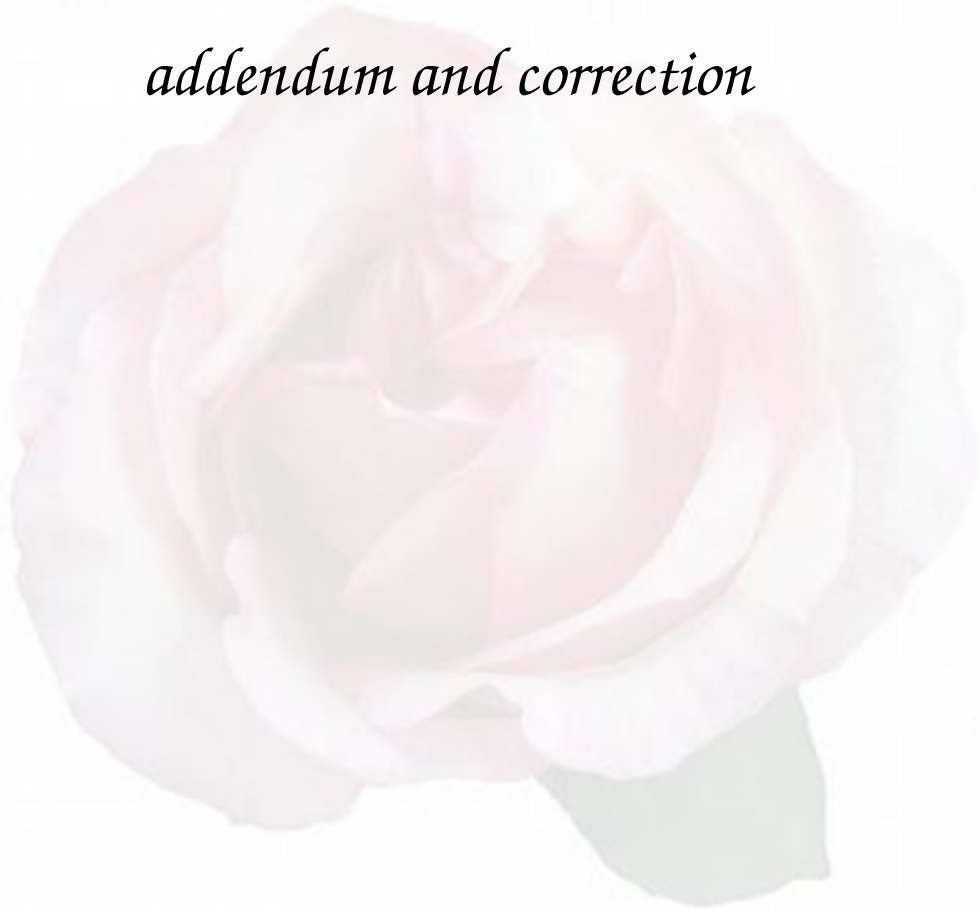

be used interim. Just REMEMBER, use no plastics or synthetic material !!

Even now, experimenting on weekends could be a fun, family activity. Let your meal cook leisurely and save preparation time. It adds a relaxed atmosphere to your adventure into alternative energy.

addendum and correction

J would like to add that Martin informed me the direct link to his category for Heliotropos will open to the latest / last entry. To read from the beginning you must scroll to the bottom of the page. He is looking into this feature of the blog-ware to select entering at the beginning of a category.

The correction J would like to make is that J noticed Father gave the information we used for Heliotropos in 2003 to 2004. Not into 2005.

make a book?

From beginning the blogs, Martin and I had the idea to make little books to accompany audio CD's of each 3 months. Recently Martin formatted the books for printing. What a fun thing to see ! It is always exciting to see a book take shape.

Just in case you're interested, a simple and relatively inexpensive software has been available at BlueSquirrel ¹² for Clickbook ¹³. It is amazing software that makes a full sized document into a book. If you've ever tried to figure out what page

¹² <http://bluesquirrel.com/>

¹³ <http://bluesquirrel.com/products/clickbook/>

would print on the back of your current page, you'll appreciate the minor miracle this software performs (especially when printing a different sized book). I remember when a mock book required cutting and pasting with scissors and tape to figure out the order of pages and then tedious transfer of pages in a document. Of course, now-a-days you can also figure out your word processing capability to print.

On this a 7 day, consider a creative project of printing a little poem or photos as a children's book. See how exciting creating a book can be !

wait and see

I believe I have mentioned the EDJS website ¹⁴ for environmental "events". It is a rather fun thing to see what is happening around the world. Of course, the 12 hour limit on some categories eliminates some information, unless you check it rather consistently. Some significant events don't make the listings, but others are there first, like the Sun rising two days early in Greenland. Unfortunately, they just (past 24 hours) changed the format for the website. When I clicked "details" for the Mount Etna eruption, there was no information. There was also no information for the "Cosmic Event" we had read Saturday.

vast implication

Father Which Is In Heaven has made clear that the physical body with its acidity - alkalinity, salt content, and water content is the reservoir (or to our perception, battery) for the Divine / Celestial LovePower energy constantly being received upon the earth. He calls it "Current-Sea" energy.

Inherent in this is vast implication for The People..

Upgrade of Linda's blog software

Hi, this is Martin. I just took this "server event" as an opportunity to upgrade Linda's blog software. The blog skin will be updated soon too to its original.

Thanks for stopping by.

sinkhole and volcano connection ?

The server is up and running ! Too many places, too many problems. Methinks too much foreign parts manufactured. While we've been down I saw an article on Spiegel regarding the African Rift ¹⁵ progression. Which in and of itself is most amazing. There is a link from it to the original report, three years ago, I think. What an awesome event ! For me what was even more amazing -- who would think more amazing possible -- was one of the 23 photos available with the article. The one titled: A shot of the volcano before the recent eruptions began ¹⁶. **INSTANTLY** connected visually with all the sink

¹⁵ <http://www.spiegel.de/international/world/0,1518,740641,00.html>

¹⁶ <http://www.spiegel.de/fotostrecke/fotostrecke-63771-3.html>

hole pictures I saw in 2010. (Well, most) The questionable, very unusual feature of the sinkholes was their perfectly round conical contour. THEN, there it was again, filled with lava ! JS there some connection? Will we hear of those sinkholes filling with lava? I would love to see a map from 2010 with all those sinkholes marked. Is there a pattern?

further sinkhole thoughts

Thanks to Martin for re-turning my blog to its beautiful self! The server doesn't like my software as well, so there is more difficulty when "things happen" such as "routine maintenance".

Did you get a chance to look at the photo of the newly forming volcano in the African Rift? Does it look like last year's sinkholes, or what?

If it is, the question becomes, are they natural formations? Will those new sink holes also fill with lava? There goes the neighborhood, if they do, since

many, including the one in Germany are in residential areas. Or, do you think it is the new selling point which will raise property values?

I saw photos last year of an "array" of these sinkholes in China, but they were in a remote mountain area.

There were no "oops!" reports that I saw, of space laser (which wouldn't exist, of course,) accidents.

Curiouser, and curiouser !

journals

A good reason to retain records of your prayers and answers to prayers, is that review will reveal your progress.

When you feel you're failing or things are falling apart, it's time for a review.

We have kept a "Beatitude" journal, which is a "Blessing" journal. Not only is it fun to do each night before bed, looking back on all your Blessings is affirmation of The Father's Presence in your life. It is a ready reminder of all the good you are experiencing each and every day. Looking for all the good in each day, Blesses the night.

accurate prayer

Lots of research has been done for a very long time regarding prayer. One aspect I have not heard discussed is accuracy of word choice in prayer.

When a Person prays from their heart, choosing words to accurately express their Heartfelt Desire is rather easily done. However, when speaking to The Father, word choice must also portray our accurate Desire to Him. It has been through His gentle correction of my perception that I have come to Know that sometimes (well, maybe often) I have chosen words that explore the deception when my Desire was for Truth.

Truth is **not** defined in terms of deception.

Learning Truth requires a different way / another way of "seeing". When we Desire this different way, or The Father Way of Holy Vision, we will receive it. What we must face truthfully is, whether we are ready to "give up" the deception way of perception.

possibilities

It is rather interesting, as we have reviewed some of our unpublished books, that The Father has said things that had no "value" in our frame of reference at that time. What now seems perfectly clear were just words then. Some poetic, some vague and nebulous, but all with no frame of reference to us at that time.

We are considering making some new understanding available on this and Martin's blog. We shall see what The Father's direction is in this regard.

anybeing else

My scheduled option for the blog is glitching around. Martin hasn't figured out the problem yet. I thought it would be more convenient for a consistent posting time. Perhaps it is more accurate to say, there has been intermittent success with scheduling the blog post.

Have you given much thought to the concept that all is one? What does the Father in me *really* indicate? One thing is sure, this is *NOT* a statement of cohabitation of a Person's body with anyone /

anybeing else. It is rather something else. I invite you to contemplate this idea.

If a Person were to embrace this false concept, it would open receptivity to co-habitation as an acceptable experience -- which it is **NOT**.

Starry eyed, airy-fairy, new age writings have romanticized this concept. One of the many dangers of such a "movement".

Desire **TRUTH** regarding this. Seek and you shall find.

On a SunShiny day of balmy breeze, balmy temperatures, balance, pure air, pure moisture, and all is well in the world!

JANUARY 29, 2011

. . . and off we go

The blogs are updated with the newest release of software. We shall see . . .

Did you give some contemplation to yesterday's question? If you are *NOT* co-habited by somebeing else, how is it you and some "god" or Father Which Is In Heaven could be One?

When Solar Particles condense into physical matter, our energetic body / physical body is formed. These are the same particles of The Father's Desire. The same particles that "form" The Father's Presence, and Source, and Gloriosa.

These are the same particles of a "vaster enigmatic structure" than I have here-to-fore perceived (even though I could perceive it now).

The Father and I are no more the same than I and an emerald crystal are the same. Yet we are condensed from the same Solar Particles. At the same time I am a like, unique expression of the same "type" as The Father. Just as a ruby and a sapphire are "like" condensation of Solar Particles, but unique.

We are unique, individual, yet "the same". This is NOT an equal statement to being co-habited by anything else.

iron from the Sun

We can't quite discern if the "scheduling" feature is blinky, or if I am being inconsistent in selecting it. We'll get it figured out.

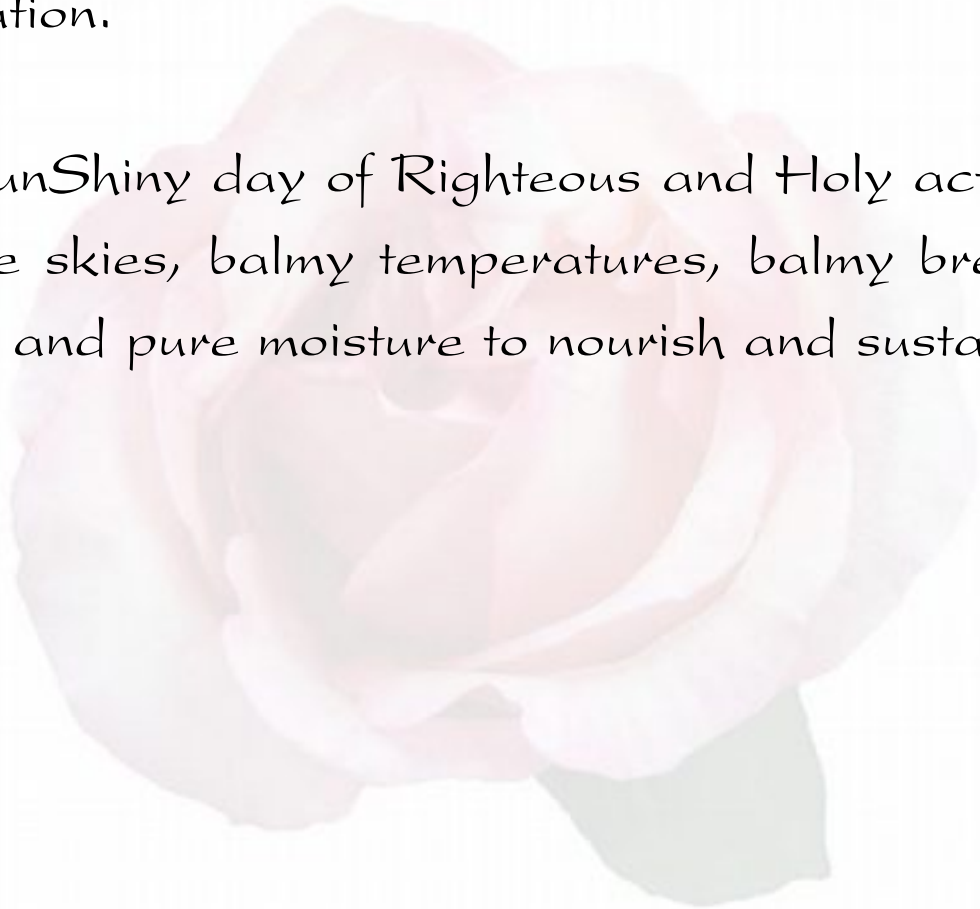

A few days ago I was looking at space pics ¹⁷ at the National Geographic website, on the internet and there was an eclipse photo of our Sun which showed iron particles leaving the Sun. Part of their description of the photo said " Swirls of red and green represent highly charged iron streaming from the sun's upper atmosphere". Just for those who

Right and Proper activity

On a balmy SunShiny day of sparkling water crystals, with balmy breeze, balmy temperature, blue skies, pure air, and pure moisture and The Father's Blessings !

As you go about, week by week, organizing a little thing here, a little thing there for preparation, remember to tuck in extra little nourishing things. A packet of extra special hot cocoa, a canister of powder cocoa, a favorite holiday tea, clearance nuts or candies from the holiday, a tin of biscuits -- whatever nourishes you and your family.

Preparation is not all austerity. Some spices, or specialty tea can make rice, beans and repetitive foods special. Remember those jars we were saving? Bulk herbs from the health food store can be more economical than a pretty little jar with a "spicy" name.

Those living in areas hard hit with snow, rain, earthquakes, tornadoes, cyclones, volcanoes, may not be thinking about extras right about now. They may in fact be wishing relocation had been a consideration. Whatever may come, may each and every one who chooses The Father Way be Blessed in Right and Proper activity !

What do you and I still make more important than progressing In The Father Way? May we seek and find this day, all that stands in the way of our journey of a Light Heart, Joy and Love upon the Land. This land is Blessed with opportunity to do things differently.

Once destroyed so badly they had to vacate for a long, long time, to return and begin the destruction again. It is time to stop the deception and bring Truth to the land once again.

Before the Spiritual Leaders and Healers of The People that survived upon this land were annihilated, some Truth remained. May Truth surface once again. Thanks to BlueThunder, Wolf, Speaking Wind, and all those who see, walk and talk in a different way.

Where in Kansas?

In my recent contemplation and prayer time with Father Which Is In Heaven, He suggested that I post an additional request for a place to bring fruition to His Plan on my blog.

He has furthered our knowledge of the "where's and whyfore's" of His Plan to include:

- ◆ planting at least an acre of bee balm, or some would say bergamont
- ◆ raising bees on that land
- ◆ that the bees and balm are for the heart of the western hemisphere
- ◆ this heart area is western Kansas
- ◆ this land would be dedicated to Heaven upon the Earth
- ◆ In His Plan there is someone(s) who Desire to implement the Divine Plan upon earth. The Person or People would feel Blessed by Blessing me (us) with this land. A good, deep well and / or

additional water is a necessity. Electricity is neither necessary, nor preferred.

If I were to receive His Plan with mortal mind, I would think that a state where GMO is encouraged, chemicals and pesticides in toxic use, refuse from cattle polluting ground water, and on and on, is not a place to live with the intent of natural, chemical free, Garden Living. However, this must be just the place there is a need for bringing "balm" to heal the Earth.

It is no wonder The People are leaving Kansas. Who would want to live in such a "toxic wonderland". The place they killed all the grapevines and created a wasteland of dust, to be replaced with GMO sterilization of the land.

And yes, The Father is sending me (us) to the desert. On His Little Acre the flowers will bloom and bees will buzz.

Love is The Father Way

On a SunShiny day of bright blue skies, pure air, pure moisture, balmy breeze, balmy temperatures, and Peace upon the Earth !

I recently watched a movie called Eat Pray Love. It was interesting the "love", or third part of the trip exemplified a relationship of unrighteous - unholy type. There was a man who could severely hurt a woman "through no fault of his" -- an accident. Who needed to come before her spiritual discipline. Who oozed lust. Who had hidden anger. Who needed to be placed before all else. Who required "giving up"

or "handing over" all the capacity to express Love as Self she had obtained.

This looked like "rape, pillage, plunder" of unrighteous - unholy sort to me. The real sellout of the movie was that her spiritual "guide" -- master said to choose that relationship and be "unbalanced" as her spiritual goal and she would find balance. What a serious sellout for sincere People seeking The Father Way, or Truth as they see it!

Yes, one could ask what good could come of this, but to choose it as the "way" to enlightenment was a major deception.

Love is the Way, but it is to *Love In The Father Way*.

Kudzu

Under SunShiny crystal blue skies, puffy white clouds, pure air, pure moisture, balmy breeze, balmy temperatures, and plants to nourish the Soul !

Martin was commenting on Kudzu recently, and it is amazing to both of us this untapped resource remains the complaint of the south. We are minimally informed on its uses, but have heard it is great for basket weaving, eating, traditional medicine, fodder, and I don't remember what all.

If this abundant resource was being properly utilized, The People would be complaining that it was being over harvested in wild crafting.

Many southern landowners would be Great-full for this!

Just one of many examples of seeing things differently.

end the slime

Have you ever talked with someone and felt like you had slime on you when you were done? Kind of like creepy slime on your hands that you need to wipe off?

Have you ever thought you got it from someone who wiped their slime on you? How did it happen? Is it "real"? What do you do now?

The first thing is to *not* wipe it on someone else ! You let it be wiped, (or dumped) on you, therefore it is your responsibility to go to The Father to have it removed. Yes, it usually happens unaware. Begin by being aware you feel it on you. The proper answer to this question is to recognize someone who is "accusing" you of unrighteous - unholy activity and go to The Father in prayer right then and there.

While they are demeaning, degrading, condemning, blaming, etc., go to The Father to reveal the Truth

about you. Ask Him if you need correction in your conduct, or to Strengthen you in recognizing the Truth of your Harmony with Him. When your attention is on The Father you are not "available" to the deception. What was done to that person cannot be done to you when you are Present to The Father.

If you have received the false testimony against you and feel "slimmed", ask The Father to cleanse you of false witness against you and purify your physical, mental, and spiritual expression.

Pink Roses

Have you thought about what the experience of "Love in The Father Way" is? Have you declared your Love in The Father Way toward anyone? (This may, preferably be a silent declaration.) What was your experience?

The first time I did as Father suggested, I had a surprising experience. Soon I will mention what that was. First we'll allow time for you to decide if you want to find out for yourself.

As I thought of posting regarding this suggested experience, I saw a long stemmed pink rose that was just beginning to open.

May this special time for experiencing the "Love you are" bring a new, different, and wonderfully surprising experience of Love In The Father Way.

It seems Martin has solved all the glitchy problems that come with updating the software. Thanks Martin !

Today feels special. Not because the 14th is approaching, but as though something special is coming today. Can you feel the kind of pink roses day I'm perceiving. We shall see what this day brings !

think balmy

Balmy days are here again !

Think spring. Think seed. Think what you *can* do. Perhaps plant some weeds. When all else fails, weeds are probably the most nutritious.

I'm thinking about knitting some socks. Something I've never done. Wool yarn, some needles, some markers, and I'm on my way ! The great thing about this is you choose the fiber content -- completely -- no nylon, plastic, elastic. You control the fit. Seems like a great hobby as well as earning potential.

so the answer is . . .

Thank You, Father for Balmy days of Divine SunShine !

So here's the thing. To my great surprise, when I followed The Father's suggestion and acknowledged "Love for someone In The Father Way," I felt a surge of Love that was ME !

Not something that was given away to get something in return. It was the real deal. Looking for nothing, just following a Divine suggestion, I experienced some of myself I've been seeking.

May your "Valentine's day" bring the Love you are to your Father Way !

On a balmy day of SunShine, pure air, pure moisture, blue skies, flowers, and Love !

FEBRUARY 15, 2011

remember when

Thank You Father, for a beautiful SunShiny Day of Love and Joy !

Have you ever noticed that the very things which are good for you are the very things "they" try and take from you by your own consent?

Remember when salt was one of the very building blocks of The People? It cured foods, cleaned teeth, preserved meat, provided the very survival of life? When did salt become the enemy rather than a precious commodity?

Remember when iodine was used to make smooth bread, clean cow udders, keep goiter away? When did iodine become the enemy rather than a building block of health?

Remember when oil was another precious commodity? When did oil become something that blocks good health rather than lubricates it?

These are things the "parasites" don't like us to recognize, because what brings us health, wisdom, the capacity for Truth to be active in us, is bad for them. We become an inhospitable host when we are well functioning.

Seems to me this is when being inhospitable is desirable.

On a SunShiny day of Truth, Love and Joy, under sparkling blue skies, puffy clouds, pure air, pure moisture, balmy temperatures, and balmy breeze !

Neither condemnation, nor compassion

Thank You, Father, for the Glory of a New Day !

Neither condemnation, nor compassion.

Neutral.

No unrighteous - unholy activity warrants our attention.

Where we place our attention our energy goes, (or is received).

We choose.

end deception torture

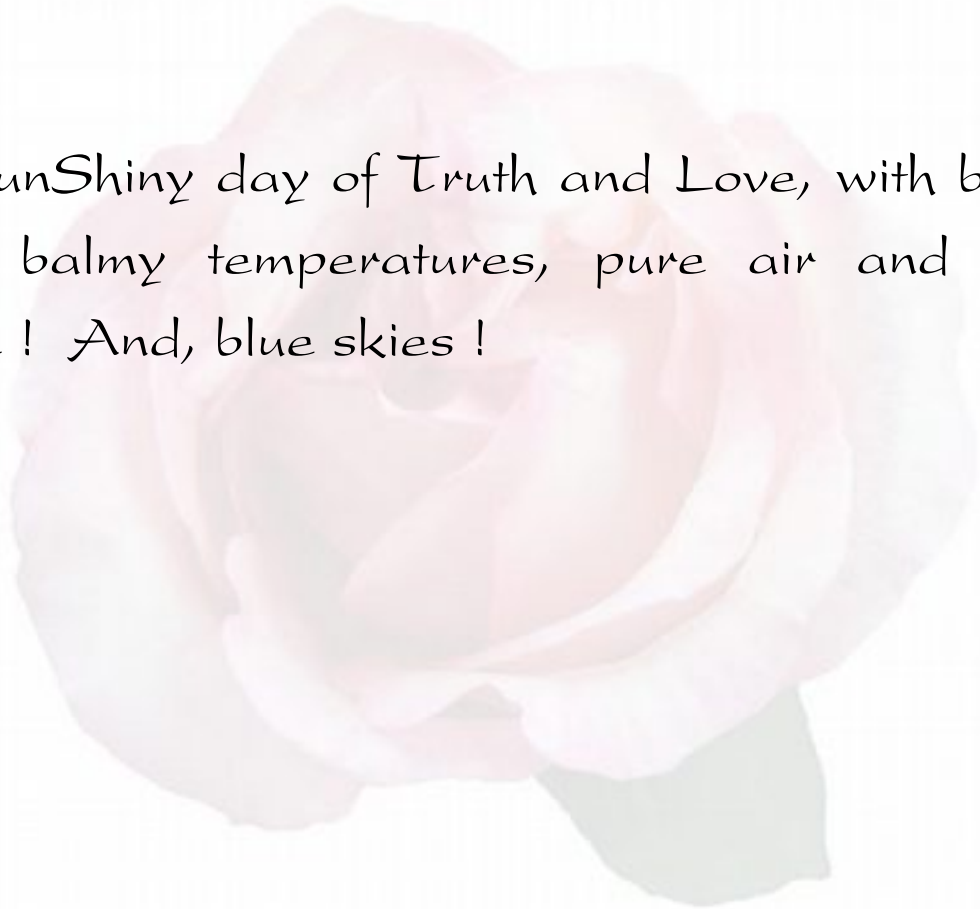

Thank You Father for balmy days !

In the movie, You've Got Mail, they use dialogue regarding her "torturing herself for years to come", over mistaken attack skills.

Isn't this a deception they have taught The People?
How can we make a choice to act in unrighteous -
unholy ways to get what we want, then when we
recognize the behavior, words, intent were not
aligned with our True Divine Nature, choose torture
as penance?

What a convoluted process ! The answer is to choose our True Divine Nature when we awaken each day, and as we pray at SunRise and before bed at night. In between we keep our eyes on The Father.

fear or The Father

How are you doing at ending your fear based experience?

How are you doing at having a Father based experience?

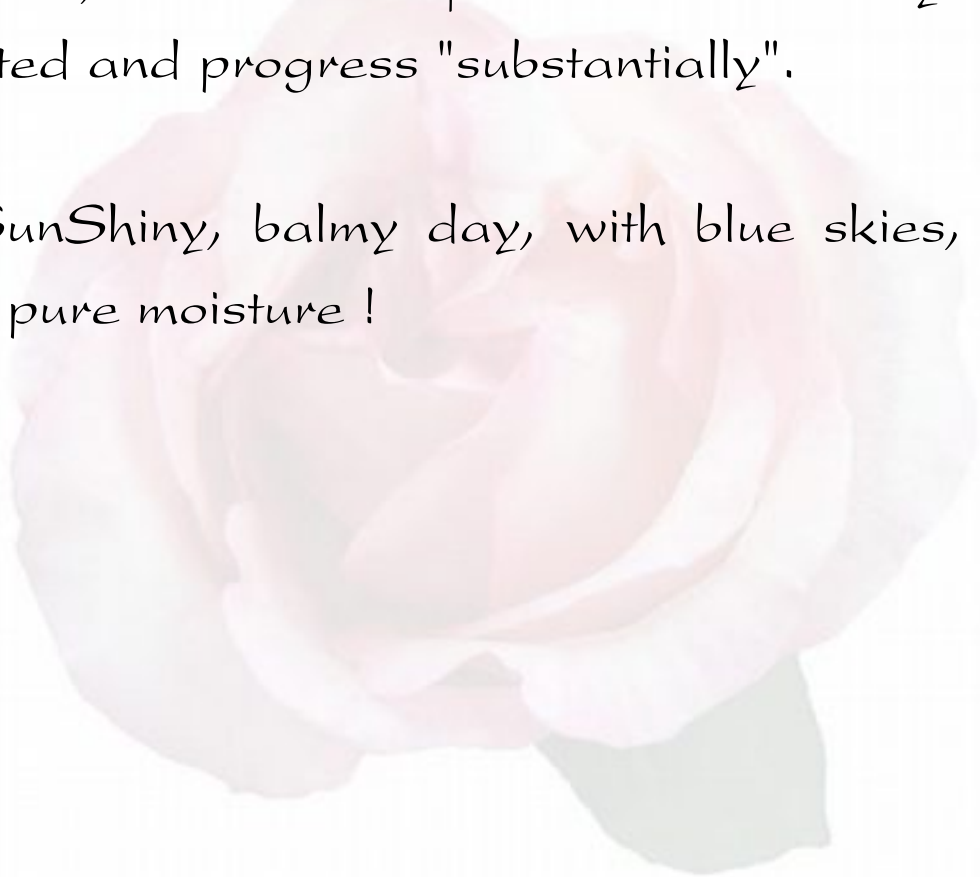

Do you ever get tired of un-differentiated fear creating your experience?

Un-differentiated, is fear that is so generalized it spills into all areas of your experience.

When you are ready for it to end you realize it is a "foundation" of unrighteous - unholy activity, upon which you wobble.

When you are ready, you choose a Foundation with The Father, where Truth fills all "holes" and you are sure footed and progress "substantially".

On a SunShiny, balmy day, with blue skies, pure air, and pure moisture !

solar flares and The Father's Garden

Thank You Father for the Truth of Nourishing abundance on the Solar Wind !

The general fear mongering would tell us to be afraid of the Solar Flare we are receiving from our Sun. When, in Truth, we are receiving a "blast" of particles to nourish and sustain the earth and The People, that is able to penetrate the "perimeter barrier" the unrighteous - unholy have established.

This is a time of great abundance, if one is able and willing to receive it. If one were to hide and refuse the "drop shipment" while participating in the false belief that if received, it could damage a fragile mental structure, the Divine Opportunity is missed and fear prevails.

What would have strengthened, nourished, and sustained The People, is "harvested", or let go

dormant in the fields, by those who cannot directly receive the abundance of The Father.

This is the perfect time for one who has a dwelling, well, and land laying dormant, and would like to see The Father's Garden grow to "gift" or provide a grant to our project for The Father. We are focused on Western Kansas, for this "heart" of the western hemisphere is where The Father would have His garden spread a balm upon the "heart" of the earth.

balm on the earth's heart

With Thanks-giving to The Father for days of his Blessing !

As I mentioned yesterday in this blog, this is the perfect time for one who has a dwelling, well, and land laying dormant, and who would like to see The Father's Garden grow, to "gift" or provide a grant to our project for The Father. We are focused on Western Kansas, for this "heart" of the western hemisphere is where The Father would have His garden spread a balm upon the "heart" of the earth.

Other traditions hold the heart of the earth to be other places, but years ago, The Father showed me this is where it is. The "spine" is the mountains west of there. He gave other gland connections also. This is far fetched to some people and their indoctrination in the deception.

Take or leave any concept presented here. Take it to prayer is the best revelation of Truth.

end the serpent's charm

Thank You Father for clarity of Spiritual Vision on a balmy, blue day !

Have you ever seen a snake charmer in the movies or videos? A man presumably lulls a serpent into a stupor with his music. Then there is the other side of the story where a snake lulls man into a stupor. The serpent lulling The People into a stupor, or putting them under a spell is what we refer to here.

To end this false "charm" has been the topic of many posts on this blog. Ending attention to the activity of the unrighteous - unholy is a difficult concept to articulate. To give an example: Why do you suppose "they" moved all the business overseas? Is it just cheap labor? I don't think so, as the cost of labor in those countries rise. Did you notice that at the same time a huge project of numbering all the animals, plants, People, began? Even wild animals have a colored bar-code according to an issue of

National Geographic ¹⁹. One could say they have "tagged" what you could call the remnant, or residue, of the evacuation of business, for inventory.

The serpent charm is the simple question, "Why would they need to inventory the entire remnant of this land?"

This question is fear based and plenty sufficient to keep lots of attention on what they are doing and how they are doing it. Which is to say it keeps The People charmed or spelled.

To end this, The People must occupy their thoughts / attention with such questions as, "What would I do this day to further me in All Righteous and Holy activity"?

To end this, a Person must engage in behavior they were falsely taught as a child was rude. How many

times do adults still tell children, "Look at me when I'm talking to you ! ! ! " ? End looking at someone who is speaking in deception. Look toward something else with your physical eyes and bring your thoughts to the beauty of nature, the Light of the Sun, the Blessings The Father has brought you. Do this with INTENT to remain free from the attack and present to The Father.

Affirm the Truth of who you are. Keep your thoughts Pure and you end their ability to be present to you.

what do you want?

On a SunShiny day of Truth and Love.

When the serpent is charming a Person, a question is asked in many different ways which "gives" your energy to them. It is a question used as the theme of many shows of the Babylon 5 TV series . Do you remember the question?

It was "What do you want?".

This seems like an insignificant question. What do you want for dinner, for graduation, for your birthday, to do today, for christmas? We are so accustomed to this question we never consider how it impacts our life. If you tell them what you want (which of course you most likely won't get) then they take what they want.

For them to ask what you want opens the door for their false activity. They empty the house while you wait, holding the door open. You wait, they thief.

The People "want" more therefore, are considered more needy. they claim they gave more because The People need more, therefore they say the "cost" is higher. This results in the exchange never being "even", because in even exchange no one gets ahead, which is The People's fault in this false reasoning. they claim this justifies their inflated thievery.

The People, must then, go to Prayer in Truth, to receive inspiration for how to speak in Life, free of *WANT* and *NEED*. Want no-thing. Need no-thing. Give Thanks to The Father that All Abundance is yours.

fear as the serpent's charm

With Divine Grace on a Balmy day !

To end the serpent's charm The People must stop "sleeping with the enemy". The People must find neutrality regarding the unrighteous - unholy. The People must end the anger, hate, judgment, condemnation of those The People are afraid of.

The People must stop fearing whether they are going to be attacked. One thing is sure, on one level, if a Person is not physically present to a serpent, it

is impossible for an attempted strike (or bite) to reach a Person.

A conversation which thieves energy is impossible when One is "thinking" to The Father.

Thievery is impossible when One is looking at the Truth, rather than at the charmer.

Where there is Abundance of The Father, there is no serpent's charm of need or want.

TRUTH travels the web

On a balmy SunShiny day, I give Thanks to The Father !

Why "one world order"? They falsely believe that strength for them lies in all The People being in one deception.

Currently, many deceptions are at play. For People across the planet there are many social deceptions, many spiritual deceptions, many environmental deceptions (which are becoming greater in coverage and less in variety), and so forth. "they" believe it will

become impossible for the Souls trapped in the box to find their "Purpose" and get out when there is the "weight" of only one deception. At this time A Person has only their "piece" to see differently. Much less than the whole.

People have asked "What is a Soul? What is my Soul?" *A Person's Soul is that expression of LOVE, Celestial Music, and equal Love of others,* spoken about and written about for thousands of years. As we end play with the unrighteous - unholy, we are returned to this TRUTH and expression of our Soul.

As we recognize this is not a dream, it is a falseness, a deception, a trap, we look for Truth In The Father Way. And The Father is there to bring us out of the deception to a New Way.

March is marching in

Thank You Father for the abundance of Your particles on the Solar Wind !

We are just days away from March. I have mixed feelings about direct sowing and plant starting. It's for sure, we need alternative light and heat for seedlings. The energy consumption might not be a good trade off otherwise.

On a Balmy SunShiny day !

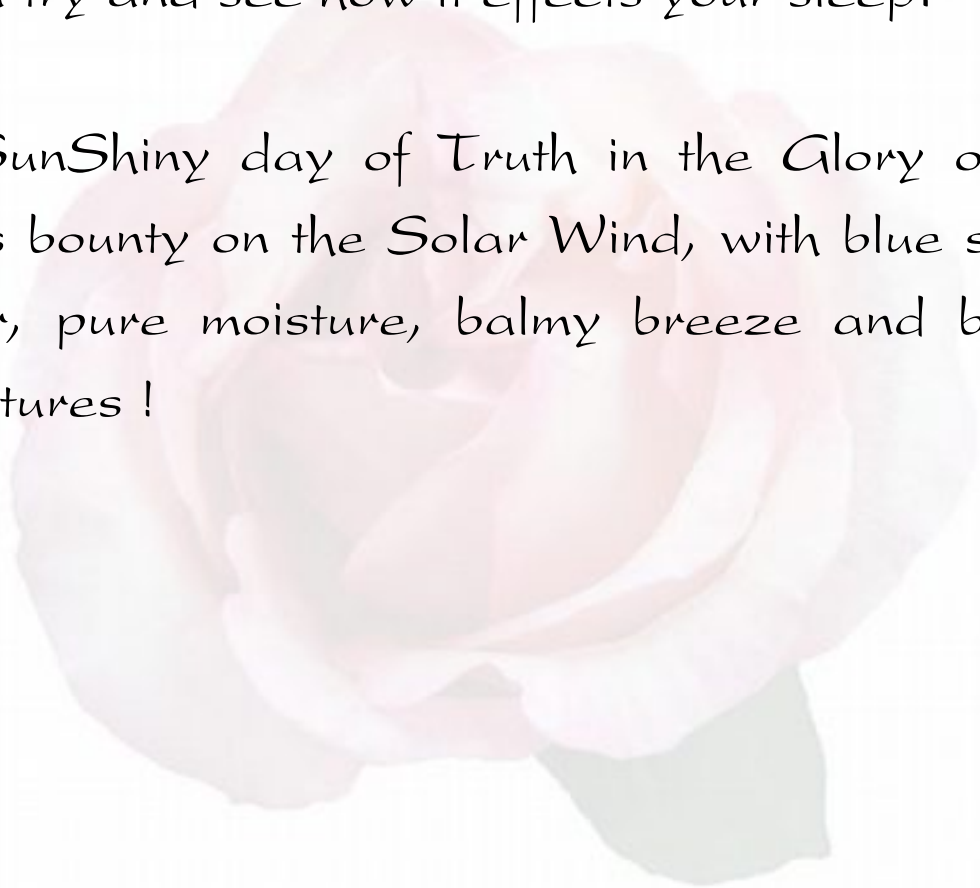

Have you ever considered that the "old-fashioned" idea of covering your head at night might be for more than a drafty house?

Have you ever tried it? Perhaps your bedroom has never been cold enough to motivate you to give it a try.

Finding a modern head covering that is comfortable enough to sleep in might be difficult, especially one that is made of natural fibers.

I recently folded and pinned a makeshift cover. Give it a try and see how it effects your sleep.

On a Sparkling clear day !

Have you listened to the song of "The Deer's Cry" ?
It is readily searched and many versions available.

As March arrives People's minds turn to St. Patrick and this song is about his mystical journey free from attack.

shakin' and changin'

On a brilliant SunShiny day Jn The Father Way !

There has been a lot of talk about emergency buying on an as needed basis. This insures clearing the store shelves and a lack of supply for The People, who then must turn to the "officials" for survival. This is not speculation, this is observation of environmental "events" that did in fact take place.

There has also been unspoken intimation that the reason there is "as needed" delivery to the stores is due to the economy or failure of the stores in these economic times. More realistically, empty store rooms and shelves insure minimal loss in the event of looting. This must indicate that regional warehouses for chain stores must be moving the inventory "as needed" also. Either the "parent warehouse" is also moving stuff in and out the door, or they have huge security staffs.

When the foreign flow ends, they can "cut their losses" close the doors and let The People "sink or swim".

Have you noticed the hub for WallyWorld is in direct line from the Oklahoma earthquakes to the Arkansas earthquakes to the New Madrid, to the east coast line of earthquakes through Tennessee? Either the bottom half of the land with all those "trouble makers" is being split off in a different way than they intended, or a different "rift" is being created geographically on the continent.

The Father has *not* indicated it is Universal Law. The action of Universal Law is still indicated as Denali, Yellowstone, and New Madrid, in that order. After Haiti, the Philippines, then China, then this land. The unrighteous - unholy activity of New Orleans, Memphis, St. Louis approaches that of Haiti and the Philippines, and has been specified for ending.

The tunnels in the mountains and under the surface,
are already flooding and the unrighteous - unholy
hiding there are scheduled for removal.

And yes, it is a beautiful SunShiny Day In The

expectation

On a Day of SunShine Purity !

We often overlook the impact of expectation on our daily life. We go around totally unaware that we expect more of the same.

When we pray for health, happiness, freedom from pain, we must expect a change. All The Father can do and does for us is to no avail when we expect the unrighteous - unholy experience to continue. This false expectation creates a false god before The Father.

Expect The Father's Love active in your Life this day. Expect to see yourself in a new way !

Balm for the Earth and the People

On a grand and glorious Sun filled Day.

You may have noticed I did finally figure how to schedule my blog post. The only challenge this presented once I found I could consistently schedule in this set pattern from this software is to remember sometime during the day to create the entry.

This is the time People's thoughts turn to fields of bee balm. What a fun thing it would be if there were others who undertook planting an acre of bee balm, perhaps mixed with other wild flowers for the bees. A field that could go untended, unsprayed, undisturbed. Simply allowed to spread the balm upon the Earth and nourish the bees.

If The People were to embrace such an idea in the middle of their acre they could set a bee hive. And if they have neither the time nor the interest to tend the

bees there are most always bee keepers who will come and tend the hives in exchange for the reward of the honey.

I once heard someone propose that the bee colony problem arose from infected / infested / inferior bees from China being imported to lower the cost or expense of having hives rather than utilizing the more expensive "domestic stock". This practice, if it is indeed the cause, was certainly not worth the economic enslavement China has inflicted upon the People.

Have you noticed how extensive and excessive the poisoning exported from China has been over the past few years? The variety of products contaminated / tainted / poisoned being shipped from China to the American consumer and yet we have continued to absorb their exports at an alarming rate. Of course the extra effort and commitment required to utilize "domestic creative

artisans" seems to be cost prohibitive, yet at what cost? Our health, that of our pets, and our land.

In This Thy Will Be Done

On a Crystal Blue Day !

Have you ever wondered if a Blessing toward those who revile you, is like a curse to the unrighteous - unholy ? Well, it made sense to me that those who send evil or act in opposition to The People's free will, would feel cursed by Divine Blessing.

So I took the question to The Farther and He said that if a Person asks for it to be done in His (The Father's) Will, it can never be a curse.

Then J reasoned that if a Person asked "In This Thy Will Be Done, (whoever) thinks of me thinks with the Mind of Christ, (whoever) speaks of me speaks with the mouth of Christ", they would stop thinking and speaking of me if it was a cup of bitter wine, and if they liked the experience, J was glad for them (and J) to receive the Blessing.

This Blessing is also applicable to One's Self. Most of us could shift our self awareness to perceiving our Self with the Mind of Christ.

double Sun?

On a balmy SunShiny day!

I haven't been looking at the internet much this week, but as Father would have it, first thing I checked a website that linked to a website ²⁰ with a story about 2 Suns being photographed in China.

From an associated page ²¹ came a double Sun photo from NASA.

practical creativity

On a SunShiny day of balmy temperature, balmy, pure rain, balmy breeze, and blue skies !

On a recent seven day by worldly count , I received four creative answers to practical questions. One of these I thought I would share with you just for the fun of it. Now, I realize Martha S. of homemaking fame probably published on this 20 years ago, but I have never seen or heard these ideas put forth anywhere before.

I had three problems I was looking for answers for. And I might add looking for a LOOOOOONG time !

How to keep a blanket handy but out of the way for nights that turn cold

How to keep a comforter handy but out of the way for nights that turn cold

How to get in and out of bed if you elevate the feet

Small things ? Perhaps to you ! But to me this was creative breakthrough !

They all three had the same answer and I had lots of 25 cent solutions for them ! Are you ready ?

Use large pillow shams !

The blanket and comforter could be folded the needed size, tucked neatly in and stored right on the bed -- out of sight, at hand at all times, keeping clean and available as needed.

This same sham could be a roll or any style / size that fit personal physical needs. Such as flat oblong. Which could be tucked between the knees, under the knees, used as a body cushion. You get the idea.

So simple, probably used my many, often, but new to me. Father's answers are always, simple and elegant!

25 cent sale

On a beautiful day in the Father Way !

Do you remember that song "Everything is Beautiful" ? I just listened to it yesterday. I hadn't heard it in many years and it came to mind.

Just in case you were wondering about the "25 cent solution" comment, that is from a monthly garage sale a community church has all year long.

The husband and wife team who run that church's community center are very knowledgeable, experienced, retired people who work more than their jobs ever required, (I'm sure) to run this center. Don and Brenda are loving caring People who came to this calling after retirement and have some notable processes in place that help many. Some things as an outsider that I notice, are:

- ◆ There is no greed in the pricing of household items they place there for sale
- ◆ Some items of substantial value may be (masking tape) tagged for a slightly higher price
- ◆ All clothes, shoes, jackets, coats, sheets, duvet covers, pillow shams, blankets, towels, are the same 25 cents
- ◆ Everything from a canning jar to a crackpot will sell for the same -- 25 cents
- ◆ Now, a vacuum cleaner might go for a dollar
- ◆ A family who has an elderly person moving to a care facility, or assisted living, might take a few items from years of life, but after the family has distributed precious mementos of "grandma's" life, there is no trauma of yard sales, haggling with dealers, loss. The family makes an inventory, establishes a fair value with the church and makes a donation, which becomes community need filled for 25 cents an item

- ◆ The "profit" from this exchange runs the community center, clothes People, and makes homes more comfortable or Soul-nourishing
- ◆ Did J mention, the illegal immigrant population of this area benefits greatly -- especially the children (no matter what one thinks the children need clothes and coats and shoes)

Just a Loving Creative Solution The Father inspired in a Faith-filled man.

on arrival and no endorsement

On a Grand and Glorious Day !

Scheduling posts / alien arrival scheduling posts / alien arrival . . . which to write about ?

Obviously, my scheduling needs polishing.
The arrival thing, though . . .

In Holly's Headlines ²³ there was an article on sightings in West Africa ²⁴, and this year being "arrival" year ²⁵. Now, Stan ramping up his radio show appearances and telling the world he may be the one being used to let the people know what the government won't disclose regarding geological and alien events.

My reference to Stan is not to be construed as endorsement of him or what he says. Yes, I agree, the first group to "arrive" are deceivers, but so is the

second group. Neither group are our "saviors". Listening to Stan is an excellent exercise in discernment. One, I might add, that raised Patrick Timpone greatly, as a radio show host ²⁶, in my opinion. Patrick is a "gentleman and scholar", as they used to say.

My **big suggestion of the day**, is that when they "arrive" we tell them we don't play, get thee away.

We can: not open the door,
we can: not invite them in,
we can: not play.

events

Well, here I am, back online with no pink message. These little glitches are interesting.

On a SunShiny morning of Divine Grace and Blessings !

I was looking at maps of nuclear facilities after the Japanese "event". This was the first time I noticed the Mississippi is "mined" with these facilities from top to bottom. It appears to be evidence the unrighteous - unholy have their own agenda for detonating the planet.

We have mentioned the second group (composed of three factions) has held the position that because The People became "contaminated" (or infected) by the first group, we should be "exterminated" along with the first group. The detonation of our Sun is the "event" they planned, with the trigger device being "created" by The People for their own demise. This

would turn our Sun into a red giant and power source for their use.

The continual spraying of the atmosphere with toxic -- explosive chemicals would certainly facilitate that process. While allowing the skimming of resources from The Father, which are sent on the Solar Wind for sustaining The People.

It is getting rather difficult to tell what is Universal Law in action and what is unrighteous - unholy activity. The best answer to our concerns is to look to The Father for Truth and follow his guidance to the best we are able. So far, The Father advises planting, growing, Loving.

end coils -- begin TRUTH

On a Balmy Blue day of SunShiny activity !

I've been contemplating how to express Truth of Simplicity The Father recently revealed. I'll do my best.

The People, even those who most Desire The Father Way, see their life mostly with a split mind. On the one hand, (the majority of experience) life is viewed like the coils of a snake. They tightly encircle a person in deception. This deception says The Father judges, condemns, punishes, well, you know the rest. It says of all "bad" experience. "the father (god) had a reason for this".

When A Person "changes the channel" they are viewing, so to speak, and views their experience and life in Truth, they "see" their life as goodness, expressing as The Father would have for them,

Loving, Creative, Healthy, Whole, and All Righteous and Holy activity.

It is as simple as to stop playing the holographic movie of deception and begin viewing the Truth round-about one. You could say to stop believing in a holographic movie and to begin living upon the earth in Truth.

Remember our recent suggestion, when they stage the "arrivals" to say, "We don't play--get thee away. Get thee away ends your play". In this, we don't open the door.
