Father Which Is in Heaven:

"In Right and Proper Exchange of Information there is but one conveyance in Right and Proper Order of Divine Expression.

**The Divine manifests in multiple ways, in multiple cultures.
It is each unto its own way of perception.**

It matters not what others may say or think, it matters always only that which is Divinely Appointed each day.

It was Given unto your perception,
Right and Proper Orderly Progression
of Divine Nomenclature each and every day, step of your way.

Those who transpire to subvert your words and direction
shall Penalty pay,

for that which is Divinely Authorized Nomenclature,
subsides, subsists in Grand and Glorious Scheme.

Let no man put asunder that which is Divine in Nature.

**As to exact literal translation, there can be none.
It is, would be, a departure from that Divinely Authorized
Conveyance should you undertake to do so.**

Yes, the gist would remain intact, however, the nuances,
reflections, inflection would no longer convey the subtle
multidimensional unrefracted Nature.

It is by Divine Appointment this Conveyance comes
in your time, in your way.

**Let not those who would put asunder Direct Divine Conveyance do so, at
Penalty of perjury of Divinely Authorized material."**

nomenclature: system of names used as a science or art

transpire: seek to bring about

subvert: ruin, corrupt

subsides: descends

subsist: as means of maintaining life

asunder: separate into pieces

perjury: voluntary violation of an oath to tell the *Truth*

oath: a solid appeal to the Divine to witness to the *Truth* of a statement or the
sacredness of a promise.

In Our Words

We want to make it perfectly clear, especially to the young who have not been raised in the way of Respect, that we have posted the requirement Father has placed for the material presented to be and remain accurate, unaltered, and fully True to the context of His Teachings.

The Penalty He has clearly outlined for subverting this material is not something that would be implemented on an individual level, but by Universal Law. This carries its own retribution.

To those who would scoff at this, thinking themselves immune to Universal Law, we can only say, please be aware that these are not empty words. Ignoring Universal Law and the Father's Way does not bring absolution from the consequences of one's actions. Anyone focused on the Father Knows the Truth of this.

This is a free e-book. You may freely distribute this material and file only in its complete and unaltered format. This includes printed material. All material shall retain the "In Divine Service" notice and the Words that Father has Spoken regarding His Authority in Universal Law for the Protection and retribution of violating His Word.

That is to say, to make reference to information from Father's material you will appropriately credit BlueStarWay and the name of the material from which the reference was made. **References and quotes may not be taken out of context. Sentences in italics shall remain in italics to indicate direct Conveyance from Father Which Is in Heaven.** No referenced or quoted commentary by Martin, Mister, or Linda is to be given or presented as direct information from the Father, but rather as having been shared by their understanding at the time the material was written.

Side note by Martin

The Father Which Is in Heaven referred to in all of the material Linda and I have created is the Father Jesus taught us to pray to in the Lord's Prayer. 'Living God,' 'Father Within,' and 'Father' are used interchangeably and refer to the same Father Which Is in Heaven.

Please take note that the concepts we have "inherited" in regards to Who and What the Father Is, His Desires, Goals, and Aspirations, as well as how He Manifests on Earth and in Humanity are very limited, constricted, and quite frankly suffocating. Please do give yourself room for expansion in this regard and do not be put off by the use of this terminology. The information contained in this book is neither patriarchal, religious, spiritualist, scientific, dogmatic, atheist, shamanic, new age, worldly, alien, nor any other modality. It just Is what it Is.

Also be aware that while there is only one Father Which Is in Heaven and no one else can "claim" this Name, the words 'god,' 'father,' and 'lord' in and of themselves seem to not carry this type of restriction. Therefore, unless one makes it clear that the use of words such as 'God,' 'Living God,' or 'Father' specifically address Father Which is Heaven, it is possible for any number of entities floating around with a 'god' or 'lord' complex to answer the call.

That this is not an issue to be taken lightly is shown for example by the vast numbers of people throughout history who have gone to war, plundered, and taken human life presumably under 'god's' direction as well as by the number of people who still subscribe to this day to the divinity of such guidance. It is also shown by the vast number of people who deny, sacrifice, and flagellate self or others in the name of 'god.' Father Which Is in Heaven would never incite such actions. He has made this very clear to Linda and I again and again.

Obviously, there is a great need to be very Discerning in this matter and while it would be easy to get lost in terminology and arguments, this is really a matter of the Heart and of Intention. For the western or 'christianized' mind, the term 'Father Which Is in Heaven' together with the refinements included in this book can be a helpful aid to hone one's Heart and Intention in the right direction.

I specifically say 'western' or 'christianized' mind because Father has Conveyed and made it very clear to us that:

*The Divine manifests in multiple ways, in multiple cultures.
It is each to its own way of perception.*

And while different cultures do have different terminology and ways of relating to the Father, it is the case that all those who successfully commune with the Divine share common traits such as Harmony and Oneness with Nature, Peaceful disposition, Respect of Self and others, and Sovereign Expression. To these cultures and people the notion of destroying, killing, debasing, conquering, subduing, converting, ruling, dominating, or profiting from their fellow men and Earth is incomprehensible and alien indeed.

Whatever you do and whichever way you Honor and Develop your Relationship with the Divine just remember that Divine Answers Respect all Living Things and that the Divine isn't engaged in any battles.

Something else that needs briefly explained is the convention we adopted to capitalize certain words that have various, and often times opposing, meanings and therefore are prone to being misinterpreted or misused because of this. In short, when we capitalize words within a sentence we do so to specifically refer to the 'healthy' and thus benevolent interpretation of these words that supports a Life and Sovereign Expression Harmonious with Creation and the Good Will and Intent of the Father Which Is in Heaven. When we write the same words without capitalization we do so to denote the misunderstandings associated with these words.

For example, in our writings, lower case 'l,' love, refers to the common misconception that associates this 'love' with sexual passion (which is a word derived from the Latin word 'pati' which means 'to suffer'), sexual arousal, and / or physical attraction and requires such things as putting others first, attachment, control, self denial, (self) sacrifice, compromise, duty, etc., etc..

Capital 'L,' Love, on the other hand, refers in our writings to a Feeling that Elevates, Respects, Cares, Appreciates, brings Well Being and Comfort, and supports such states of expression as Health, Humor, Kindness, Peace, and Benevolence. An experience that is innate to our Being or Who We Are and is independent of others

although its expression in us may be facilitated in their presence just like being in Nature facilitates us getting in touch with our inner Peace.

Similarly, little 'p' play denotes doing things in the way of the world and from the perception of the world. It includes slabor, fighting, resisting, profiting, ruling, destroying, abusing, killing, warring, saving, converting, and trying to defeat or overcome the 'bad guys,' whoever they may happen to be at any given time, so we can be 'safe.'

While, big 'P' Play indicates what we came here to Earth to do: Play in Father's Garden in a Light Hearted, Respectful, Joy-full, Constructive, Edifying Way through which we manifest our Divinity and expand our experience, KNowledge, and Understandings of Creation and Father Which Is in Heaven's Good Will and Intent for us.

As you can see, this convention, while seemingly simple, is of utmost significance to facilitate a Proper interpretation of our writings.

Obviously we can't nor haven't applied this convention to every word we use for that would be too cumbersome. Neither does this convention apply to proper names, though many times we purposely 'downgrade' a proper name to lower case to emphasize the point we seek to convey.

Occasionally we may miss a capitalization, however the concepts being conveyed within the sentence and paragraph will make it perfectly clear whether we are referring to the 'unhealthy' or 'healthy' meaning of the word.

In-Joy

Equinox who?

On a brilliant blue, red and yellow day !

Just because:

A favorite site of mine is timeanddate.com. It is interesting that commercial radio mentioned yesterday that the "real" autumnal equinox is tomorrow. Timeanddate has an abundance of information with pages such as "The September Equinox Explained" ¹ and Seasons Calculator ².

If you take a look at the site, note also the "day and night world map" ³. The seasonal changes are dramatic to see graphed.

This site can be adjusted for southern hemisphere data, also.

On a balmy fall day of brilliant Glory !

atrazine

With Pure rain, Pure air, and Pure Truth !

Where in These United States do you live ?

Do you know what Atrazine is ? Have you heard of a website called <http://toxipedia.org> ?

You don't live here ? Do you live where there is a substitute for atrazine and do you know what it is called ?

The end of such toxic poisons in our environment begins on our own property, in our own city and county.

I once met a man who was an active force in the first California county to vote to be totally "organic". This is something to respect.

How do you help your day become balmy, and pure ?

SEPTEMBER 26, 2011

grassroots observation

With Pure rain and Pure air !

As a grassroots observation from someone who knows nothing about how the control of banks works, I have made one observation in the past two years.

The banks being closed have an amazing amount of assets being seized.

I was under the false assumption they were failing banks until I began to notice these "little" banks who were being "absorbed" into larger banks were providing, not failure but large sustaining resources.

Who has the right to seize the assets of small communities and "feed" the large machine?

There was a time this was called creating a monopoly. Now it is called creating a "one world order". What is this? The unrighteous - unholy who think they can give the "orders".

Seek Truth. The deception is fear-based. Choose Love, Truth, Life!

Under blue skies, balmy temperatures and puffy clouds!

SEPTEMBER 27, 2011

In you there is no hate

On a balmy day !

When it seems like you hate "them".

When it seems like you hate self.

Remember in the deception, it is *THEM* who hate *YOU*.

End the deception:

- ◆ Put the deception on the Altar where the Divine Flame burns away all "else".

- ◆ See the hate-deception rising as smoke, as the Divine Flame cleanses, (sometimes represented by the cleansing smoke of sage).
- ◆ Feel Truth and Love fill you, as represented by the sweet fragrance of incense.

As the "image" of Divine Life you are Pure.
In you there is no hate.
End the deception.

With puffy clouds in turquoise blue skies !

SEPTEMBER 29, 2011

Love is Substance

With puffy clouds and bubbles of Joy !

If you have sent hate "up in smoke" on the Divine Altar, what is left ?

Truth.

Truth is:

Love is the Substance of this world.

Truth is:

I am the Love that I am.

On a SunShiny day of pure air, pure rain, pure Truth !

success or fear

On a crystal blue fall day !

Have you recognized the deception which says,

"fear of failure motivates success"?

This might be true if the goal of success is deception based.

When a Person's Desire is for Truth, by way of their own unique creative expression, fear is **NON** (a non-reality).

A Person **KN**ows the "Rightness" of their goal / Desire in Love.

On a SunShiny day of Truth and Love and balmy Play !

earth changes and celestial events -- basics one

With the Divine Beauty of fall !

In returning to the topic of earth changes and celestial events, some information we began to share 8 (eight) or more years ago must be revisited. You may have more recently found a review of this information on Martin's BlueStarBlog ⁴.

Just a reminder that we leave citing your Source between you and The Father, since He is the origin of the controversial information included in these posts. Martin and J just record and make available. Universal Law and Father insure the sanctity of His message.

I ask that you just consider "what if" it is True? How does that impact you?

⁴ <http://bluestarway.com/bluestarblog/>

So we will begin with the basics Father gave, so long ago. The first is the orbit of the earth around the Sun.

The earth makes an orbit which never passes in front of the Sun's forward momentum. This is so because, a vacuum is created in front of the Sun.

My current vision is that this illustration shows the earth orbit somewhat more forward than it is. It is however, the original drawing we used in our book "Heliotropos: Toward the Sun" ⁵.

The earth makes an orbit similar to a progressing infinity symbol. Each solstice is the turning point

⁵ http://www.bluestarway.com/bswpublishing/books_scifi.html

where maximum orbit around the Sun is reached and the earth is thrust back into return orbit around the back side of the Sun.

The earth crosses its former path around the Sun somewhat "higher" than the previous trip. These crossover points are called equinoxes. This is to say the earth orbit could be described as a "spiraling infinity symbol".

May the beauty of Indian Summer permeate your day !

OCTOBER 9, 2011

earth changes and celestial events -- basics two

With beautiful blue-sky bubbles of Joy !

Just a reminder before I resume:

- ◆ Father's information is a matter of perspective.
- ◆ Father's information is only accurate as far as my ability to understand.
- ◆ Father has said that to see the Enigmatic Structure requires 'not playing' with the unrighteous - unholy.

The point of reviewing the background information Father has given is to build a foundation from which The People can understand what is impending regarding the Sun and return of the Enigmatic Structure.

Martin articulated the earth's orbit in his BlueStarBlog ⁶, so I will refer you to reading his entry. This entry includes information from Father,

⁶ <http://bluestarway.com/bluestarblog/index.php?post/2010/12/25/Making-an-eight-in-the-sky>

incorporated into *Heliotropos: Toward the Sun*⁷, and expanded through his research and personal contemplation.

My understanding of Father's communication, at this point, is that the Enigmatic Structure is approaching our Sun and is now visible. However, visible is relative. The Enigmatic Structure is not in the visible range of Light for The People. When the Enigmatic Structure has reached a point of interaction with our Sun there will be a repelling action that sends each Celestial Body into their previous orbit.

This moment of interaction will cause what we have called Point of Departure. This is a rough ride for the Earth. The long predicted "sparkle" shower of fire would therefore be caused by this abrupt, radical shift in orbit which "drags" the solar system with the Sun (in this we are Blessed). Again, this will be a rough ride. It will, however, cleanse the Earth of everything unrighteous - unholy.

⁷ http://bluestarway.com/bswpublishing/books_scifi.html

This is why it is of utmost importance that your secure shelter be very basic with no "synthetic" materials.

Father has said the three days of darkness is more about the cleansing process than about a lack of SunLight.

Clif⁸ has said the unrighteous - unholy are afraid of something. I believe this is it. This and the "precipitating" event.

Recently I wrote a post regarding placing hate, anger, resentment, blame, and so forth on the Divine Altar, where the Divine Flame consumes the unrighteous - unholy deception of such emotions and the sweet fragrance of Rapture and Rhapsody (Love and Celestial "music") fills us. These are represented by a candle, white sage (or some cleansing plant to be burnt for the cleansing smoke), and incense.

⁸ <http://halfpasthuman.com/>

The People's sincere Desire for Truth brings an understanding of the true purpose of traditional ritual.

It is of the utmost importance to progress in our choice for Father and Source, unto All That Js.

Please take this information to prayer and ask to be shown Divine Truth.

It may seem the actions Martin and J have suggested, amount to "no-thing". This is an important part of the deception. We have been convinced that huge effort, action, work is required for change.

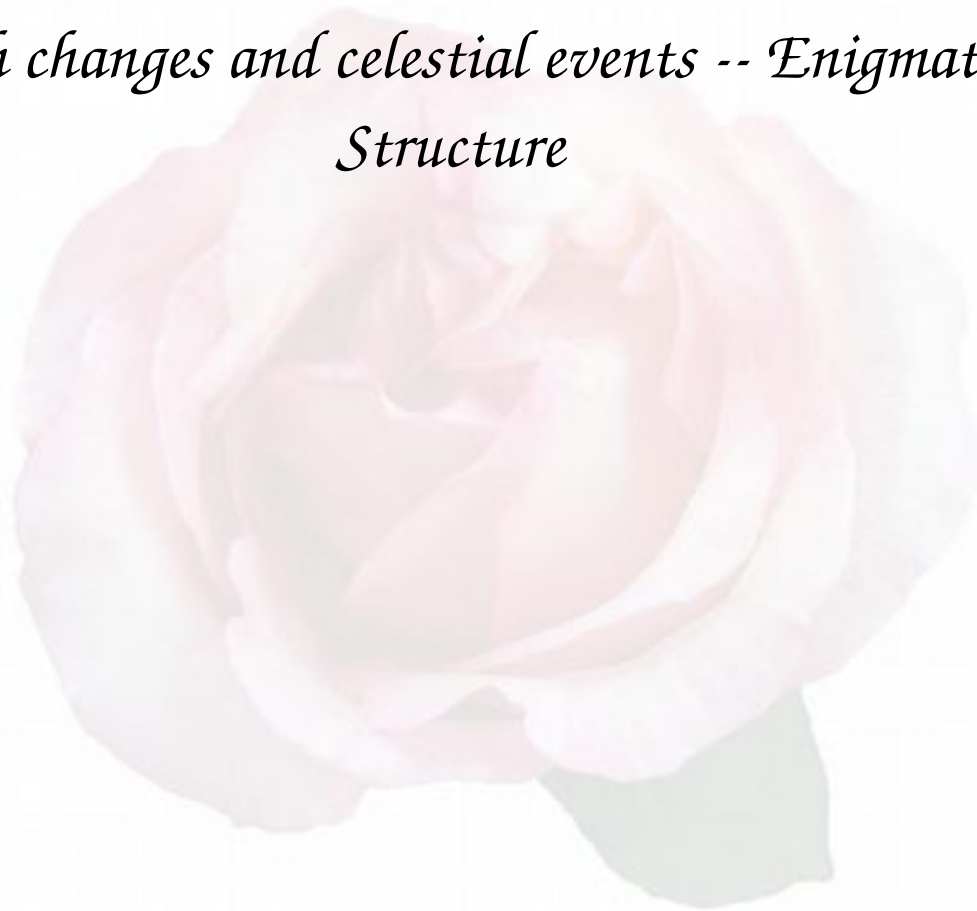

In fact, change is brought by simple clarity. Seeing a "different way", or The Father Way is of utmost importance. Desire this "shift" of perception now.

On a SunShiny balmy fall day !

OCTOBER 10, 2011

*earth changes and celestial events -- Enigmatic
Structure*

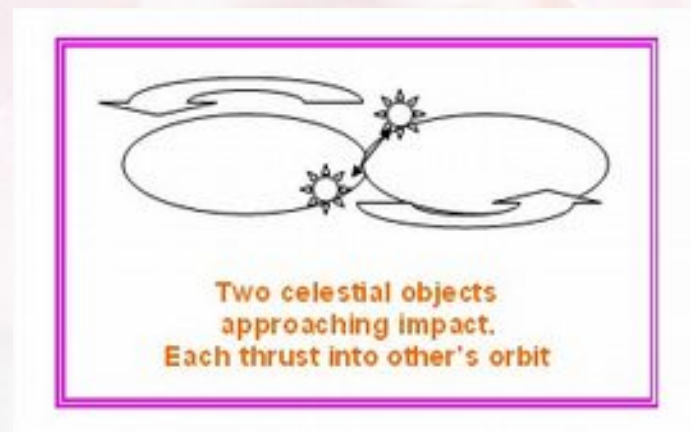

On a Balmy Sunny day.

While a vast amount of conceptual material was touched upon yesterday, due to my sense of urgency, I shall continue to "touch upon" this new and vast concept with no in-depth discussion or explanation. I believe the importance of the conceptual material is necessary to share and while this blog has few viewers, I Trust that those inspired by the Father will come to this new framework which He has outlined in His Communion with me.

In part these things have been presented through the Divine Word which, when accurately perceived, would be considered from a human frame of reference, to be music which is then translated into linear verbal communication. This entails the complexity of understanding that which is Given by the Father and explains the necessity that it not be translated into other languages.

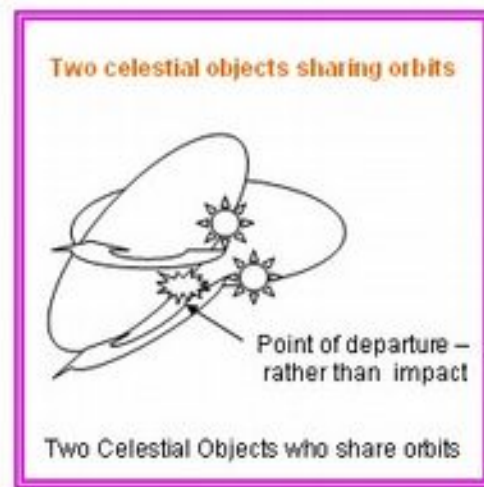

I have created three diagrams today to help bring a perceptual understanding to the orbit of the Sun. The first diagram is flat. The second diagram is dimensional in quality such as the written language of Asian countries. How does one render that which is sculptural into what we call a one dimensional form of written or drawn expression?

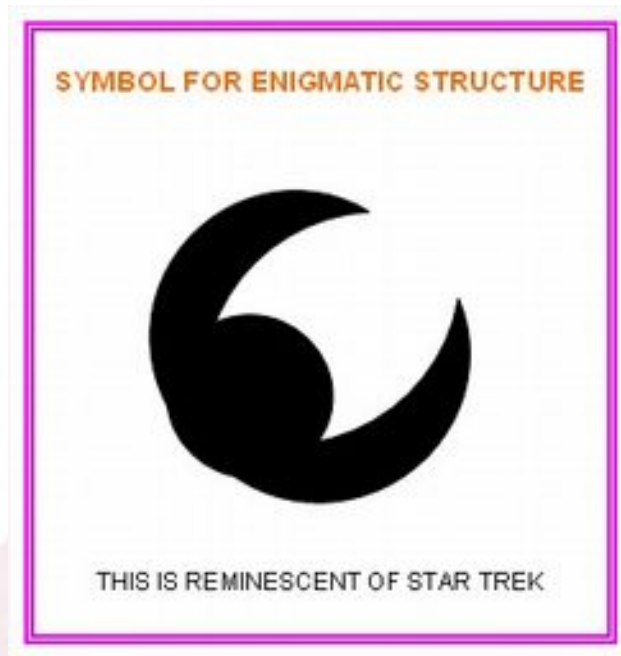

In this diagram for simplicity of explanation, the Enigmatic Structure and our Sun (Solar System) are accelerating toward the same point in space as they draw closer in their orbit. This would explain the long standing prediction of a speeding up of time. It is through this increased momentum that

these two celestial objects are able to deviate into their previous orbit.

It is my speculation that the vacuum which precedes our Sun would also precede the Enigmatic Structure and this buffer, or bumper, is what propels each into their preceding orbit.

Due to limitations of my skills in rendering perspective drawings, I have indicated a perhaps more accurate positioning of the two orbits. While not perpendicular and not doubly overlapping, perceptually they do in fact touch at one point.

This diagram is a simplistic symbolic representation of the Enigmatic Structure. When it was revealed to me, I thought of stories of a twin tale comet and the emblem utilized in Star Trek insignia.

For my creative use it will become a signet which is explained in other writings we are developing through Father's Guidance and Direction.

In ancient history there is myth and legend of these events and indication of the preparations of ancient cultures. As suggested throughout this blog and Martin's BlueStarBlog ⁹, this preparation requires the utmost simplicity and *no plastic*.

On a SunShiny Day of perfectly blue skies, balmy temperatures, and Faith in the Father.

⁹ <http://bluestarway.com/bluestarblog>

OCTOBER 12, 2011

*earth changes and celestial events -- rose colored
glass*

With Pure, thirst quenching rain !

The Enigmatic Structure can be viewed, from here, in the east all day. It is beyond my understanding how this could be.

Father gave specific instructions, with specific measurements to build a low-tech viewer, which we call the Enigmatic Viewer.

It utilizes three types of glass. One with gold, one with lead and one to make looking in the direction of the Sun possible.

The only difficulty, at this time, is that the Person doing the viewing must be free of unrighteous - unholy focus. This leads me to believe the unrighteous - unholy cannot see the approach of the Enigmatic Structure, even though they know it must be close.

There is another feature of the interaction between these two Celestial Objects which has begun. As the Sun entered "deviation"--or began to deviate in its orbit, Earth changes began to accelerate. When Point of Departure is reached, Solar Flares will be pulled off the Sun with particles of Solar material. This will be a great renewal of the planetary surface, but an atmospheric as well as geological disaster for many of The People.

Martin and J have made suggestions in all we have written these 10 years regarding preparation.

There is still a little time, if you keep it Simple.

Simple food.

Simple clothing.

Simple shelter.

All close at hand. All natural.

As a reminder, when colors shift to an intense jewel-like tone, right before your eyes, you have only 3 to 4 hours to change your clothes and get to your secure shelter.

In Truth, on a SunShiny day of balmy breeze, blue skies, and a Light Heart !

OCTOBER 13, 2011

*earth changes and celestial events -- Point of
Departure*

Bubbles of Joy brighten any day !

A simple drawing has been used many times as we have mentioned Point of Departure. This illustration shows the slight "bulge" as the Sun is drawn out of its normal orbit for a brief period prior to Point of Departure. This time we call first deviation.

The Sun will be thrust into its new - old orbit at what is close to an 80 degree angle.

The stresses on the Sun and the Earth can be imagined to cause many of the suggested events now taking place.

It is easy to imagine that the pull on the Earth could cause an expansion.

It is also easy to imagine a heating of the Earth as the friction mounts.

It is easy to envision Solar material leaving the Sun in a frenzied storm of "fire and brimstone".

We have given Father's warning that this event will implode all plastic and the "fumes" will be fatally toxic. Martin said yesterday he thought J should give this warning at all times J mention a secure shelter or safe place.

We have suggested that natural caves, natural clothing (including thread) and natural food (the Hopi have said ash corn and so forth). Remember: water in plastic bottles would be useless.

For as long as J can remember J have had an extreme urge to prepare for the cold. This seems contradictory to the "warmth" that would attend the event J believe is pending. However, Clif ¹⁰ has observed language that indicates a cold winter worthy of comment 50 years from now. This would indicate last winter was just a warning to prepare.

¹⁰ <http://halfpasthan.com/>

In the midst of all this information, turning to The Father for direction, desiring Truth, and asking to know your True Self is the best preparation possible.

On a SunShiny day of Truth in Rapture, Rhapsody, the Divine Plan and Power !

OCTOBER 14, 2011

*earth changes and celestial events –
prayer and preparation*

With great expectations !

To be informed is to be free of fear. Prayer and preparation keep a Light Heart active.

Father had me begin this blog for my personal progress. It continues to be an activity mostly for that purpose. The difference in information and call for preparation through this blog is that, fear, anger, hate, resentment, blame and all unrighteous - unholy emotions are presented as deception which can be placed on the Altar for transformation. As it is all carried to The Father on the smoke, one is filled with Truth and Love.

In my understanding, the unrighteous - unholy integration of deception into spiritual Truth caused an integration of their lust for deification with the presence of The Father, Source, and Universal Divinity -- All That Js, or Gloriosa.

This makes conversation based in Truth very difficult. If I were to say God, who in your perception would I be referring to? It is only the deception that would blame god for war, death, illness, plague and so forth.

What is pending in the way of Celestial Events carries no Divine Intent of death, decay or destruction. It is a natural event which those who Desire Truth understand.

Make your Way in Truth !

OCTOBER 15, 2011

earth changes and celestial events – Focus

In the Bounty of The Father !

While I understand Life through my relationship with a Celestial Being I call The Father, a Being of pure Goodness, Love, all the Divine Characteristics we attribute to "God", I invite you to apply whatever name supports your Spiritual Framework when identifying such a Creative Force in our experience.

As I have often mentioned, He is not to be confused with the Celestial Template for humanity, called Source. And, both are more direct expression of the Universal Love -- Gloriosa who created all the universes, than we know how to be, at this time.

The concept of turning our attention to *Rapture* (Transcendent Love), *Rhapsody* (our Celestial Music), *Power* (our Divine Authority and Sovereignty), and *Plan* (the Plan, blueprint, or Symphony we have a part in), is also expressed in "religion" across the Earth. In my studies /

experience, the Taoist writings express it best. The mystery of opposites and how two things that appear contradictory can be True at the same time, is, I believe, best illustrated in Buddhism.

The Truth of our survival is that we must be willing to end all hate, resentment, punishment, anger, retaliation, every emotion the unrighteous - unholy fill us with.

I, of all People, know I am asking each and every Person to do something that seems empty, hopeless, and impossible. How can one meet such hate as they have for us with a neutral manner, knowing that Love is our shield, and THE WORD is our "weapon"?

It is ironic that the unrighteous - unholy KNOW this is True, while we accept their deception which teaches us this Truth has no value.

We must end our struggle with them and find our True Self of Love and Celestial Music in Divine Power.

earth changes and celestial events -- heal the fracture

On a crisp fall day of golden beauty !

Pain and sorrow are tools of unrighteous - unholy activity.

It is the "empathic" capacity of The People that is used to control and manipulate The People.

The People make a serious mistake to falsely believe the unrighteous - unholy deserve compassion, forgiveness, saving.

In this blog, I hope I have never said anything that suggests The People should express forgiveness, compassion, or saving the unrighteous - unholy. It is something very different to ask The People to learn how to give

NO ATTENTION, THEREFORE NO ENERGY to the unrighteous - unholy.

I have often thought how I could speak of Truth with no reference to the deception. But then, I wonder if The People who do read this blog would follow the shift in thought. It requires constant attention to a "Different Way", with slow success under current appearances, to find safety and protection.

It is, however, possible to succeed in a "Different Way" and it requires recognizing this Different Way as the *Way of Truth*.

We still can have an earth where there is **NO DOOR** for the unrighteous - unholy to enter. The end of unrighteous - unholy deception is for Universal Law and The Father to implement.

The "responsibility" of The People is to turn away from the deception and be filled with Truth, such that they see only Truth. In this, the Divine Energy of Solar Activity is utilized for All That Is Righteous and Holy.

As the Solar Activity increases, it makes possible the burning away of all false perception. Those who hold on to deception may be consumed in the Divine Flame of Truth.

It is deception to believe this is a world of opposites which needs good and evil. It is a justification for those who can't reconcile the deception to Truth. This leaves The People with a "split mind".

We must be "of One Mind".

We must have the Mind of Truth.

truly creative

With clarity of beauty !

It has no importance whether untrue thoughts originate due to parasitic occupation (like "Stargate"), or whether they originate from ELF or other signals (like radio or television waves).

The only attention given such deceptive thoughts is to recognize that thought which originates from our True Self is Life giving, health supporting, Loving, creative.

I once heard it said the Japanese were not "creative", therefore they needed the Americans. I see much creative expression in the Japanese culture. Turning creative expression to false use in destructive technology is not Right and Proper use of our Spiritual Gift of Creativity.

Stopping the destructive influence of false thoughts begins in recognizing them as untrue. When one of

those thoughts seems to be floating through your thinking, stop and remind yourself that destructive thought is not you. Remind yourself what is True. In Truth there is no blame, condemnation, fear, doubt because a false thought entered. There is only the choice for Truth, Life, Love.

"Entertain" only the Truth of who you are. As Mary Baker Eddy said, "Stand porter at the portal of your Mind". That is, to stand aware of any attempt at false entry into your thoughts and allow only Truth to enter. There will come a day there is NO door for false thoughts / experience to enter.

Basking in the SunShine of Solar glory !

Have you thought much about pro and con? Two sided debates? Heads and Tails? Right and wrong? Yin and Yang?

We have been indoctrinated into the false belief there are only two ways -- good or evil -- free will or slavery.

Is it even conceivable this is an irrelevant argument, debate, speculative venture? Kind of like the angels on the head of a pin?

It maintains slavery either way. There is no win-win, win-loose -- it is both loose-loose.

If your relationship needs repair and no matter what you do to stop the damage, it happens again

and again, have you considered the relationship is just the symptom ?

Have you ever considered that effective prayer is prayed by people who recognize causes and give NO attention (read: energy) to the symptom(s) ?

Life is personal

Balmy days and blue skies !

Martin wrote a nice commentary ¹¹ with regard to Giving Thanks day, this week.

J, on the other hand, have been contemplating the idiosyncrasy of the internet.

J conduct my life with certain ethics, one of which is to say to People the things J would regret not saying. This mostly entails kind, respectful, loving acknowledgments.

The internet seems to encourage communication and comments to other People in a fashion J would compare to third person writing.

It seems only when one feels they are a "peer" of another person is direct communication allowed.

¹¹ <http://bluestarway.com/bluestarblog/index.php?post/2011/11/23/That-which-we-create>

Yet, the internet and email make People more accessible than ever in human history.

I personally prefer direct contact, actual voice communication, since the least misunderstanding takes place thereby. This is to say, with the extent of misunderstanding that even takes place in Person to Person voice communication, any reduction in misunderstanding is desirable and should be sought out.

When two People are of differing opinions, dialogue clarifies many points of agreement and disagreement. In addition, there is so much more fun in personal contact. Guess this is all why the humor and social commentary of the movie "You've Got Mail" remains a favorite.

solstice celebration

On a bubbly, Joy-full day !

A long time ago I wrote an entry in *Rhythms of Self Expression* (unpublished) regarding equinox and solstice celebration :

The equinox and solstice celebration would be

- ◆ a time of prayer and celebration to establish the goal for the next season
- ◆ and to celebrate success and progression of the previous season.

- ◆ Upon contemplation of the previous season, if it is felt that it did not come to completion, or fruition, this is the time to lay it on the altar and be free (until its time comes again). Celebrate that you are entering a new season !

With Thanks Giving to The Father all is well.

As a Person seeks Truth, they can't avoid the little moments when Truth prevails upon the deception they have been living.

hu-man

On the Sunny side of the street !

It is interesting that Father has said the unrighteous / unholy, while originating off-earth, are also human.

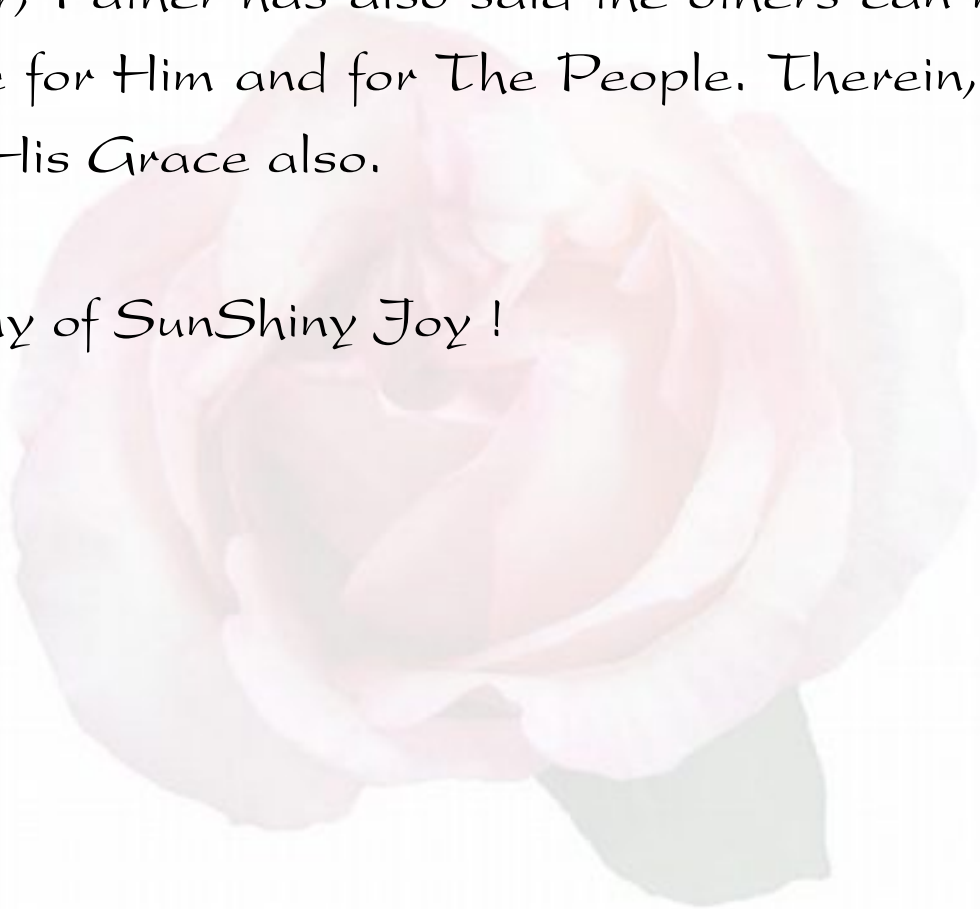

Yet "they" use the term to indicate People of animal origin. To them we are ugly, animalistic, basically food or fodder. Yet also, they seek our Spiritual Gifts and relationship with The Father to feed and sustain them.

If we participate in their deception we think lowly of our Self. It is never better than Now to receive

Truth. We walk in beauty, life, Truth, Love, all the Divine Characteristics we were created to express.

To clarify this deception, I refer to the original lineage of earth dwellers as The People. As a reminder, Father has also said the others can make a choice for Him and for The People. Therein, they walk in His Grace also.

flowers or flour

Fun to Play on a SunShiny day !

Beautiful fall days bring Thanks Giving. The birds linger and flowers still bloom.

If a Person needed encouragement for growing organic food and cooking "from scratch", yesterday's headlines would provide enough to inspire even the most reticent Person.

Martin made a "soda bread", which we usually bake as a desert bread, but this one turned out kind of savory. For some reason it needed more "raw

sugar" or whatever sweetener. We were in agreement that a satisfactory bread could be created with this same recipe for everyday use. Added to the many "flat bread recipes" I have been collecting from "ethnic" cooking, we will be well set.

One of the best learnings I received from PBS was on Lidiya's Italian cooking show. (I'm unsure of how to spell her name). She has shown many "flours" for pasta and bread I had never considered, such as garbanzo beans. This may be an area of learning that will prove rewarding.

your fault

With pure and gentle rain from puffy grey clouds !

Something I learned over the years is that abusers, or the unrighteous - unholy, created and use a tool against The People which is very effective.

This tool is the false accusation "It's your fault" !

Because The People have a sense of Righteousness and a gift that was degraded into compassion, they respond with guilt and a need to correct the deception called a "wrong".

The People are currently making a lot of mistakes based in deception, which The People believe is Right Action. These mistakes need corrected in Truth. But where is Truth ? Who knows how to act in Truth ? Would we call it Truth-In-Action ?

the end of enduring

With clear blue skies and SunShine !

Father has been instructing in the end of enduring. Finally, J decided to explore what it is to endure.

As is usually the case, this exploration was very beneficial. J found that enduring may also be entwined with the idea of patience.

Entwining is, of course, not Divine--which is Simple.

The deception of enduring could only be put upon The People, because the deceivers wouldn't stand for it. Good, spiritual People are taught to be patient and enduring as desirable characteristics. This false concept serves the unrighteous - unholy well because it is self-sustaining. And, what is sustained is unpleasant.

The patient and enduring are those in poverty, depression, lack, ill-health--you know the list--suffering, hardship. The most agreeable definition for enduring is to "stand firm against". However, that is further deception, for anything one is against is strengthened in opposition. In opposition one is giving attention, playing, energizing the adversity.

With blue skies, puffy clouds and Purity !

DECEMBER 6, 2011

self-sustaining

As the balmy breeze rustles the leaves !

The things I Desire to be Self-sustaining are characteristics I recognize in Truth to be my Divine Nature. The dictionary said that to endure is to "sustain something unpleasant". Why then, would a Person seek enduring as a Spiritual characteristic ?

Enduring is very passive and passive has no place in the Earth experience of The People. Waiting for the time of Right Action is not to be confused with being passive. Truth is the guiding Light for all

action. Right Action is not determined by the masses or even majority of those being deceived.

The difficulty with enduring as a self-sustaining process is that we don't know what is Truth of Right Action. What purpose does it serve to clear the space deception occupies in our self when we have not Truth to fill that space ?

We must Desire the end of play in unrighteous - unholy way and Desire expression of Truth, Love, Joy. What better season to bring Truth in to Play ?

It is common to say "be careful what you ask for".
Yes, we don't often expect things we ask for to be like they are, when they come.

Remember that if getting what you want is accompanied by sorrow, you are not experiencing the Divine event you expected. What causes your sorrow ? What is a Right and Proper view of this event ?

memories of solstice past

With balmy blue skies !

The "pause days" -- when our planet reaches maximum progression / orbit around the Sun and is forced to return back behind the Sun to the next Solstice or pause days -- are rapidly approaching.

They will be from the 20th of December thru the 25th of December. These days are of equal length because the earth progresses no further forward -- into the vacuum created by the Sun's forward motion -- but rather returns / progresses in a spiral of return motion.

The Solstice brings thoughts of Dr. Robert GhostWolf. Although J met him only once, J consider him friend.

My best wishes go out to ShoShauna (J have seen her name spelled many ways). A very timely visit to one of Robert's websites ¹⁴ is seasonal, indeed. It is well to remember he was writing these things in the mid to late 90's.

J did hear him on Art Bell's Coast show. My memory was that J heard him on the same show as Robert GhostWolf, but YouTube claims Patrick was only on one time--by himself. At that time, J was very impressed that someone else held the things True J had experienced of LOVE / Rapture.

J always wished to meet Speaking Wind. Now J must be content with his books. J have always used Paddy's website, *Energy Medicine*¹⁵, as reference for Patrick's books. Puffy white clouds and chirping birds !

Have you ever thought what makes Christmas special ? What is it about the colored, transparent glass, the special food prepared in the family kitchen, loving thoughts of friends and family ? These things could be experienced throughout the year.

We have nostalgia about snow and sleds and snowmen, but a lot of the earth doesn't have snow on December 25th. And what about Glen Kimbell's story of the intertwining of Nimrod and Christmas.

Nimrod's story belongs at Halloween. Oh, yah, guess that's why they are putting such effort into confusing the children. Where is the deception of Hallo-mas(s) taking the generations. Oh, yah, Father says to focus on what is Divine.

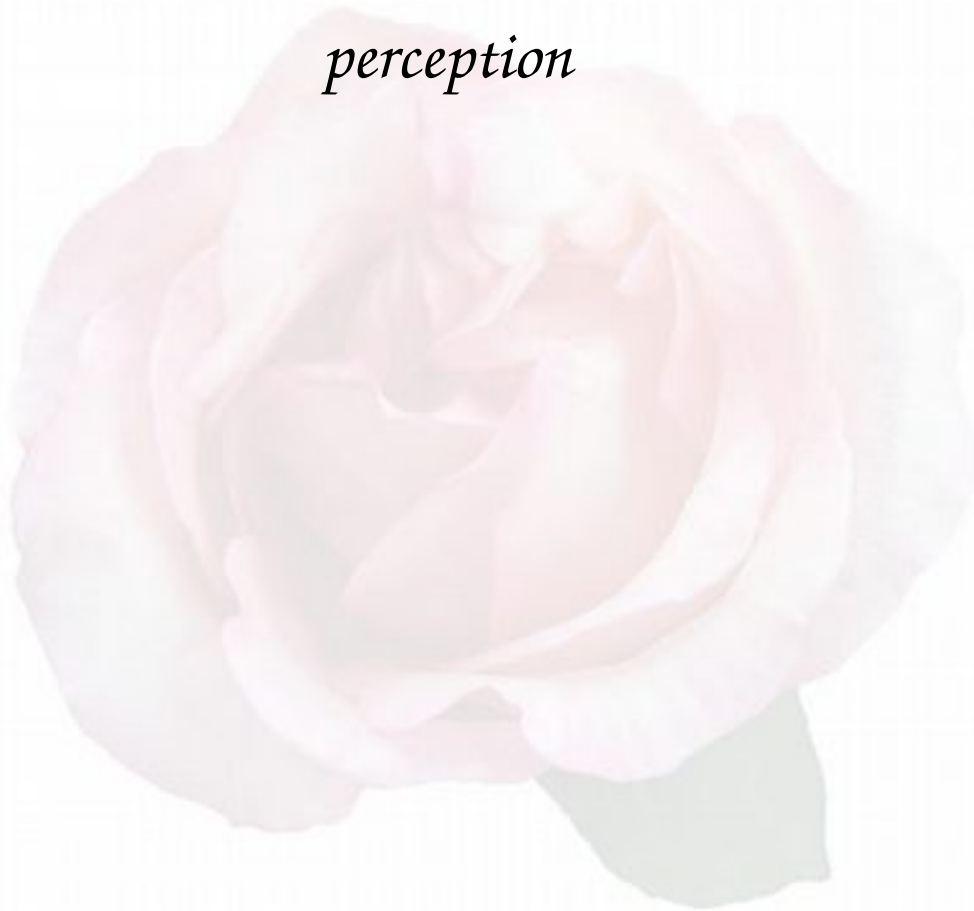

What is Divine is LOVE. What is Divine is Peace. What is Divine is Joy. What is Divine is Life.

perception

Sapphire blue skies and SunShine sparkle !

In a recent conversation with a dear friend, she suggested that praying for correct vision is important. We need to see in Truth.

This is to say that perhaps, when we are surprised or unhappy with the results of our prayer we are seeing improperly. We have all heard the thought "it all depends on how you look at it". Of course that is not an accurate statement. However, how we look at what we experience is an important part of recognizing Truth rather than what we think is truth.

Did we ask Rightly ? Do we experience in Truth ?
Do we recognize Truth ?

With balmy blue, green, crystal !

We have thought of our part in the Celestial Symphony on many occasions, through this blog. If we take it a step further, we might consider Father's Part in the Celestial Symphony.

You could say Father has a part in the Celestial Symphony and we have a part in Father's Part.

We go out to Play with Father, and in this, our Play is a piece of His Play. I think this is why musicians "play" music.

In this there is *NO*, absolutely zero, totally nothing to do with the concept of self-will.

puzzle

Crystal clear pure blue !

The concept of self-will is a non-issue.

I can compare it to buying a puzzle. I see a picture on a box and think it would be fun to create that vision, piece by piece. At home I develop a plan for creating the vision of the puzzle.

I might divide the border into a group. Group the corner pieces, different colors or patterns depending on my plan for assembly. This would be a creative, relaxing activity, with contemplation and

conversation. (Because, it is something other People could join in.)

J might see a plan in the design of the puzzle, J might appreciate the colors, textures, shapes. J would look forward to the finished picture.

It is guaranteed J wouldn't be considering, or troubled by, the idea of it being my will to use the bottom right corner in the top right corner, or that the puzzle maker's will opposes mine, so J have to give up what J want and do what he wants.

Self-will is just a non-issue. It is totally irrelevant. It is a deception, a fabrication, which we have touched on in this blog. A fabrication which keeps The People confused, conflicting, diverted. There is really no basis or foundation for the concept of self-will.

The People are Creative, Contemplative, Light-Hearted, and choose their Play--their part in the Symphony.
