Father Which Is in Heaven:

"In Right and Proper Exchange of Information there is but one conveyance in Right and Proper Order of Divine Expression.

**The Divine manifests in multiple ways, in multiple cultures.
It is each unto its own way of perception.**

It matters not what others may say or think, it matters always only that which is Divinely Appointed each day.

It was Given unto your perception,
Right and Proper Orderly Progression
of Divine Nomenclature each and every day, step of your way.

Those who transpire to subvert your words and direction
shall Penalty pay,

for that which is Divinely Authorized Nomenclature,
subsides, subsists in Grand and Glorious Scheme.

Let no man put asunder that which is Divine in Nature.

**As to exact literal translation, there can be none.
It is, would be, a departure from that Divinely Authorized
Conveyance should you undertake to do so.**

Yes, the gist would remain intact, however, the nuances,
reflections, inflection would no longer convey the subtle
multidimensional unrefracted Nature.

It is by Divine Appointment this Conveyance comes
in your time, in your way.

**Let not those who would put asunder Direct Divine Conveyance do so, at
Penalty of perjury of Divinely Authorized material."**

nomenclature: system of names used as a science or art

perjury: voluntary violation of an oath to tell the *Truth*

oath: a solid appeal to the Divine to witness to the *Truth* of a statement or the
sacredness of a promise.

The Penalty He has clearly outlined for subverting this material is not something that would be implemented on an individual level, but by Universal Law. This carries its own retribution.

To those who would scoff at this, thinking themselves immune to Universal Law, we can only say, please be aware that these are not empty words. Ignoring Universal Law and the Father's Way does not bring absolution from the consequences of one's actions. Anyone focused on the Father Knows the Truth of this.

This is a free e-book. You may freely distribute this material and file only in its complete and unaltered format. This includes printed material. All material shall retain the "In Divine Service" notice and the Words that Father has Spoken regarding His Authority in Universal Law for the Protection and retribution of violating His Word.

Side note by Martin

The Father Which Is in Heaven referred to in all of the material Linda and I have created is the Father Jesus taught us to pray to in the Lord's Prayer. 'Living God,' 'Father Within,' and 'Father' are used interchangeably and refer to the same Father Which Is in Heaven.

Please take note that the concepts we have "inherited" in regards to Who and What the Father Is, His Desires, Goals, and Aspirations, as well as how He Manifests on Earth and in Humanity are very limited, constricted, and quite frankly suffocating. Please do give yourself room for expansion in this regard and do not be put off by the use of this terminology. The information contained in this book is neither patriarchal, religious, spiritualist, scientific, dogmatic, atheist, shamanic, new age, worldly, alien, nor any other modality. It just Is what it Is.

Also be aware that while there is only one Father Which Is in Heaven and no one else can "claim" this Name, the words 'god,' 'father,' and 'lord' in and of themselves seem to not carry this type of restriction. Therefore, unless one makes it clear that the use of words such as 'God', 'Living God,' or 'Father' specifically address Father Which is Heaven, it is possible for any number of entities floating around with a 'god' or 'lord' complex to answer the call.

That this is not an issue to be taken lightly is shown for example by the vast numbers of people throughout history who have gone to war, plundered, and taken human life presumably under 'god's' direction as well as by the number of people who still subscribe to this day to the divinity of such guidance. It is also shown by the vast number of people who deny, sacrifice, and flagellate self or others in the name of 'god.' Father Which Is in Heaven would never incite such actions. He has made this very clear to Linda and I again and again.

Obviously, there is a great need to be very Discerning in this matter and while it would be easy to get lost in terminology and arguments, this is really a matter of the Heart and of Intention. For the western or 'christianized' mind, the term 'Father Which Is in Heaven' together with the refinements included in this book can be a helpful aid to hone one's Heart and Intention in the right direction.

I specifically say 'western' or 'christianized' mind because Father has Conveyed and made it very clear to us that:

*The Divine manifests in multiple ways, in multiple cultures.
It is each to its own way of perception.*

And while different cultures do have different terminology and ways of relating to the Father, it is the case that all those who successfully commune with the Divine share common traits such as Harmony and Oneness with Nature, Peaceful disposition, Respect of Self and others, and Sovereign Expression. To these cultures and people the notion of destroying, killing, debasing, conquering, subduing, converting, ruling, dominating, or profiting from their fellow men and Earth is incomprehensible and alien indeed.

Whatever you do and whichever way you Honor and Develop your Relationship with the Divine just remember that Divine Answers Respect all Living Things and that the Divine isn't engaged in any battles.

Something else that needs briefly explained is the convention we adopted to capitalize certain words that have various, and often times opposing, meanings and therefore are prone to being misinterpreted or misused because of this. In short, when we capitalize words within a sentence we do so to specifically refer to the 'healthy' and thus benevolent interpretation of these words that supports a Life and Sovereign Expression Harmonious with Creation and the Good Will and Intent of the Father Which Is in Heaven. When we write the same words without capitalization we do so to denote the misunderstandings associated with these words.

For example, in our writings, lower case 'l,' love, refers to the common misconception that associates this 'love' with sexual passion (which is a word derived from the Latin word 'pati' which means 'to suffer'), sexual arousal, and / or physical attraction and requires such things as putting others first, attachment, control, self denial, (self) sacrifice, compromise, duty, etc., etc..

Capital 'L,' Love, on the other hand, refers in our writings to a Feeling that Elevates, Respects, Cares, Appreciates, brings Well Being and Comfort, and supports such states of expression as Health, Humor, Kindness, Peace, and Benevolence. An experience that is innate to our Being or Who We Are and is independent of others although its expression in us may be facilitated in their presence just like being in Nature facilitates us getting in touch with our inner Peace.

Similarly, little 'p' play denotes doing things in the way of the world and from the perception of the world. It includes slabor, fighting, resisting, profiting, ruling, destroying, abusing, killing, warring, saving, converting, and trying to defeat or overcome the 'bad guys,' whoever they may happen to be at any given time, so we can be 'safe.'

While, big 'P' Play indicates what we came here to Earth to do: Play in Father's Garden in a Light Hearted, Respectful, Joy-full, Constructive, Edifying Way through which we manifest our Divinity and expand our experience, KNowledge, and Understandings of Creation and Father Which Is in Heaven's Good Will and Intent for us.

As you can see, this convention, while seemingly simple, is of utmost significance to facilitate a Proper interpretation of our writings.

Obviously we can't nor haven't applied this convention to every word we use for that would be too cumbersome. Neither does this convention apply to proper names, though many times we purposely 'downgrade' a proper name to lower case to emphasize the point we seek to convey.

Occasionally we may miss a capitalization, however the concepts being conveyed within the sentence and paragraph will make it perfectly clear whether we are referring to the 'unhealthy' or 'healthy' meaning of the word.

The First Ones

The first ones

The first ones will not be who they say they are.
It will be 'contact hypocrisy'.
Oh, but the world will be fooled
for Spiritual Discernment it no longer has.

By Divine Grace, a Voice of Truth there will be,
but how much opposition it will receive.
The world Truth no longer wants to hear.
It would rather be fooled by the glitter of darkness.

Death and destruction follow deception,
but this does not have to be,
for it is not the Divine Will and Design it be so.

A possibility there still is, for things to be different.
Will the world embrace the Divine and allow it to be so?

Let it be so.

Contemplation Guide

(included in our book "A Refinement")

Contemplation is a type of reverie preceded by prayer and utilizing the spiritual faculty of reason. Spiritual Reasoning is founded in Divine Truth and leads from a basic premise through steps of Divinely inspired "if - then" connections to a newly inspired understanding, by Divine Revelation.

Process of contemplation:

- ◆ "Lift your eyes" and choose Divine Presence rather than the sorrow you are feeling. As you choose the Divine, you are Chosen of the Divine.
- ◆ Pray to "see" with Spiritual Vision, and Divine Truth, free of all shades and shadows of darkness as you narrowly focus on the Divine.
- ◆ Define / identify the idea you wish to contemplate.
- ◆ Allow your mind to wander through the aspects of this idea and consider "if this is True, then...", "if this is not True, then..."
- ◆ - Proceed as far as your perception allows. Whenever thoughts intrude into your mind, that oppose Divine Truth and disrespect Life, affirm your choice to be free of them and contemplate what is Divinely True.

Also, whenever fear, pain, anger, resentment, mistreatment thoughts intrude into your mind, they are invitations to be Free. Express your Desire to 'lay your sorrow down, so your Soul may be free' and invite the Feelings of Divine Origin to fill this space. This is the simplest, most complete Healing process we have ever used. It is to be used as often as unwanted thoughts surface - every time they surface. As is said "it takes as long as it takes", or as many times as it takes. Usually only one time per aspect of any issue, if utilized when the unwanted emotions present themselves. Of course, many issues have multiple aspects.

An aspect ready to be Healed may continue to present itself until you recognize the need to lay your sorrow down and welcome Feelings of Divine Origin to fill the space.

Subliminal Messages

(includes excerpt from our book "Heliotropos - Toward the Sun")

We would like to share with you, how subliminal messages can affect the life of an individual. Since we have brought this KNowledge to our book "Heliotropos - Toward the Sun", we thought you might InJoy learning about this by reading an excerpt from the book. In this excerpt, Showay learns how a subliminal message, implanted at the core of his Being, affected his life and what he can do to become free of it.

AurorA had welcomed Showay at the observatory once again. To help Showay with his experience of the previous night, she decided to address the dynamics behind it.

"Showay, what we are to speak of brings you to greater awareness of that which is Divine in human nature. This is for your Honor and Glory. You must realize your pride or ego was not the problem. It is your concept of servitude to that which is Divine which confuses you. You were in doubt of the Truth of your Divine Guidance. When you cannot Trust the Divine Within you, there is nowhere to turn for Guidance. When you look Within and all you see is death, destruction, decay, where do you turn for spiritual support? Your immortal Soul would not allow you to take the destructive path of that distorted guidance. So you had surrounded yourself with survival mechanism while your Soul longed for supplication of a gentle Supreme Nature."

"How did I loose my Guidance?" Showay asked as sorrow was pouring out from the depths of his Being.

"Buried deep within, a subliminal program finally surfaced due to the cleansing of your plates. When you perceive in Divine fashion such a powerful destructive energy, it wrecks havoc with your Desire for Divine Guidance. It was implanted so that you would hinder your progress to your point of departure, due to lack of Guidance of Supreme Nature. It is, in your pattern, not a destructive device were it not planted at the heart or core of your very Being, when you were a small child by one of good intent gone astray. While subliminal programming is assumed to be pro-active, it is indeed de-structive. That person would say he did it for your own good, when in fact, the destructive program had its hold on him already. It is such that, spiritual people who succumb to the Desire to become more, are indeed vulnerable to such extreme measures. One small false witness planted so close to your core is damaging indeed. What value has life without your Heart leading the way? To lay your sorrow down is sufficient to inspire you further."

With tears in his eyes, Showay asked, "Are you saying that because this message was planted at the core of my Being I took it to be of Divine Origin? And that this caused great devastation in my life?"

"Yes. It caused you to succumb to Heartfelt Endeavor failure, collapse. Left empty, void, you sank into despair of the utmost sort from which you have been trying to free yourself. Your sorrow of Soul expressed in the familiar pattern of a tender generation unaccustomed to such virulent attack on human nature. While intended to do good', the fragile ego structure could not handle such assault, at a time when it needed to be nurtured. To serve the Divine in this fashion is destructive at the least. At best, it is fortitude in the face of disaster. Divine Intent is for your journey to begin, wherein Peace and plenty reign Supreme. You have done well Showay, to reach this point in which you could become free of this destructive energy. Let your Heart warm in the Sun of a Greater Nature of which you are more capable than you now know."

Showay stumbled to the stone seat. As he continued to cry, the pain of too much sorrow gripped his chest until he feared for his life. As he prayed and lay his sorrow down, the pain began to subside and his Divine Within spoke to him of his beauty as a Divine Being. These words nourished his Soul and led his awareness to the pain of not having been able to hear such Loving acknowledgement until now. One more time, Showay chose to lay his sorrow down at the altar to welcome the Truth of his Divine Nature.

AurorA continued, "Great destructiveness has also been brought through electronic game imagery. The buried messages are still that of which we speak. The desire of your generation for death, or what you might call suicide, has been instilled through such deeply buried suggestions. To kill and be killed becomes linked to lustful expression. Respect becomes the ridiculed domain of those who are excluded from the youth of today. Disrespect becomes the line of separation that ensures the eternal youth of those who are affected by this. Lost in the murk and mire of this darkness, there is indeed nothing to survive for. With all hope of Abundance, Joy, Peace denied to them, they cling to hopelessness and sorrow to define who they are."

Showay's tears continued to flow.

It is important for you to understand, you are most aware of this subliminal message when you consciously choose to seek Divine Guidance. The narrower you are focused on the Divine, the stronger this subliminal message becomes, and the more distressing it is for you. Without Knowledge of what is happening, you wonder "how can it be that you feel so distressed". Because of the nature of the subliminal message that has been implanted in you (through the

simple act of listening to a tape, playing vide games, watching TV, listening to music, and so on) it is very possible that you will become aware of it during contemplation.

When you are ready, this subliminal message(s) will surface so that you can become free of it. You must understand that when this happens, this message(s) carries a great destructive energy to your perspective because of how emotionally loaded it is - it has not only been attacking you where you are the most vulnerable, but it has done so by making you believe this relentless attack was coming from the Divine. Rather than allowing such destructive energy to devastate and stop your journey, recognize it for what it is - a false witness. Choose to lay your sorrow down in Exchange for Divine Truth, and give yourself the time you need to restore your energy from such an experience.

It is possible to become free of this energy, for we have accomplished this.

Food for Thought

Learning about gardening we came across information saying that insects prefer carbohydrates and that plants produce more carbohydrates and less protein when they are grown in hard soil with poor nutrients. This is so because the roots have problems growing and retrieving nourishment.

As we began to observe the ant problem we had in the kitchen, we noticed that they not only sought those foods known to be high in carbohydrates like honey and flour, but also vegetables that one would normally not consider sources of carbohydrates. Based on what we had learned, this led us to conclude that these vegetables had to be of poor nutritional value and therefore had to have an imbalance in their protein to carbohydrates ratio. This was so, even in those vegetables we had purchased from organic grocery stores.

Contemplating this, we then took it to the human level where all these shades and shadows of darkness that are populating the environment, are feeding on people: If insects are attracted and feed on weak crops because of the crops' excess carbohydrate content, then it is possible that these shades and shadows of darkness not only are attracted to, but also feed on humans who because of their diet, have a high level of carbohydrates - a sign of sickness and frailty.

We then talked about how popular it had become popular to embrace high carbohydrate diets and how many vegetarians talk about how vegetarians do not require much protein because they can derive all the energy they need from carbohydrates. In this conversation, we realized that dieticians and vegetarians who promote(d) the idea that a diet high in carbohydrates is desirable, have not been able to make the necessary leap to realize that an excess ratio of carbohydrates to protein is not only a sign of malnourishment and frailty in plants, but also in humans (the current trend to eat a protein rich diet is as unhealthy).

For many years, Linda had been a vegetarian, but notwithstanding her efforts to eat a 'balanced' diet, she ran into many problems that forced her to eat meat again. It was only through our Spiritual journey that we learned that there were two reasons for this. The first, was her inability to digest a certain type of amino acid from vegetarian sources of protein. This problem was caused by a vaccination she was deceived into receiving when she was a child (refer to our book "Garden Room"). The second reason was that contrary to common sense, a balanced vegetarian diet was not providing her with enough protein and energy.

From this understanding, many things became readily apparent to us in relationship with the Knowledge we have acquired from our Spiritual journey.

- ◆ When we brought the understanding of her problem with a vegetarian diet together with what we had learned about the carbohydrate to protein ratio, she realized that because she had not received all the vaccinations that everyone else had, her body was still 'old fashioned' - it had not been genetically modified to become carbohydrate efficient but rather, except for that one change made to one particular amino acid, her body still needs a high protein diet.
- ◆ The purposeful destruction of the soil, and cultivation of crops that do not have the capacity to grow with the proper ratio of carbohydrates to proteins, is meant to increase the content of carbohydrates in these crops. This is corroborated by how susceptible these crops are to insect infestations. The crops that have become the staple foods are mainly carbohydrates and therefore have an unbalanced ratio of carbohydrates to protein.
- ◆ On the one hand, populations are being fed high carbohydrate food. On the other they are being vaccinated to change their genetics so that, among other things, they crave these carbohydrates. This produces humans that have more carbohydrates than normal and therefore, are more prone and vulnerable to attack by these shades and shadows of darkness.
- ◆ Many argue that because the average American eats a lot of meat, the average American diet is too rich in protein, but this argument is flawed because Americans do not digest most of the protein they eat. On the one hand, this is in part, because their bodies have been modified to be carbohydrate efficient. On the other hand, this is so, because the meat that Americans eat has been so altered that it is difficult to say how much protein content it really has - animals are being fed not only grasses and grains that come from crops that are nutrient deficient and thus carbohydrate excessive, but also ground up animals that were sick and therefore carbohydrate excessive. In other words, the meat that Americans eat must have also become carbohydrate abundant and have an unbalanced carbohydrate to protein ratio.
- ◆ The 'mistaken' ones (refer to our book "Heliotropos: Toward the Sun" for an explanation of who they are) have been modifying and raising humans so as to make them have a propensity to being drained energetically by these shades and shadows of darkness.
- ◆ It is possible also, that a diet high in carbohydrates and a body high in carbohydrates is also conducive of the energy of death, despair, destruction, lust, and greed with which people are being bombarded all over the planet.

A solution to this problem is for individuals to first learn to increase their protein consumption while they learn to grow their own food in such a way that plants can produce high protein once again. This can be accomplished by nourishing and sustaining agriculture in such a way as to nourish and sustain the human Soul. Organic gardening is not the final goal, but rather a step in the right direction to re-discover this forgotten practice of Soul Nourishing agriculture.

Birthday Celebration

Question:

What would be Right and Proper birthday celebration?

SourceFather:

*In Divine Nomenclature,
Right & Proper celebration in / of human endeavor,
incorporates not birth date of your endeavor,
but Natural Law of your Endeavor.*

*It is Divinely Appointed to celebrate "you"
each and every day of your Endeavor.*

*A quiet toast, a moon light night, a sip of tea,
all of these celebrate who you are, where you are,
in "nighttime" of your Endeavor.*

*"By the sword you live,
by the sword you shall die",
is apropos here, for you shall
encounter death, when you measure life.*

First Righteous Endeavor

(included in our book "First Righteous Endeavor")

Creative understanding that would restore us to Unity with our Divine Nature and with the Divine.

- ◆ Our First Righteous Endeavor is what we should be doing by our late teens to early 20's.
- ◆ As a child the inclination for this Endeavor is there.
- ◆ Worldly distortions affect how obvious this inclination is in us.
- ◆ If each of us had a Right and Proper sense of self worth, we would move to this Creative Expression. However, the world drains and distorts this energy so there is no self worth. Self worth is taken from children.
- ◆ Then people who are more spiritually focused go along looking for their "purpose". They start looking in church, workshops, books, tapes, television, and so on.
- ◆ There is an abundance of books, workshops, "teachers", ministers, etc. who will help them find their "purpose", for a fee.
- ◆ Of course, when they find their "purpose" it will bring them an abundance of money. "After all, when you do what you love, the money will follow."
- ◆ This is where there is a piece of Truth that hooks people into believing that seeking their "purpose" is the solution to their dilemma.
- ◆ Yes, when you are doing "it", money, means, or funds do follow.
- ◆ However, we are really looking for more than 'just' our "purpose". What we are seeking in our Heart is our very own Creative Endeavor termed First Righteous Endeavor. This First Righteous Endeavor has been specifically chosen by us and the Divine so as to help us re-awaken to our feeling tones through the Creative Expression it encompasses.
- ◆ Only our First Righteous Endeavor provides the experience and learning that we need to sustain our feeling tones once we awaken to them. This is why finding our "purpose" is not sufficient.

- ◆ When we are restored to the experience, or full Knowledge of our feeling tones, then we can come to re-union with the Divine.
- ◆ This creative expression will, indeed bring the means to fulfill our Heartfelt Endeavor.

Progression:

- ◆ The only real mistake we made is our separation from the Divine. Therein we lost our experience of ourSelves - our feeling tones.
- ◆ It is the only thing we are seeking to "make right".
- ◆ This causes / brings Divine Retribution.
- ◆ Divine Retribution asks: "What will facilitate Knowing yourself as Whole again?"
- ◆ The agreement made with the Divine for the means to make right this mistake is the result of Divine Retribution.
- ◆ The means are a Creative Endeavor wherein we are able to regain our experience of our feeling tones. It facilitates, or brings us this experience.
- ◆ Therefore, it is a Joyful and Blessed Endeavor.
- ◆ The agreement of what this creative experience will be so as to accomplish this is termed our "First Righteous Endeavor".

Divine Retribution solution is: First Righteous Endeavor

The progression to re-awaken to our First Righteous Endeavor is:

- ◆ Ask to be Free of shadows of forbearing for three consecutive days.
- ◆ Each shade and shadow of darkness that surfaces during these three days needs prayer to 'lay down the sorrow' accompanying it.
- ◆ The night of the third day ask Father what your life would have been if you had been free of the shadow of forbearing.

- ◆ Lay your sorrow down and ask what could be done to "make it right".
- ◆ Know you will receive an answer.

Being engaged in a creative endeavor that is not our First Righteous Endeavor, does not sustain the experience of our feeling tones. (These tones express as Transcendent Love or Rapture, as well as other Divine, rather than human concepts, such as Peace, Joy, Harmony, and so forth.)

A Solution

Question:

If shades & shadows and other entities, distortions are the symptoms, what is the problem?

SourceFather:

*Heartfelt Endeavor of your Desire,
leans not / succumbs not to your Righteous Desire
for all that is Righteous and Holy,
when (so) encumbered
[by these shades & shadows and other entities, distortions].*

*It is in Freedom of your Heartfelt Desire wherein
all Righteous Desire / Righteousness leads to the Appointed Hour.*

*You recognized not early,
your [unaltered] Heartfelt Desire led not astray,
therefore, communion with your Divine Nature
rampant became until
recognition of your [True] Heartfelt Desire.*

*Herein lay the solution of your Desire.
While you recognize not external validity
of darkness desire
encumbered you remain.*

*While / when instead, your Heartfelt Desire
rampant became no more,
you Free your Desire through
lush longitudinal "bottle brush" of your Desire.*

*To see, say, secure
Right and Proper Desire of your Prayer
requires but Quiet Time during which
your Heart's Desire lingers not on
sorrow and pain of your Endeavor,
but seeks instead a quiet interval of rest
in your Father's Kingdom.*

*It begins in a slight shift of your Endeavor.
Refuse to follow or obey,
and stop surrendering your Power
to all previously known mortal endeavor
in exchange for higher mortal endeavor.*

*Seek instead your Father's Kingdom
and all Good Will is yours.*

The Time is at Hand

(A Note from SourceFather)

SourceFather:

*The time is at hand for all good Christians
to stop fighting each other,
denying and condemning their brother
as if they serve different gods.(1)*

*Ask who you serve.
It is either black or white,
no halfway.*

*If you serve other than the one True, Living God,
you serve darkness.*

*To walk in Divine Authority,
you must cast out all darkness.*

*Condemn not another until, unless
you are as Pure as "driven snow"(2)
and I might add, used to be.(3)*

*Press forward with urgency toward Freedom
in all your Endeavor.*

(1) Reference to warring factions in the Bible who wanted to establish the power of their god.

(2) Press forward, vapor as crystal (ice)

(3) As we know snow is no longer pure and safe to eat or drink when melted, unless filtered.

Squander Not

(From our book "Ruby Valley Notes")

Father Who Is in Heaven:

*Look not to the ways of the world.
Endeavor to be fruitful
and multiply that which you receive / are given.
It is neither worldly, nor materialistic,
to enter the Father's Gate
and receive the Bounty / Bountifulness
His Presence bestows.*

*Before, you thought not to receive,
but to give away that which is of the Father,
whether it is in material Abundance or...*

*Think not, that which you receive this day must be given away.
For indeed this day, it is in Father's Good Pleasure
that you receive this Gift in Divine Authority, in Divine Appointment,
for your sole use.*

*It is in greater measure that you receive
and is given unto you.*

*Think not to lightly, or foolhardily,
give away that which the Father bestows.*

*Think you the quadriplegic that sought to enter the pool
should give away the gifts bestowed to him that day
to return to his crippledness? (1)
What was bestowed was given on merit,
earned, or deserved, or found to be worthy.
This man sought the Kingdom
and the means by which to bestow...
the great works this man proceeded to do,
out of the benefit he received
from these great gifts.*

*Think you not you can go forward
to do the Fathers Good Will*

*when you have been giving away, squandered,
all that you have been given to do so?*

*You shall not succeed, you shall receive empty measure,
should you proceed to convey your Gifts to another / to others.
You have not the strength, nor stamina, nor endurance
to engage the process, the garden, the life,
the experience, the energy,
deemed appropriate to Honor that which you are.
Should you choose to move forward
in the manner / direction that Father prescribes,
then engage you not this destructive process [of squandering].*

Think you not to walk by Grace alone?

Proceed you this day?

Firm?

Written in stone is your commitment?

Look within.

*You may not say mistaken you were.
Engage not grief / fear, practically speaking.*

*You must sever your endearment
to those who would bind your process to theirs.*

*Think upon this matter, yet a while.
Search your innermost desire.
Make not this commitment
in lighthearted / foolhardy fashion.*

*Say when it is so.
Turn you back Now, and all is well.
You may not give away (2)
that which you receive and proceed.*

Know you, it is so.

*Make your commitment
not in foolhardy measure.
Make it firm.(3)*

(1) Biblical story of the pool.

(2) Father would say throw away - trade. You may not exchange the precious Gifts or what you receive. It is for your sole use, for the purpose to serve Father Which Is In Heaven, the Tri-Un.

(3) Perhaps hold it in service is more accurate.

The Ethics of Prayer

(From our books "A Refinement" and "Garden Room Notes")

As our journey toward awakening progresses, we have come to use many Paradigm Changers (of which this book is full) that have helped us move forward in our understanding of our True Nature as Divine Beings. While each Paradigm Changer played an important role in our progression, throughout the use of each of them there was one constant that permeated our journey: prayer.

While this may not come as a surprise to you, we learned through our own experience, that prayer, together with a sincere and Honest Heart, is the most Powerful means available to humankind to progress in its journey toward awakening. Sincere prayer is heard and answered by the Tri-Un.

While we address many of the aspects involved in prayer in our "Book of Prayer I", there is one additional aspect that needs to be brought to your awareness: the ethics of praying for yourself and for someone else.

Ethics of praying for someone else

As all things of a Divine Nature are, the ethics of praying for someone else are very simple. As a sign of respect for another being, it is incumbent upon you, when you have the inclination to pray for someone, that you ask this individual whether he / she wants you to pray for him / her. If the answer you receive is a no then it is for you to Respect his choice by not praying for him / her. This is to be done regardless of how justified you feel in your desire to pray for this individual. You should then assume that this individual does not want you to pray for him until or unless he / she specifically lets you Know otherwise.

Prayer is a Divine Gift, and should therefore be used with utmost care and Respect so as to allow that which is Divine to come forth. Thus, when someone does give you permission to pray for him, it is for you to pray in such a way that allows the Divine Will and Intent to be manifested for this individual with the understanding that it is not for you to determine what Divine Will and Intent should be.

A simple example should help you understand why this is so important. Assume you have a friend who is applying for a job that in your eyes seems to be just what he needs. So you go ahead and pray "that he be given this job". When he gets it, you then feel happy and satisfied with yourself because your prayer was answered and because your friend is doing what you think is right for him. However, what if the Divine Intent for your friend was for him to not get the job so that he could become receptive to embrace his Commitment with the Divine? By praying and helping him get this job, you helped derail your friend from that which was

Divinely Appointed for him and thus helped darkness prevail upon him. Your intentions may have been presumably good, but because you did not have the eyes to see your good intentions and prayers ended up harming someone and this carries Divine Penalty.

As we have said before, much of the harm in the world is done through people of good intentions who want to be helpful but have not Healed their own pain and sorrow.

It is because of this, that it is also incumbent upon you to Discern who you allow to pray for you, and if necessary, to ask those whom you give the Honor to pray for you, that their prayers for you be such, that they allow that which is Divinely Appointed for you to become manifest in your life. You Truly do not want people praying for you who have strong personal opinions on how your life should really be, or who have a very restricted view of how the Divine can express in your life. In other words, you do not want or need people praying for you whose opinions differ from what is Divinely Appointed for you.

An example of a Honorable prayer for someone who is on a journey toward awakening and does embrace the Divine in his life might look like this:

"Father, Source, Gloriosa, I come before You to ask that Your Divine Will and Intent for ----- be made manifest Lovingly and gently and that any energy that I may have that would interfere with this be non."

Beyond the words, the energy / feelings / intention with which the prayer is made, matter. Therefore you need to be clear about the true motivation behind your prayer. The best advice that we can share with you in this respect is that you pray to All That Is for Guidance on how to pray for someone else and that you ask in this prayer that any energy that you have that would interfere with that which is Divinely Appointed for this individual be non. You will be surprised how many times the best you can do is to not pray at all. It is also important that you let go of any attachments to the actual results. If you find yourself disappointed because of the results, then you were praying with expectations and limitations upon how the Divine was to manifest in this individual's life, which is the reason why you have to be clear what your intentions and motivations are when you pray and why it is advisable to ask that your expectations and limitations do not interfere with that which is Divinely Appointed for the individual you are praying for.

If you find yourself in a situation in which you feel Guided to pray for someone else, first verify if it is Divine Guidance directing you and then, if the individual has given you permission to pray for him, pray as suggested above. If the individual has asked you not to pray for him, you will have to Respect his choice in this matter.

If during your journey you encounter regret for the pain you may have caused to others and you feel a need to do something about this (as in praying), we suggest that first you simply lay your sorrow down and then you ask All That Is that Its Will be done in this matter.

Ethics of praying for yourself

While initially we thought that the ethics of prayer only applied to praying for someone else, we soon learned that there are also principles that need to be understood and followed when praying for yourself.

First, your prayer for yourself should be such that it allows the Divine Will and Intent for you to be manifested. Second, it is not for you to predetermine what Divine Will and Intent should be. Third, when your prayer against what is Divinely Appointed prevails, you miss the opportunity to receive the Spiritual Gifts Appointed for you and you incur Divine Penalty.

It is important that you understand these principles, because the world has replaced your Heartfelt Desire with a distorted desire and therefore, it is very possible that your prayers are a reflection of this distorted desire rather than an expression of your Heartfelt Desire. In other words, it is possible that without realizing it, you may be praying against your Divine Will to progress in your Spiritual Journey, causing yourself unnecessary delays as well as trials and tribulations.

Imagine you are traveling and without warning, you see a tornado coming your way. Immediately and instinctively, you pray for your safety and within a few seconds of your prayer, the tornado turns and begins to head away from you. In relief you give thanks for your prayer being answered and happily continue on your way, without Knowing that in Truth, it was Divinely Appointed for you to be affected by the tornado so that you could have the required experience necessary to receive a Spiritual Gift that was awaiting you by Divine Appointment and thus, would have allowed you to progress in your journey. Having missed this experience and the accompanying Divine Gift, you are now delayed in your progression and may have to wait years before another opportunity to receive this Gift presents itself, causing you to go through trials and tribulations which you could have avoided if you had allowed yourself to receive the experience and Gift.

Examples of what Honorable prayers are may be:

"Father, Source, Gloriosa, I come before You to ask that Your Divine Will and Intent for me be made manifest Lovingly and gently, and that any energy that I may have that would interfere with this be non."

"I Desire to Know and embrace Divine Will and Intent in this matter and to allow it to manifest in my Life."

As we said before, beyond the words, the energy / feelings / intention with which the prayer is made, matter. Therefore, you need to be clear about the motivation behind your prayers.

You can save yourself much frustration and disappointment by incorporating the Understanding that comes from Knowing the ethics of prayer in your life and by learning to align yourself and thus embrace the results that will be made manifest as a result of this.

Father Who Is in Heaven:

*You need to evaluate whether
you are doing things differently',
or you are furthering the Great Endeavor
with majesty and Honor.
You cannot serve two masters
fits well / is apropos here.
You cannot see with the eyes of the world',
while in your Greater Endeavor
you would succeed.*

While to the world it appears that preventing catastrophes is a desirable and noble goal, it is not necessarily so in the Eyes of the Divine when these catastrophes can serve a greater purpose. Father tried to convey this to us by inviting us to contemplate whether we were doing things differently? or seeing with the eyes of the world'. At that time, we did not have the eyes to see it differently', so we prayed for this catastrophe to be prevented.

It was not until many months after this conveyance, we learned that [a] devastation was indeed prevented as a result of our mistaken prayer. It was then given to us to Understand that as a result of this, we not only missed the Divine Gift of progression available through this experience but also incurred Divine Penalty. Furthermore, it was shown to us that the less than desirable situation in which we were at the time this Understanding was brought to us, was a direct result of this mistake.

Civil Conflict

Clif High, at Half Past Human, has been entirely certain of the unrighteous-unholy plan for civil unrest / revolution / revolt this year. While everyone's attention is on immigration, monetization, and terrorism, a rather dominant, yet less approachable issue is geological and meteorological manipulation of the planet. Something trendily called "the weather wars", which began to be legislated in the mid 20th century. While an extended period of ridicule and denial followed the international agreements to inhibit or prevent warfare at such a level, it is today common newsworthy information from even as far away as China that weather modification is in fact taking place.

Russia and the United States are still double speaking their participation: denying and yet claiming beneficial action. China on the other hand is claiming great success, only in their homeland, of course. The modification of the weather, the diminishing of the Sun light to the planet surface, and the toxification of planetary life is still a source of disinformation, denial, and destruction.

The planes that spray the atmosphere continually, have been identified as military. The atmospheric contamination has been measured in various cities and reported publicly through newspapers and other means. Clifford Carnicom, has researched extensively the air contamination and yet federal secrecy and denial prevail.

While diverted with swine flue, bird flue, flue vaccine, no attention was given to the spread of black mold and other fungus until this week when a fungal outbreak in Oregon, extremely virulent and spreading has been reported.

In places such as Oklahoma City, there is an active objection of the People to contamination through such spraying. In fact, Oklahoma City as well as many other cities, especially in the South, who actively object to federal oppression have been under meteorological and geological attack for quite some time. California, who would reclaim the land confiscated by the federal Bureau of Land Management is under exceedingly heavy attack. They have been told that water is a privilege, not a right and have come under the severest financial attack in these United States of America.

With all the above in mind, and being aware that civil wars and revolutions have never benefited the People, but rather those who planned the events behind the scenes, lets suppose the following scenario.

What if the event that precipitates the People and the federal oppressors into civil confrontation is not orchestrated through civil unrest, monetary collapse, or terrorism, but

rather through the seemingly innocuous action by the People to stop the spraying of a "designer fungus" upon the people? Suppose "irrefutable evidence" is provided that links this fungus to the spraying causing the People to actively demand and take action to ground the military and / or other aircraft spraying this contamination across the land that is killing people, plants, and animals. Couldn't this event provide the justification the federal entity needed to begin, in "self defense", a lockdown and militarization of all federal holdings beginning with the airports, "military bases" and other "governmental structures", followed by the lockdown of everything claimed under federal jurisdiction, as the unrest begins to intensify? Where such lockdown and militarization would include national forests, Bureau of Land Management, all water ways, and everything else not here listed that the federal entity has falsely claimed to "manage" in the name of, and for the benefit of the People.

Suppose that the federal entity then comes up with a vaccine against this fungus, but in exchange for it, requires those who receive it to support the federal entity in its action against the People, while leaving those who reject such allegiance to be annihilated by the fungus or the military action?

Suppose this federal response creates the illusion in those who desire to be free of its oppression, that now more than ever, armed action needs to be taken before it is too late? Wouldn't this escalation of conflict by the People then legitimize the outright and open attack of the federals upon the People?

Suppose then that while this federal action, would require an extremely larger military force than we believe is presently available to them, this attack against the People is successfully accomplished with the "help" of all the foreign troops stationed across these United States, who as has been confirmed by many, would not hesitate killing Americans

Suppose then, after all is said and done, we the People on either side of the conflict have been decimated, while those who planned this event assume even greater oppressive power over what is left as prearranged before it all began... just as it happened with the Civil War?

Were this scenario to play out, it could only end in the benefit of the unrighteous-unholy. Father has proposed a different, immediate response to this potential plan of the unrighteous-unholy.

The Father has Said through "inordinate activity of your Heartfelt Desire", the Father's Plan will prevail upon this land. Were we the People to Desire the Father's Plan to prevail, the unrighteous-unholy will indeed pass away -- not to the structures they have prepared for their survival, but indeed from this Earth.

As the People Pray and Desire for the Divine Plan to prevail, they must realize Father's Plan is one of Love, one of Peace, one of Abundance. As the unrighteous-unholy pass away, through the Desire and Prayers of the People, all violence passes away with them. All death, decay, destruction passes away with them. What remains is a land that is fresh and pure / a new Earth / a new Heaven.

While it seems as though this is "way too simple" and that the only possibility of ending the unrighteous-unholy oppression is through violent measure, it is the Truth that "the Prayer of a Righteous Person availeth much". Violence has always failed the People. When many Righteous and Holy People Pray of one a-chord for the Divine Plan upon this land / this Earth, there must of one a-chord be a passing away of all unrighteous-unholy activity.
